## Chapter 121 – Getting Saved

---

“It’s like this, my son was arrested by the police, look....” Li Dahai quickly spoke after seeing Jiang Yongfu gave the word.

“Arrested? What’s your son called? What did he do?” Jiang Yongfu asked. He received eight or ten of these phone calls every day, however most of it was little crap like some son of a rich family fighting with someone else.

“My son is called Li Shaojie, the person that captured him said he killed someone?” Li Dahai said.

“What? Li Shaojie is your son?” Jiang Yongfu heard that and immediately started scolding in his heart, it’s because of your son that I had to bring a large group of subordinates to find people on Xixing Mountain.

“What? Jiang-dage, about my son?” Li Dahai thought that Jiang Yongfu was willing to help, and said excitedly.

“I know about this, I can’t help you. Your son’s case is really severe right now, even if I want to help you the nation’s law won’t allow this! Okay, that’s it,” With that, Jiang Yongfu hung up. It was fine opening the backdoor for something like fighting, but wanting to use relationships after killing someone? Dream on! What’s more was that the identity of the victim was so unusual.

Li Dahai stood blankly there holding the phone that he snapped, he finally understood that his son caused a huge problem, something that he probably couldn’t deal with this time.

Not long later, Zhao Limin received the call from the rescuers that he found two pairs of ski boards on the ice layer on top of the river underneath Xixing Mountain, and there was a huge ice hold not far away from it. The two people probably fell into the hole!

Hearing these, Zhao Limin’s heart turned a lot colder. Fell into an ice

hole! This means that the two people may very well have been washed away by the flowing water, ignoring whether or not they could breathe underwater, they might have already frozen to death in the freezing cold river! However Zhao Limin was a man with a general's demeanor, he calmed himself down, then notified the people to continue to search downstream.

“I say, Fatty Wu, what kind of important person was it to make so many of us move out in the dark, is there a need for this!” On the military helicopter, a young soldier looked around using a pair of binoculars.

“My dad said it is a very important person, I don't know their name either,” Fatty Wu said as he piloted the helicopter.

“I wanted to sleep a bit, I didn't think that I would actually be sent out to execute a mission,” the young man holding the binoculars complained, however his eyes didn't rest, and tensely searched underneath.

“Okay now, Laos, stop complaining, if our group finds the people then that would be impressive, I can also show that old man at my place, so he couldn't keep saying that I'm disappointing,” Fatty Wu sighed.

Suddenly, Laos pointed to a place on the left and called, “Fatty Wu, quickly look! There's light over there!”

“Ya, it's real! Let me fly over and see!” With that, Fatty Wu turned the helicopter around...

Although Laos said that was a pointless move, I still lit another fire by the entrance of the cave. My thought of that was that it could stop the assault from wild beasts.

Actually Laos and I already surveyed the entire island, there are no wild beasts here, if there were, I would have immediately rushed over to kill it, then barbecue it for food. To be honest, my action was just lying to myself, it was all for mental reassurance.

Not long after, I suddenly heard the sounds of an engine, and it seems to be getting closer and closer! Could it be a ship? However I immediately denied this thought, the entire river was ice in winter, could a ship even

sail!

I immediately ran over to the entrance of the cave, the sounds came from overhead! I raised my head to look, it was actually a helicopter, flashing blue light in the sky.

“Weier, come out! We might be saved!” I started dancing in excitement, then shouted, “Help——! There’s people on this island!”

However I immediately realized that my shouting was futile, the people above definitely couldn’t hear. Yet at this time, the helicopter appeared directly above us, there’s eighty percent chance that it came looking for us!

As expected, the helicopter came closer and closer, when it was several tens of meters above us, the door opened, and a person stuck their head out to shout, “Is there anyone down there? Answer if there is! We came to rescue you!”

“Yes! Yes!” I quickly shouted. “Get us up there!”

“We can’t land around here, so we’re going to throw down the ladder, come up their yourselves!” That person shouted.

Chen Weier and I quickly put out the flames, and climbed up the ladder...

At the time, I was beyond excited! We were finally saved, and didn’t need to spend a lifetime on this damn island.

“Fuck, why is it you!” Just as I got on the plane, I heard a voice yell at me.

“Wu Tian!” I raised my head to look, the pilot of this helicopter was that Fatty Wu that tricked a meal from me the other day! However I feel like that meal was so worth it, I wouldn’t even hesitate if you told me to treat him to another one right now!

“Liu Lei!” Fatty Wu also said with a face full of shock. “Damn, the person that went missing was you!”

“How did you get on this shitty island? If it wasn’t for Laosi noticing

your fire, wouldn't you die on in that place!" Fatty Wu spat out a bunch of questions like a machine gun.

"Hai! Don't mention it, I got plotted against!" I coughed and said. However I did feel great about myself, if it wasn't for me lighting a fire at the entrance of the cave out of boredom, I might still be in that freezing cave trying to make it through the night.

"Plotted against? What happened?" Fatty Wu clearly didn't understand what relationship this had with someone plotting against me.

"I got pushed down the mountain!" I laughed wryly. To be honest this case was quite retarded, I had thought I was awesome beyond belief after getting reborn, I didn't think that got assaulted by a stinky brat. Therefore, I told Fatty Wu about how I went to Xixing Mountain to sky, and how I developed a grudge with Li Shaojie.

"Fuck, he doesn't want to live does it, he actually dared to plot against my big bro, I find a few people to beat him to death later," Fatty Wu swore.

"The brat probably went in to eat jail food before you finish him," I think this situation wouldn't be small for Li Shaojie.

"Fuck, letting him go in just like that is really letting him get lucky," Fatty Wu murmured. "Ai, that's right, I heard a lot of those criminals have special kinks, hehe, when the time comes I find some people, and help him set it up..." Fatty Wu suddenly said with a lecherous smile.

Special kinks? I momentarily blanked, then immediately understood, isn't that brokeback——! I couldn't help but shudder! This Fatty Wu is so fucking sinister, thank god I got him and I are bros and not enemies.

"Special kinks? Hubby, what is special kinks?" Chen Weier, who was sitting on the side, asked in curiosity.

## Chapter 122 – The Worked Up Fatty Wu

---

Fatty Wu already had some confusion about the beauty sitting beside me, he was just too embarrassed to ask. At this time, hearing the beauty suddenly call me “hubby”, he freaked, and his eyes nearly fell out of their sockets, before he said in surprise, “You... This...”

I held Chen Weier close, and introduced her to Fatty Wu, “This is my girlfriend, Chen Weier.”

When I said “girlfriend”, Chen Weier’s cheeks immediately blushed. Weier had already taken off her coat, and what she was wearing underneath was the dress I bought for her at Fairyfair, she was incredibly beautiful, and was giving off an allure even more mature than Zhao Yanyan.

However Fatty Wu jumped up like a maniac, pointed to my nose and shocked, “Fuck you jerk, what about Zhao Yanyan! Did you dump her? Wow, Liu Lei! I, Fatty Wu, was really wrong about you! I had handed Yanyan to you in trust, so you are a bastard that likes the new and despises the old! Seeing that this girl is even more beautiful than Yanyan, you immediately dumped her—— I will definitely beat you to death today!” Due to how worked up he got in his heart, Fatty Wu began to address me as “Liu Lei” instead of the original “Big bro”.

The helicopter was originally piloted by Fatty Wu, now that Fatty Wu had jumped up all worked up, the helicopter immediately had no one to pilot, and begun to wobble! I quickly stopped him, “Fatty Wu, sit back to the pilot seat first! Listen to my explanation!”

Fatty Wu also noticed that he got too worked up, it was no joke if the helicopter crashed! He snorted, and quickly sat back down.

“You better not answer perfunctorily with shit like Zhao Yanyan dumped you! I know about Yanyan’s personality, she will definitely not easily give up when she chooses one!” Fatty Wu said coldly.

“Fatty Wu, listen to me! It’s true that Zhao Yanyan is my girlfriend, but Chen Weier is also my girlfriend!” My expression was serious, without any hints of laughter.

“Also? You have two girlfriends? That’s even more unforgivable! You are actually two timing Yanyan behind her back, and got a mistress outside?” Fatty Wu said glaringly.

“Mistress?” I repeated this word in shock! This was only 1995, Fatty Wu actually said such a fashionable word.

“This girl, don’t get tricked by him! He already has a girlfriend!” Fatty Wu turned around and said to Chen Weier.

However to Fatty Wu’s surprise, Chen Weier actually dipped her head shyly and answered quietly, “I know...”

“En, why aren’t you leaving him if you already know... What? You said you know?” Fatty Wu freaked, then roared in anger, “Fuck! So you seduced Liu Lei, I knew you weren’t something good, dressing so slutty, like a kitsune...”

The more Fatty Wu said, the more over the line he got, I could tell Chen Weier’s face was already paled, she might immediately cry! If this Fatty Wu wasn’t my friend, I would have jumped up and beaten him up already! However he held deep feelings towards Zhao Yanyan, and now that he thought Zhao Yanyan was heart, it was understandable for him to get so worked up. I immediately coughed twice and stopped him,” Hai—— Hai——! Fatty Wu, don’t get so worked up first, actually not only Chen Weier knows about this, Zhao Yanyan also knows!”

“What! Zhao Yanyan also knows? She agreed with you getting two girlfriends?” Fatty Wu exclaimed with a face of disbelief.

“Yeah! Not only does she know, she also actively tried to get Weier and I together,” I explained.

“Ai, never mind! That chick, Yanyan, could actually do something so shocking! Since the party involved isn’t saying anything, why should I, an outsider, get so worried! As expected of my big bro, actually getting

two spectaculars chick follow you so determinedly,” Fatty Wu exclaimed.

“Hehe,” I could only laugh. I thought in my heart, what does two count us, getting reborn in this life, I need to get at least eight or ten!

“Hubby, you still tell me what is special kinks?” Seeing that Fatty Wu and I stopped arguing, Chen Weier didn’t forget to ask the question she asked earlier. A women’s curiosity could really last long, she actually still remembers after so long.

“About this, special kinks is a general term, it refers to people that have unhealthy preferences in that area,” I didn’t know how to explain it, sometimes the meaning could be understood, but cannot be explained with words.

“That area? What area?” As expected, Weier didn’t understand.

“It’s the things the two of us did in the cave!” I explained, hoping that Chen Weier could get it.

“Ai.. You’re talking about it even though it’s so embarrassing,” Chen Weier hit me and said. “However they can also do that with girls in jail?”

“Hai—— Hai! It can also work between two men!” I said.

“Two men? How would two men do that sort of thing, you’re lying!” Chen Weier said weirdly.

“They can use their asses!” I whispered beside Chen Weier’s ear.

“Ya!” Chen Weier pushed me away, and said quietly, “You guys are so disgusting.

How’s this disgusting, after a few years, gay men are everywhere, they can even register for marriage outside the country. However these were all things girls from this era cannot imagine.

After a while, the chick suddenly said quietly beside my ear, “Hubby, I feel like you get extremely excited once I scream for help whenever you do that with me, does this count as special kink as well?”

I sweat, this sort of comprehension wasn’t just a little good, she could already use it so quickly.

“About this... Approximately,” I nodded and admitted.

“Then next time I’ll scream loudly! Hubby, would you like that?” Chen Weier said extremely seductively beside my year.

Hehe, I didn’t think Weier with the cold exterior was so hot when she gets it. I really found a treasure.

I suggested to Zhao Yanyan about this sort of robbers and civilian girl roleplay, however that chick wouldn’t agree no matter what. Without any solution, I could only suppress this sort of perverted desire at the bottom of my heart. I didn’t think that it was so easily fulfilled by Chen Weier today.

“Weier, if you don’t like it, then let’s do something normal,” although I really liked it, but I didn’t want to force Weier.

“Actually... Actually when I scream, it also feels really good...” When Chen Weier said all this, shy was already bright red.

I felt a sudden joy in my heart, comrade! A string of hot scenes flashed across my mind, nurse, air stewardess, maid, walonglonglong, gagagaga. I have to try all of it on Weier another day.

“Heh... Hai!” Fatty Wu’s sudden loud cough interrupted the intimacy between Weier and I.

Fuck you brat can’t have bronchitis right, interrupted my delusions.

I just wanted to explode, but Fatty Wu handed me a walkie-talkie like thing, and said to me, “Yanyan is asking for you!”

## Chapter 123 – He Got Lucky

---

So Fatty Wu had already sent the news of finding my through wireless communication. Hearing that I had arrived on the helicopter safely, Zhao Yanyan immediately contacted me through the phone on the helicopter.

“Liu Lei! Are you okay? You freaked me out!” After the “hey” that I said, Zhao Yanyan’s sopping and anxious voice immediately passed over from the other side of the time. Clearly it was like she had just cried.

“I... am alright!” I said, all of a sudden I felt a lot of things, the period of time that I blanked out felt like a century.

“It’s great that you’re alright! What about Weier-jiejie? Is she with you?” Zhao Yanyan said caringly.

“She’s with me,” I said. I wonder how Yanyan would feel if I tell her I XXOO’d Weier right now.

“That’s fine! See you later,” Seeing that I was fine, Zhao Yanyan’s voice became cheerful again.

I handed the walkie-talkie to Fatty Wu again, after receiving it, Fatty Wu talked into it for a few more phrases, clearly the other side has already changed people, the things Fatty Wu talked with him about where all about where to land later.

“Say Fatty Wu, aren’t you driving for your dad? Why did you change to piloting planes?” I asked weirdly.

“Who knows what my dad things, but piloting planes is for more interesting than driver cars. You have to be afraid of crashing when you’re driving cars, you never have to worry about such issues when piloting a planes,” Fatty Wu said.

I chuckled in secret, stuff like plane crash does happen quite a lot inn the future! However this was only a joke right now.

Half an hour later, the helicopter landed on a flat clearing on the top of

Xixing Mountain.

When I got off the plane, Zhao Yanyan immediately came up, and hugged me tightly, ignoring the fact that Zhao Junsheng was there. Zhao Junsheng only smiled, and didn't say anything, I found it natural. Which subordinate would dare to pick on their boss.

"Liu Lei, I thought I would never see you again!" Zhao Yanyan said with happy tears.

"Your hubby I is fortunate, how could I die too easily," I caressed Zhao Yanyan's back and said with a smile. However, I admire myself quite a bit, my luck was truly through the roof.

After that, Zhao Junsheng, Jiang Yongfu *etc.* all came to greet me. I just acted with courtesy, expressing my thanks. The one who did the most work was naturally Fatty Wu. Logically speaking Chen Weier, Zhao Yanyan and I should treat him to a meal, but I really am too tired today, so it'll have to be another day. Thank god Fatty Wu didn't say much to us, and only told me to study hard, then looked at Chen Weier, who was holding hands and chatting with Zhao Yanyan, with a meaningful smile, then sighed, sometimes in the world are really too strange!

Actually Chen Weier has her own issues, the moment she got off the helicopter, he was pulled to the side by Zhao Yanyan, who passionately asked her tons of questions. Chen Weier had wanted to avoid Zhao Yanyan initially, since she had just done something that would have wronged her (Zhao Yanyan) with her boyfriend. However, seeing Zhao Yanyan's passion, she wasn't sure of what to say, and could only force a smile.

"What is it, Weier-jiejie?" Zhao Yanyan also noticed that Weier was different from usual.

"No-Nothing! I'm fine!" Chen Weier freaked, and immediately smiled. Although she already knew from me that Zhao Yanyan didn't seem to oppose her being with me, she still felt uneasy.

"Why do I feel like you have something troubling you! Did Liu Lei bully you?" Zhao Yanyan stared at Chen Weier, wanting to find some sort of

answer from her face. This Weier was too weird, all her answers seemed to be perfunctory. Every three sentences would only get answered with one, and this one was actually “what did you say just now?” Too unusual! A woman’s instinct tells Zhao Yanyan that Chen Weier must be hiding something from her, but what was it? Does it have something to do with Liu Lei!

“What... troubles could I have! How could Liu Lei bully me!” Chen Weier quickly shook her head, but when she mentioned “bully”, scenes of the two of them playing the “Help” game flashed across her mind, she couldn’t help but blush.

“Weier-jiejie, I open my heart to you normally, and tell you everything! Now you are hiding everything from me, I had missed you so much just now!” Seeing that the soft approach wasn’t working, Zhao Yanyan immediately used a strong one. And said solemnly.

“I...” Seeing that Zhao Yanyan actually got angry, Chen Weier clenched her teeth! It would be better to be honest with her! Just let it happen, the worst would be a scolding, saying that she was a woman that didn’t care about her face, it would be better than holding it in.

“Yanyan-meimei, I’m sorry! Liu Lei and I already... already had skinship!” Chen Weier had wanted to say had sex, but then felt like words like that shouldn’t come from a girl’s mouth.

“Ah! You two have already done that!” Zhao Yanyan pretended to be shocked and said. Actually when she noticed that Weier had a bit of trouble walking just now, she already had her suspicions, then seeing her hesitation in speaking, she (Zhao Yanyan) thought that she probably was on point about it. As expected, scaring her like this, she immediately spilled everything about.

“I... It’s my fault, I seduced Liu Lei! Sorry...” Seeing that Zhao Yanyan is angry, Chen Weier’s heart fell. Actually she could feel that although he had said the love for the two of them were equal, the one he loves most was still Zhao Yanyan. If it was because of her that Yanyan and his relationship was destroyed, then she was willing to back out. The

instantaneous happiness was already enough for her.

“Heh! You think I don’t know about the huge pervert Liu Lei? There’s no need to make excuses of him, he was dripping saliva about you ages ago, finally getting the perfect opportunity after all the trouble, he wouldn’t be Liu Lei if he didn’t take the chance to eat you!” Zhao Yanyan said. However from the tone, she didn’t seem to be blaming Chen Weier.

“Yanyan-meimei, don’t get me, isn’t-isn’t it fine if I back out!” Chen Weier said nervously. The more Zhao Yanyan didn’t seem to care, the more uneasy she felt.

“Back out? If Liu Lei knows that you backed out because of me, wouldn’t he divorce me!” Zhao Yanyan giggled.

“Yanyan-meimei, what — do your words mean?” Seeing that Zhao Yanyan suddenly laughed, Chen Weier asked in confusion.

“Weier-jiejie, congratulations on becoming Liu Lei’s second woman!” Zhao Yanyan held Chen Weier’s hands intimately and said.

“You— Yanyan-meimei, what do you mean? Do you really not blame me?” Seeing that Zhao Yanyan didn’t get angry, but instead seemed happy, Chen Weier asked.

“Am I so petty! Ai! That huge pervert just got lucky!” Zhao Yanyan sighed.

“Thank you, Yanyan-meimei. I... I also truly love Liu Lei!” Chen Weier said with a face full of happiness. The rock in her heart finally sank, and the result was so perfect.

## Chapter 124 – What? Your Mom?

---

I bid farewell to Fatty Wu, and arrived next to the two girls. I noticed both of them were looking at me with an evil eye. There can't be any ploys here right?

"Liu Lei, answer honestly, what did you do to Weier-jiejie?" Zhao Yanyan asked sullenly.

"I didn't do anything?" Saying that, I sent my gaze towards Weier, hoping to find some answer from her, but this girl actually turned her head around without even a glance I me. I could only say helplessly, "Yanyan, what happened here?"

"Didn't do anything? Weier told me that you forcefully did that to her in the cave!" After Zhao Yanyan finished, she looked towards Chen Weier who was standing on the side.

"Forcefully?" Did I do it forcefully? It's more like Chen Weier forcefully did that to me! Unless this chick Yanyan got jealous? However even if I forcefully did that to Chen Weier, Chen Weier wouldn't be dumb enough to run over here to tell Zhao Yanyan right?

"How's that! You have nothing to say right!" Zhao Yanyan scolded. "Since the thing already happened, shouldn't you take some responsibility?"

"Take responsibility?" The more I listened, the weirder I found the situation, this chick Yanyan can't be messing with me right?

As expected Chen Weier finally couldn't help but laugh, Zhao Yanyan immediately laughed as well, "Of course you have to take responsibility, Weier-jiejie is already your woman, what are you planning to do?"

"What am I planning to do? Of course it's one in the left, and one in the right, with everyone sleeping together!" I snickered, and hold the two beauty's shoulders, this was always my dream! I was just stressing about how to talk about the issue of Chen Weier with Zhao Yanyan, I didn't

think that they have already settled it, that did save some breaths for me.

The winter camp was also forcefully stopped due to this accident, originally Weier and I had to record statements as the victims, but due to Jiang Yongfu, they only asked us a little at the scene before allowing us to return. After all, the situation was very simple, and Li Shaojie had also said what happened quite clearly. The next step is to hand Li Shaojie over to the court with the crime of wounding with intent.

The three of us got on Zhao Junsheng's car, when he saw Chen Weier, he looked at me with a meaningful look. The intimate actions between the two girls and I were all scene by him, however seeing that his daughter not only didn't get jealous, but held hands and even got intimate with the girl, Zhao Junsheng didn't feel like it was right for him to say anything.

What I was considering right now was that right now Zhao Yanyan's relationship with my mother was getting better and better, my mom already treats her as the future daughter-in-law, and even gave her the little jade amulet passed down the family. However, the problem comes here, my mom has asked multiple times that the parents of both sides should meet. Due to handling the situation with Liu Zhenhai, I didn't have time earlier, now that I'm free, should I find a time for the parents of both sides to sit down and eat a meal?

Therefore, I said to Zhao Junsheng, "Uncle Zhao, my mom said she wants to find a chance to get you and auntie to go out for a meal!"

"What, your mom!" Zhao Junsheng trembled, and immediately stepped down on the brakes, the Hongqi stopped on the side of the road with a "gachi" sound.

If there wasn't the stuff I said earlier, I would have thought that Zhao Junsheng was swearing. His majestic manner could be felt with just a phrase of "your mom"!

"What is it Uncle Zhao? Yanyan's relationship with my mom is quite good as well, I think that my mom already decided her as our family's daughter-in-law. Not to mention the two of us hehe. My mom just hopes

that the parents from both sides could meet, what are you getting so worked up for?" I said in surprise.

"No, no! I just feel like you and Yanyan are still young, I'm afraid it's not very suitable if we meet," Zhao Junsheng forcefully explained. Even he didn't believe this reason.

"Still young? Last time Grandpa Zhao was getting impatient to drink Yanyan and my wedding wine! Uncle Zhao, do you not want Yanyan to marry me?" I could tell that Zhao Junsheng's actions were unusual, and mocked.

"Haha, Uncle Zhao can't like you enough, how would I object. It's just... It's just that this meeting should be put on hold!" Zhao Junsheng said with a painful expression.

This is weird, did Zhao Junsheng had some secret he found it hard to say? From his look, could he be shy? That's not possible, Zhao Junsheng could be counted as someone experienced in business, what kind of things have he not seen? Is meeting my parents really so terrifying?

Never mind, let's talk about it later since it's like this. Since there isn't much loss for me either way.

"Oh yeah, Uncle Zhao, I heard that the electronics factory has a new shipment of equipment, a director like you should need to work over time right?" I said meaningfully. Although the winter camp finished earlier, we should only be home three days later according to the schedule. Therefore, I didn't want to waste these three days, although I can easily come out after getting home, but I wanted to spend tonight with my dear Yanyan and Weier. One dragon and two phoenixes, wagaga, it should feel really great right, I thought lecherously.

"About this... Yes, I have to hurry back to the electronics factory later," Zhao Junsheng scolded silently in his heart, just say it if you brat want to come stay over at my home, I'll just go out. You just had to find such proper excuse, but there's no helping it, since this brat is his boss, whatever he (Liu Lei) says to him were orders, the boss told him to work overtime, of course he had to go! However, he still said, "Your auntie also

went out these few days, Uncle Zhao is going to work over time later, just stay at my home and accompany Yanyan!”

Although I promised Uncle Zhao that I wouldn't touch Zhao Yanyan, I turned into his boss in the blink of an eye, so he could only keep an eye closed on this matter. What's more was that he wasn't an idiot, and he could tell ages ago that Zhao Yanyan and I already had that kind of relationship.

I laughed madly in my heart, my ploy succeeded, Uncle Zhao has to go to the factory for over time without pay again. However, I still said calmly, “Okay then! When the time comes, Yanyan and Weier can sleep in one room, I'll sleep in the living room!”

Zhao Junsheng kept swearing in his heart, this damn brat, he actually dared to bring other women to my home! You sleep in the living room? More like the three of you will sleep together right? However, what does this brat have such great luck, this is the dream for all women! Thinking about it, Zhao Junsheng's saliva nearly started to drip, however he immediately came back to his senses. His thought was also instantly squashed, or else if Yanyan's mom found out then he was screwed. However, Zhao Yanyan's personality is so like his mother, how could she allow that brat to do something so ridiculous!

However, Zhao Junsheng didn't say anything in the end, he drove the car to the mansion in the development area, then said to me, “Go up first, I'll go directly to the electronics factory later! Oh yeah, Xiao Liu, the car you bought have been placed in the garage at the back of the mansion ever since we took it out. You can take it for a drive tomorrow.” Saying that, he handed me a car key.

## Chapter 125 – Traffic Accident

---

When we just got to Yanyan's home, Chen Weier was infinitely shy. She had wanted to find an excuse to go home, but after Zhao Yanyan and my convincing, she finally decided to stay.

Actually Chen Weier didn't want to separate so quickly from me after just becoming my woman. However, this was Zhao Yanyan's home, how could she stay so long?

After a day of tiredness, the three of us were already exhausted. Zhao Yanyan turned on the boiler and prepared to have a hot bath.

"Yanyan, let's wash together!" I smiled lecherously and said.

"Go and die, you big pervert! Who wants to wash with you! Weier-jiejie and I will go together," Zhao Yanyan glanced at me sideways, and snorted. Then she turned around and pulled Weier upstairs.

I know they must have gone up to the second floor to wash, if I can get in with them... What an amazing thing it'll be. However, a thought was just a thought, if I go up now, I would definitely be shut out at the door. It was better to wait for a chance and think of another way.

I turned on the television, and flipped through a few channels, all of it were boring costume drama. I hated watching these stuff in my previous life, ignoring their writing, their speech was all in everyday language.

It was because of watching this sort of television that I had read "ambiguous" as "warmth" during middle school, and therefore getting my scolded by my dad. Only until after I started working, and reading a novel called "Very Pure and Ambiguous" did find out the pronunciation of the word, it seems like I really have to thank the author called Fishman the Second!

I turned off the television, and laid on the sofa. In the quiet mansion, I could hear the splashing sound coming from the bathroom on the second floor, it made my mind wander.

I sneakily went up the stairs and arrived at the entrance of the bathroom, just as I was getting troubled over how to get inside, I noticed that the bathroom wasn't locked! I immediately guessed that Zhao Yanyan must have left it like that when they went in on person. I couldn't help but laugh, this chick really had a sharp tongue and a soft heart.

Then should I strip naked and rush inside? I once saw a joke, which said that a beauty came to a man's home to shower, and didn't lock the door. After the man found out, after a tense mental battle, he decided to give up, because if he rushed inside then he would be an animal! However, after the beauty came out of the shower, she gazed at the man in anger and said, "You're worse than beasts!"

Therefore, I of course should choose to rush inside, moreover the two beauties inside are my lovers!

I swiftly stripped off all my clothes, opened the bathroom door, and rushed in...

When the first ray of sunlight shone on my body through the window, I sleepily opened my eyes. Looking at the bodies of Weier and Yanyan, who were sleeping by my side, I felt incredible sweetness in my heart.

Since I was way too tired the previous night, I stretched, then fainted again.

When I woke up once again, only I was left in the room. At this moment, Zhao Yanyan wearing pajamas came in, seeing that I sat up on the bed, she asked, "Hubby, are you awake?"

"En, what time is it?" I asked. I was too impatient in stripping and going into the bathroom, that I left my watch on the tea table in the living room.

"It's nearly eleven, lazy pig!" Zhao Yanyan giggled.

"Is it?" I jumped down from the bed, and started looking for my clothes. I suddenly noticed that Zhao Yanyan was staring at me, this gaze... I instantaneously realized that Zhao Yanyan was gazing at my naked body

without blinking...

“What, you still want?” I embraced Zhao Yanyan and asked lasciviously.

“Want your ass!” Zhao Yanyan muttered. “Foods ready, get dressed quickly and come down!”

When I got dressed, and went downstairs, I smelled an alluring smell.

“Hubby, quickly come and eat!” Chen Weier’s voice sounded out from the kitchen. Following that, Zhao Yanyan brought the plates out from the kitchen.

I didn’t think that these few simple dishes were made perfect by Weier, causing me to have a lot more appetite. It seems like with Weier, this little chef, I have will have great things to eat.

After eating, I suggested to go out a bit, just to try my new car. Both girls agreed.

We got to the garage, and I familiarly backed the car out, and parked it in front of the two. This was the oldest model of Jetta, and was manual.

Looking at the “Song 000177” car plate on my car, this was a typical small number, and 7 was my favorite number! Apparently these sort of car plates all belonged to officials, and could get some privileges such as illegal parking and ignoring the red light. However, I will not easily break traffic rules, I rarely do things that played with my life.

“Yi? Hubby, when did you learn to drive? Why are you so used to it?” Zhao Yanyan asked in surprise. Zhao Yanyan couldn’t be more clear about what I’ve been doing recently, I had no time to learn to drive, and she heard that I also got the license through the back door.

I said in my heart, I drove for five or six years in my previous life, and it was in that sort of crowded place like Yanjing, where you shouldn’t even think about driving on the road if your skills were a little bad.

“Oh, I learned from the driver at my dad’s factory for a few days,” I explained.

This reason couldn't be more logical, so Zhao Yanyan didn't get suspicious either.

In the Songjiang city of 1995, there were a lot of cars yet. Although this was the provincial capital, there weren't many families with their own cars, most of them were upper class people in Songjiang. However, a lot of them were Jetta, Santana etc., cars of Mercedes and BMW ranks were rarely seen. Even Zhao Junsheng only drives a Hongqi made in the country.

Just when our car drove out of the development area, a white Honda suddenly rushed over, and didn't even signal at all after speeding past me before wanting to turn right, he actually thought I would let him! However, I didn't act pretentious on purpose, I didn't know this fellow wanted to right turn at all, so I accelerated and sped forward, therefore, the Honda directly crashed on the front of car.

Fuck! This is a new car! I swore in my heart, then jumped off the car after opening the car door. There weren't insurance for car crashes yet, so after crashing, people would have to pay themselves.

"Fuck you bitch! Do you fucking know how to drive!" A teenager with a cigarette in his mouth jumped down from the Honda, and started swearing while pointing at my nose before I said anything.

Hearing that, I immediately got pissed! Fuck you, you crashed into my car, and is now pointing at me saying this and that? My expression darkened and said, "Be careful when you speak, it's you who crashed into me right now!"

"I crashed into you? With your crap Jetta, I wouldn't even crash it if you let me! Do you know what my car is? Honda! Imported original! Can you pay for it?" The teenager with the cigarette said angrily.

Fuck, isn't it just a trashy Honda? Imported original? Duh, Quangkai doesn't exist yet, did you make it if you didn't import it?

"I have limited patience, I hope you will understand!" This sort of attitude looking down on others was pissing me off to the max. If it wasn't for me intentionally controlling my emotions, I would have

already wacked his head off.

## Chapter 125.5 – The Scene in the Bathroom / Peerless Girls (NSFW)

---

I quickly stripped off all my clothes, pushed open the door to the bathroom and dashed inside. The result was me seeing a scene that nearly made me spit out blood! Zhao Yanyan and Chen Weier, one standing up while the other was squatting down, Chen Weier had her legs open, the tummy slightly raised, and Zhao Yanyan was squatting on the floor, looking carefully, and could occasionally use her hand to touch it a bit with a face full of curiosity.

Chen Weier shut her eyes in embarrassment, pursed her lips and said, “Okay now, Yanyan-meimei, have you looked at it enough!”

“Wait a bit, let me study it a bit more!” Zhao Yanyan said, her voice full of excitement. “Weier-jiejie, your spot is so weird, it’s not quite the same as mine!”

“Aiya, what’s the difference! Please Yanyan-meimei, this is so embarrassing!” Chen Weier said coquettishly. Suddenly she remembered that that person also said that her place was a little different, and couldn’t help but blush.

“Don’t move, don’t move, your place is so interesting!” Zhao Yanyan reached out a finger, and starting flicking it back and forth.

“Ah... En... Don’t— Don’t move, I’m begging you Yanyan-meimei, this feeling... is so weird...” Chen Weier’s body started wiggling with the pace of the movements of Zhao Yanyan’s finger.

How could Zhao Yanyan give up seeing Chen Weier’s expression, she continued to slide it up and down.

“Ah... Yanyan-meimei... I can hold it anymore! I can’t stand it, don’t... don’t move!” Chen Weier called out coquettishly, her beautiful body wiggled endlessly.

“Weier-jiejie, what happened?” Seeing Chen Weier’s expression of

suffer and enjoyment, Zhao Yanyan thought it to be really weird.

Although Zhao Yanyan was very familiar with the thing between men and women, it was only limited to love and intimacy between them. Now that she saw Chen Weier's expression and moan, Zhao Yanyan couldn't help but link it to the scene of her having sex with Liu Lei on the bed. She couldn't help but get suspicious, could girls touching teach other also bring pleasure? Thinking to that point, her hands started speeding up. Her little hands moved back and forth on Chen Weier's lower body.

"Don't... En... Ah..." Chen Weier's lewd moans echoed in the bathroom.

"Ah——!" Chen Weier suddenly screamed out, then her body immediately slacked. She only felt like she was about to go to the bathroom, when a lower body squirted out a transparent liquid uncontrollably, it shot out about a meter and hit the bathroom wall.

Zhao Yanyan looked at Chen Weier in shock, her pair of hands covered in the liquid Chen Weier squited out.

"Yanyan-meimei, you... you're terrible, you actually made me pee, if hubby knows, then wouldn't I be embarrassed to death!" Chen Weier clenched her teeth. However the feeling just now was great, it was like she was about to fly into the sky.

"Why is this thing so sticky?" Zhao Yanyan played around with the liquid that was accidentally stuck onto her hands, it doesn't look like pee.

"En?" Chen Weier said after hearing what Zhao Yanyan had said, then she looked down, and looked at the liquid on Zhao Yanyan's hands.

At that moment, I was already dumb-shocked by the two girl's actions! The lesbian scene I saw in porn had occurred live in front of me! Not only that, what made me even more excited was that the chick Chen Weier actually ejaculate! This was best among women, I actually got it! I gulped, and swallowed a large mouthful of saliva.

Although the sound of water in the bathroom was very loud, the two beauties still heard by gulp, and turned around in surprise.

"Hubby?!" Zhao Yanyan and Chen Weier called out at the same time.

The feeling of two beauties calling me hubby at the same time was great, I walked over with a smile, and teased Chen Weier, “How is it, did Yanyan make you feel good?”

I didn't lack enjoyment of Zhao Yanyan's little hands, in this period of time, whenever Zhao Yanyan was on her period, she would always use her hands to help me. Although this was the first time Zhao Yanyan touched girls, but I still had confidence in the speed of her hands.

“Ah!” Chen Weier immediately used her hands to covered her face, and said embarrassedly, “You.. You saw everything just now?”

I smiled and nodded, and asked, “Yanyan, what exactly were you doing?” Although as the incident developed, it turned into Zhao Yanyan using her hands to help Chen Weier climax, but this definitely was not their original intential.

Chen Weier had already turned around then, she blushed so much that it had already reach her chest. I think that if there was a hole in the ground right now, she would definitely crawl into it without hesitation.

“I just feel like Weier looks different to mine down there...” Zhao Yanyan didn't care, she had been with me a long time, and has done a lot of embarrassing things, so she didn't' had a hint of Chen Weier's awkwardness.

I sweat... So she was researching about this! This little chick Zhao Yanyan actually also have curiosity about these things!

“Then let me help the two of you see exactly how you are different!” I said lecherously, then subtly gave a queue to Zhao Yanyan. Chen Weier had just become my woman today, although she has already accepted me mentally, she would definitely not agree servicing me with Zhao Yanyan. Therefore, I had to slowly breakthrough the last line of defense in her heart, and the first step is to get rid of the embarrassment from within.

How could Zhao Yanyan not understand my perverted thoughts, she glazed sideways at me fiercely. However, the best part about this chick was that she would pay attention to the bigger picture, she still giggled and said, “Hubby, then... look!” Saying that, she said to Chen Weier,

“Weier-jiejie, turn around quickly and get Liu Lei to help us see!”

How could Chen Weier expect Zhao Yanyan to say that. She stomped her feet and said shyly, “Yanyan-meimei, how could you agree with his unreasonable request! This is too embarrassing!”

“Hai... Hai...! Weier, this is where you aren’t right! Didn’t I also say that your place is different from other people’s? This is with a scientific spirit and not with any other thought!” I said shamelessly.

“That’s right, Weier-jiejie, I didn’t notice anything just now either, so let’s get Liu Lei to help us -look! What’s more, both of us are his people, what’s there to be embarrassed about?” Zhao Yanyan added. However, she glared at me. Then -whispered beside my ear, “I’ll help you pervert this once, but I will not let you go if you bring any other women home.”

Although Zhao Yanyan had said it strictly, I wasn’t that afraid. At least there is a Xia Jing that has been authorized.

Zhao Yanyan was still very unwilling, -she had just washed with Zhao Yanyan, she never would have thought that Yanyan would insist on looking at her lower body. She refused, but then Yanyan used the authority of the first wife. She even said that she (Weier) has to listen to her at home. Weier couldn’t help it, and thought that since they were both women, looking was fine. However, Zhao Yanyan actually did that to her, she didn’t push her away, but even enjoyed it. Thinking about it made her feel ashamed, what’s more was that the appearance just now was all scene by her loved one, he must that of her as a slutty woman. How would Chen Weier dare to turn around!

However, Zhao Yanyan still pulled Weier over, pushed her on the side of the bathtub, and sat down on the side. Chen Weier couldn’t help it, so she closed her eyes. Yet her legs were shut tight.

I leaned down, and get close to Zhao Yanyan’s sweet bud. Her eyes unconsciously looked up, and saw that the chick Yanyan was also blushing. So she wasn’t as daring as I imagined.

I lightly kissed down. Zhao Yanyan’s body shuddered, and shouted, “Hubby, no... it’s dirty!”

I didn't stop the movement of my mouth at all, and starting sucking on Yanyan's place...

"Hubby... Heh.... En..." A faint moan passed out from Yanyan's mouth.

I started licking more furiously, and full immersed myself in Yanyan's fragrance of a teenage girl.

"Ah...!" The powerful stimulation caused Zhao Yanyan to shut her legs tight unconsciously.

At the start, Chen Weier could still peacefully close her eyes, but then hearing Zhao Yanyan's wail of enjoyment, she couldn't help but look over. She was immediately shocked by the lewd scene! He was actually licking Yanyan-meimei's place! Chen Weier originally got so shy that she wanted to turn around immediately, but it was like her eyes were glued to there. She couldn't even leave.

Looking at Yanyan-meimei bite her lips, and the happy expression of her licking her lips, her heart was a bit moved. Was she like that just now? Is she feeling what she (Weier) was feeling just now? Thinking about that, Chen Weier's body heated her, the tightly shut legs couldn't help but start rubbing against each other.

The more she rubbed, the worse Chen Weier felt, she felt as if infinite ants were crawling over her body, the suffering was really hard to stand. How good would it be if he also licked my own place. However, the moment this thought was made, it was refuted by the logic in Chen Weier's heart. How would I be so shameless, already wanting it after being finished by Yanyan. Chen WEier quickly closed her eyes, and tried to suppress the lust in her heart, but that lewd scene still spiraled in her mind.

"Ah—— Hu!" Zhao Yanyan shouted, then let out a long sigh. I know the chick reached her climax. However this chick Yanyan's body was too sensitive, it wasn't even ten minutes.

Although it was something exciting to have a girl's body be sensitive, it can't be too sensitive! Ever since I noticed that I have superpowers, my ability on the bed on better and better. Zhao Yanyan, who was originally

my equal, was gradually unable to keep up. Every time it would be to the point that I am unable to bare to continue on with the chick. But Zhao Yanyan would stubbornly work with me until my final burst.

This was also one of the reason why I wanted to get Chen Weier in here as quickly as possible.

“Weier, it’s your turn!” I said to Chen Weier with a naughty smile. I have seen all of Weier’s expression just now, although she acted really calm in front of me, I knew that she couldn’t wait in her heart!

As expected, Weier’s body shuddered after hearing what I said, but she didn’t say anything extra.

I know Weier was rather shy, and trying to make such a pure girl act like a slut in front of me was worse than killing her. I lightly separated Chen Weier’s legs, Weier resisted a little, but I still pushed it open.

This was the first time I observe Weier’s secret garden in such close proximity, my breathing hastened, and I kissed it without hesitation.

“Hubby... Ah...” Chen Weier wanted to push me away, but the waves of pleasure from her lower body caused her to just enjoy it. This was a pleasure that would make her seem like she was flying when it reaches it’s peak.

Chen Weier hated herself, she actually just wanted this moment of enjoyment! What’s the difference between that and a slut, but even though she knows that, she still full into it and could not pull herself out. Chen Weier felt like she was like a slut.

At the start Chen Weier could still suppress her lust, preventing herself from calling out. But as she was stimulated more and more intensely, she finally let out loud moans.

“Ah... En!” Chen Weier’s face was peach red, her body wouldn’t stop trembling, suddenly she pushed me away, “Hubby, I can’t hold it...”

I was pushed by half a step by Chen Weier, and before I could react, I saw Chen Weier squirt out a pillar of transparent liquid, although it wasn’t as far as what I saw just now, it all sprayed on top of me.

After squirting, Chen Weier continue to tremble and didn't calm down from the excitement just now.

I have seen plenty of scenes like this in porn during my previous life, but that were mostly fake. I also found similar information on the internet, and found out that very little women would squirt when having their orgasm. However, this type of girl was not more plentiful than giant pandas, and you would be lucky to meet one. I didn't think that one would appear before me.

"Did... Did I pee onto you?" After a long while, Chen Weier calm back to herself from the happiness just now, seeing that I was covered all over, she said nervously to me.

Chen Weier couldn't face herself anymore, she couldn't hold it in twice, and this time she got it all over her loved one, would he dislike her?

"Hubby, do... do I have some sort of sickness. Why... why am I unable to resist peeing every single time!" Chen Weier looked at me worriedly.

"Sick? How could you have some sort of sickness, Weier! This is a normal biological reaction!" It seems like sex education was really lacking in this era! If it was a few years alter, a lot of girls would know about female ejaculation.

"But... but why doesn't Yanyan-meimei!" Chen Weier still didn't believe it.

"About this... not every girl would do this!" Thus I told Weier about what I read on the Internet in my previous life. "Actually in 1982, in a book "The G Spot and Other Recent Discoveries about Human Sexuality" published by the Americans Ladas, Whipple and Perry, it is mentioned that certain females would squirt out a large amount of transparent liquid from the urethra, this is a normal biological reaction, commonly called ejaculation."

Zhao Yanyan also paid close attention and listened on the side. She stepped on me and asked, "Why do you so much about this?"

"I... I read it in a book store!" I answered casually. Don't mention that this book isn't in bookstores within the country, even if there was I

wouldn't go and look.

"Then... that means I'm not sick?" Chen Weier was still not relieved, she then frowned, "Hubby, I have this issue, would you dislike me?"

Dislike? What a joke! I can't even wait to treat her as a treasure. I'm afraid that in a few years, this sort of girl was worth even more than virgins.

"Weier. How should I say it! Actually I not only not dislike it, but would feel even more excited!" I answered with a honest expression.

"Really?" Chen Weier finally released her tensed eyebrow, and showed a long awaited smile.

"Hubby..." Zhao Yanyan suddenly called coquettishly, and her body wrapped over here, and said to me, "Hubby, do me again, I want to try if I can... shoot that thing out!"

I chuckled, tapped her head and said, "This sort of thing is just a coincidence, why are you trying it!"

"I just feel like you seem to really like it, I'm scared that you won't like me in the future!" Zhao Yanyan said like she was wronged.

"How could I! Our family's Yanyan also have her virtues!" I laughed.

"What virtues?" Seeing that I said she also had virtues, Zhao Yanyan immediately got happy.

"En... such as your body is much more sensitive than Weier's!" I said that as my pervert hers climbed onto her breasts.

"Hmmp! Take it away!" Zhao Yanyan hit my hands coquettishly. Then she said to Chen Weier, "Weier-jiejie, let's go and wash. Don't care about this bad guy. He made our lower body so wet, it feels so terrible!"

But how could I just let them go? My little brother was standing up straight a long time away! I hugged Zhao Yanyan from behind, and took the chance to push my little brother in fiercely.

"Ah...!" Zhao Yanyan moaned. "Don't mess around, I'll let you have enough after washing!"

I didn't care so much, let's talk about after washing after washing!

Zhao Yanyan's spot was made infinitely wet by me, I moved forcefully without any foreplay.

"Ah.. Ah Weier-jiejie... Quickly come and help me..." Zhao Yanyan warbled.

However, Chen Weier stood on the side. She turned her head around, without making any move. Actually Chen Weier also wanted to help. The problem was that she couldn't help at all.

"Heh!... Ah Weier-jiejie, don't get cocky, it'll be your turn later!" Zhao Yanyan clenched her teeth and said lying down on the stone steps.

## Chapter 126 – Fake Western Bastard

---

“Hold it in my ass, tell me what you’re going to do since you crashed into my car?” The cigarette teenager pointed to the dented Honda and said.

“...” I laughed instead of getting angry! I crashed? I said, “Then what do you think?”

“Since it’s like this, pay up! Give me five thousand and this is settled,” the cigarette teenager thought that I was going to give in, and prepared to rip me off big time.

“Wait, I want to ask something first, are you paying me, or am I paying you?” I ridiculed.

“Fuck! Bullshit, of course you’re paying me!” The cigarette teenager swore.

I immediately slapped him, “Fucking speak more cleanly! I’m telling you, if you don’t give me an answer for this, don’t think about leaving!” I was really angry, he actually dared to scold me? I was in a good mood so I bullshit a bit with you, if I was in a bad mood, I’ll kick you to meet my sworn old bro.

“You’ve got guts! Fuck! You’re not giving in when I play nice, instead you rather make me use force, since you don’t agree to settle it in private, don’t regret it!” Saying that, he spit the other half of the cigarette on the ground, stared at me. Then he noticed I was taller by him by a head, and so he held it in and didn’t explode, instead he took out a mobile phone from his pocket and dialed a number.

“Hey, Qu-ge right? I’m Zhou Mingyuan!” The cigarette teen said into the phone.

“...”

“Yeah, I have some business with you! I am on the Yellow River Road in the development area, I was crashed by a trash Jetta!” Zhou Mingyuan

said.

“...”

“En, right! You better send a tow truck over, and tow that Jetta away!” Zhou Mingyuan pretentiously hung up, and said cockily to me, “Don’t beg me when the police comes later!”

Hehe, I laughed coldly in my heart. This Zhou Mingyuan most likely called a traffic police he was familiar with over.

Not long later, the sound of sirens could be heard from a police car, behind it was a flat tow truck.

“What happened here?” A fat-faced traffic police with big ears jumped down from the police car, and said pretentiously.

“It’s like this, Qu-ge. I was driving on the road, it was all fine, when this fellow suddenly accelerated from behind and crashed into my car. Look here, such a large pit!” Zhou Mingyuan said like he was wronged.

This Qu-ge haven’t just been doing his job as the traffic police for one or two days, he easily guessed approximately what happened just now. Zhou Mingyuan definitely was bullshitting, and definitely wanted to get ahead of the other person, therefore causing the car crash! Originally Qu-ge really thought that it was the Jetta’s fault, that way it would be easy on him, from but the current situation, the Jetta had no problems, he couldn’t pick out a single little problem! Despite this, he still had to pretend a bit, after all Zhou-gongzi’s father is a oversea Chinese businessman!

“Take out your driving license!” Qu-ge roared at me.

I casually handed him the driving license, this was a crucial step, and it has to be done. However after Qu-ge opened it, he frowned, “Not even two months of driving? That’s way too short, no wonder you got into an accident!” Fuck, you’re making a judgement on the reason of the accident just with the driving age? Why don’t you ask me what happened?

“So according to this police officer, whoever has the shortest driving age would have to take responsibility for the accident right?” I mocked.

“This... is not what I meant!” Qu-ge also felt there was something wrong with what he had said, and it managed to allow the other party to catch on to it.

“The reason of the accident is obvious, Xiao Li, come over and record! This Jetta car with the plate number Song 0... Song 000177...” Qu-ge momentarily blanked after he finished, then turned towards me to ask quietly, “Excuse me, where does this little bro work?”

“Heh!” I snorted, and didn’t answer. However the stacked passes and permits all fell into Qu-ge’s eyes.

This type of lower number car all belonged to officials, even if the person in front of his eyes was someone driving for an official, he still couldn’t piss him off, no to mention that he really had no responsibility!

“Haihai! This Jetta was driving normally, the Honda tried to speed past, causing this traffic accident. The Honda has broken regulations, and should take responsibility of this accident. Tow this Honda away!” Qu-ge ordered loudly. Then he said to me, “This little bro, I’m sorry to have delayed you! Is there anything you need to add for the cause of this accident?”

I didn’t think that before I said anything, the situation was resolved, I had thought I needed to call Jiang Yongfu to deal with it.

The results of Qu-ge’s handling caused Zhou Mingyuan to open his mouth in shock, he only clam back to himself when that Xiao Li got ready to tow his car away, “Qu-ge, did you make a mistake! The Honda is mine!”

“That’s right, Xiao Li, quickly tow it away! Also this Mr. Zhou, please come back to the station with us to cooperate in investigation this accident!” Qu-ge sore in his heart, don’t think that just because your old man made a lot of contribution to this city’s economy, you can just do whatever you want! I’m already giving you a lot of face not asking you to compensate the other person, and you’re still unwilling?

From the tones that the two people were using, I managed to find out about this Zhou-gongzi’s identity. This fellow’s father is a returnee from

overseas, and came to Songjiang city to invest and build a factory.

The owners of foreign businesses were still very awesome in the 90s, there were a lot of advantageous policies for them, even the provincial and city officials had to watch out for them due to the benefits of the economy.

It's just that the traffic police found it difficult to piss off both sides, in a situation like this, the best choice was to treat it like normal.

However, there wasn't really much wrong with my car, the front just had a bit of paint scrapped off. Jetta produced in the country really is awesome, the front of Zhou Mingyuan's Honda was flattened by a large chunk, and there wasn't much wrong with my Jetta.

My anger also dissipated a lot at the time, and I couldn't be bothered with him, he was just a fake western bastard acting high and mighty with someone else's power. I would see this kind of weird scenes a lot of the time, the people that are actually amazing are all easy to talk to, but their sons or direct subordinates all act pretentious, as if they are the kings of the world.

The two girls Zhao Yanyan and Chen Weier didn't even get off the car, and just chatted happily on the car. They clearly knew about my current capabilities and didn't even worry.

"Hey, your husband went off the car to fight with someone, and here are you guys, chatting and laughing on the car, not worried at all! Aren't you afraid of me getting bullied?" I said in dissatisfaction.

"You get bullied? But I heard from Weier-jiejie the heroic acts of you beating four bodyguards!" Zhao Yanyan looked at Chen Weier and said with a smile. Zhao Yanyan was indeed a little worried at the start, since she has not seen the heroic scene of me beating four people at once, and after seeing that Zhou Mingyuan call for help, she thought that he called people over to fight, but then seeing the police calm, she relaxed. Speaking about political influence, who can compare up to them, the Zhao family, in Songjiang province?

Chen Weier also couldn't help but smile embarrassingly at me.

## Chapter 127 – Restaurant Franchise

---

“Weier, tell the truth, do you really like watching me fight?” I suddenly asked. These few times, I noticed that the chick Weier would always get incredibly excited whenever she talks about my battle with Liu Zhenhai’s four bodyguards.

“I...” Weier dipped her head in embarrassment. She didn’t know why, but she really did feel like that. Weier also scolded herself, this wasn’t something a lady should like! But once she thinks back to his looks at the time, she couldn’t help but get worked up. Just the previous night, she finally couldn’t resist telling the heroic actions of her loved one to Yanyan.

“If I knew that was the case, I should have beaten that guy up once before the police came,” I said regretfully.

“...” Chen Weier didn’t say anything while blushing.

“Weier, is your family still opening that Mala Tang store?” I suddenly remembered, since Weier already became my woman, then she shouldn’t do this sort of thing with a heavy workload that doesn’t earn anything.

“Yeah! Now that it has gotten colder, there are quite a few more people eating there!” With say, Chen Weier said with a happy expression. “We earned several hundred more kuai compared to last month.”

Several hundred kuai... I couldn’t help but smile wryly, several hundred kuai already made her so happy, this chick was too easy to fool.

“Tell your mom, let’s close the store,” I said.

“How could that be okay! If we close it then where are we supposed to earn money!” Chen Weier said anxiously. “It’s not like you don’t know my family situation, in order to get my dad treated, I already...” Chen Weier wanted to say that she already sold herself to let her father get treated, but then noticed that it wasn’t right, the person that bought her was the bad guy in front of him, and thus immediately got shy, she instantly

understood this person's meaning. That's right, this guy's so rich, is there any need of her working so hard to earn money? However, Chen Weier's strong personality made her didn't want to be a vase, who relied on a man to support her, that was only good to look at.

After getting in contact with Weier for so long, I naturally understood her thoughts, thus I said, "What I mean is, we should find a day to talk with Bomu, and see if we can make this kind of Mala Tang stall larger, and create a franchise catering cooperation. This way we would mainly need to control the formula and manage, while the other things can be left to others." Saying to that, I suddenly thought of the snack chains like Sichuan Pang-dajie that would appear several years later. This was definitely an industry with a bright future! People treat food as the most important thing, although the profits I earn from high tech stuff could already be said as astronomical, but I couldn't help but admit that, the catering industry was always one with lots of profits whether before, now or in the future, even after the year 2000, a lot of rich businessmen had begun from catering.

Although I was already really rich right now, but no one would hate getting more money. Letting Chen Weier's mother do this Mala Tang was just to test the waters, after that beef noodles, fried chicken, cake stores or even large scale catering motherships will become my goal.

"However, that would require a lot of money right?" Hearing I say that, Chen Weier was also a bit moved as well, watching her mother wake up in the dark to operate the Mala Tang store was torture. If it was just talking about the taste of Mala Tang, if her family claimed second in Songjiang city, no one would dare to claim first! However what use is that, a little stall was always a little stall, it would have a lot of development. If they could really turn into a franchise business, then mother could work as a manager and not get so tired.

"I'll spend the money, and establish the business, but I want some of the shares of the company," I know about Weier's personality, so I directly suggested this plan.

"About this... Let me talk about it with my mom back home," Chen

Weier didn't refuse as expected. A hint of smile appeared on her face. Chen Weier felt really lucky that she found such a good home, she had only been with him for a day, but he already cared so much for her.

Zhao Yanyan didn't feel much confusion for me spending money to help Chen Weier, although she didn't know how rich I was, she heard from Uncle Zhao that my input method sold really well, and earned a lot. It was even sold to Microsoft, and installed into the newly released Windows 95 operating system.

I drove into the parking lot near Department Store-dasha. However, somethings are just so much of a coincidence, a lot of ignorant flies would fly in front of you. I had already gotten pissed off with that Zhou Mingyuan in the morning, but this person had no real grudge with me, so I didn't do anything to him. The next person that appeared, had a bit of story with me. This finally made me understood what was called one cannot avoid one's enemies.

Due to the Department-dasha being on the business street, there were a lot more cars in the parking slow, when I finally found a spot after much trouble, and was about to park the car in, a Mercedes sped out from behind me, and stuck itself into that parking spot with a speed that even radar could not reach.

Fuck that bastard! Now I was really mad, this was the first day of driving and I already bumped into two uncivilized retards. What does Mercedes can't as, I thought back to the trashing Mercedes incident in my previous life, if I got worked up, I will also trash your's/

In the next second, my decision was further solidified. Because this dumb shit down came down from the Mercedes was the lecherous man, Yu Gang, that came to the Mala Tang stall with Chen Yong when I was there wanting to buy Chen Weier, don't talk about it, he really does look like a fucking fish tank.

Fuck it, you aren't walking the heaven's path, and instead walking into hell where there isn't a door. Since you're looking for death, then don't blame me for being merciless. Although from the view of other people,

this fish tank and I didn't have any deep grudge, however I was someone that was very possessive, Chen Weier is my woman, no one else should even think about it! This idiot actually wanted to spend eighty thousand to buy my wife, of course I can't act with courtesy towards him. What's more was that this fish tank actively pissed me off.

I opened the car door and jumped down, then said with a sullen voice, "Back the car out now, I can treat it like nothing happened." It's just that I was a bit soft-hearted, before doing someone in, I like to give them a chance to repent. However, up to now, no one has valued this chance. The fat and thin monks, Liu Kesheng, Li Shaojie *etc.* were all like this, this fish tank as well.

"Fuck! Trashy Jetta, since the performance wasn't able to compete up to me, stop bullshitting there." Yu Gang pointed to my car, and said despicably.

"Yu-gege, what happened," an extremely hot and flirtatiously-dressed woman came down from the Mercedes, immediately stuck onto Yu Gang, and said coquettishly.

"A retard driving Jetta said I stole his parking spot," Yu Gong said to the woman acting coquettishly while pointing at me.

## Chapter 128 – Smashing a Mercedes on the Streets

---

“Hubby, what happened?” At this moment, Chen Weier and Zhao Yanyan also got down from the car, but since the two of them were sitting at the back chatting, they didn’t notice that the person driving the Mercedes was the fish tank.

“Chen Weier!” The fish tank suddenly said while pointing at Chen Weier, who was wrapping herself around my arm intimately.

“Yu Gang?” Chen Weier also noticed then, so the person in front was the Yu Gang that she nearly sold herself to.

“Heh! Fuck, I had thought you were so fucking pure, you’re just a slut,” Yu Gang looked at Chen Weier who was leaning on me in despise. “However your taste is too bad, you just managed to hook one that drives Jetta! If you agreed with me then, you would be sitting on this Mercedes right now!”

“You... Yu Gang! You’re too much! He’s my boyfriend!” Chen Weier quickly explained.

“Boyfriend? Then who’s the slut on the other side? Don’t tell he it’s his jiejie or meimei!” Yu Gang pointed at Zhao Yanyan who was on my other side.

Zhao Yanyan also frowned after hearing Yu Gang’s insults. I couldn’t stand it anymore, did he treat me as non-existent? He continuously insult both of my wives, if I could still let you be then I’m crazy.

I said coldly to Yu Gang, “If you admit it was all crap that you said to my two wives, I can consider giving you another chance!”

“Haha! Crap? It looks to me that you’re crapping! Brat, you should look at your own capabilities before saying that to me, and see whether you have the right or not! Don’t think that you’re something just because you have a car, compared to me, there’s way too much difference!” Yu Gang let out a crazed laughter.

Way too much different? That's right, way too much difference. I think no matter how hard you work, you will not be able to earn enough money compared to the amount of money I earned from that one Shuguang input method.

"How much is your Mercedes?" I asked.

"Nine hundred and eighty thousand!" Yu Gang said proudly/

That's it, I took out a large spanner from the trunk, and rushed over. Yu Gang freaked, and thought that I was going to beat him up, he immediately ran to the side and shouted, "Ai—— What are you doing? Don't act rashly, it's illegal to hit people!"

"Hehe..." I laughed coldly, and thought in my heart, aren't you going to pretend with me? Let's see who's richer today!

I took a deep breath, and let myself go into the superpower mode. Every time I used the superpower, not only did my speed increase a lot, the strength also became several times what it originally was as well.

I used an extremely fast speed to throw the beat the spanner against the Mercedes, and with a "dang" sound, the back lights were smashed into smithereens. Following that, the trunk, back car window, car door, were all smashed one after another. Fuck, I was wondering why so many people liked to trash cars in my previous life, so destruction is so fun.

Due to my actions being extremely fast, before the fish tank even realized, his Mercedes was pretty much turned into a pile of metal, even the engine was broken. Of course, there was somewhere that wasn't touched, and that's the oil tank. I wasn't dumb enough to burn myself yet.

Yu Gang stared at me with his mouth wide open, and all of a sudden he forgot what he was going to say. The coquettish girl beside him also looked at the Mercedes that have turned into a pile of useless metal dumbly.

"You—— What are you doing! Stop!" Only then did the fish tank react, so his car was trashed.

I threw the spanner on the side, and stopped my superpower. The Mercedes already lacked any value in repairing it. I think if you wanted to repair it, the repair fees would definitely be higher than buying a new one.

“You-You trashed my car...” Yu Gang immediately started sweating, this Mercedes wasn’t his. Now that it’s smashed like this, what was he going to do! The brat seems so poor as well, even if he called the police to arrest him, the brat wouldn’t be able to compensate for the car!

“Yes, I trashed it! Because it was blocking in front my car!” I said expressionlessly.

But Chen Weier, who stood behind me, watched me with a face of excitement, I could be sure already that this chick definitely had violent tendencies.

“Do you know how much this car costs? Nine hundred and eighty thousand!” Yu Gang smacked his head and shouted.

“About it... can... I trash it a bit?” Chen Weier said to me with a bright red face.

This chick really is special, she definitely has the potential to be trained for SM in the future. I handed the banner to Chen Weier, and said to her, “I’m sorry, I got too excited just now, and trashed the entire thing. Just play with what’s left.”

“Fuck you! You slut!” Yu Gang roared, and pushed Chen Weier back, and swore. “Fuck it’s because of you, my car!”

Chen Weier nearly rolled over on the floor, the spanner fell onto the ground. You dared to push my wife? You don’t want to live you do? Originally I didn’t want to kill you, but it’s not up to him now.

“Get up, follow me. Let’s deal with the problem of the car first,” I said coldly to the fish tank.

The fish tank walked numbly beside me, and we arrived at the Construction Bank underneath the Department Store-dasha. Due to my VIP card, I didn’t need to queue up and directly arrived at the VIP

lounge, I handed the card over to the bank clerk. "Withdraw a million!" I said.

I took over the large bag of money, and threw it directly to the fish tank and said, "Nine hundred and eighty thousand is the price of your car, buy a new one yourself. The remaining twenty thousand is your medical bill, but it might not be enough, pay the rest by yourself!"

The fish tank already went dumb looking at the pile of money in front of him. He was just getting worried about the car getting trashed, but now he was laughing like an idiot. That Mercedes have been driven for five years already, it would only sell for six-seven hundred thousand max. Now that he thinks about it, he did make a profit. It's just that, what medical bills? The fish tank asked idiotically, "What is medical bills?"

"You'll know later," I swore in my heart, don't think that you're fine after getting the money for the car, I haven't dealt with you about you pushing my wife. I found the chance to call Guo Qing when we went to the bank, and coincidentally, this brat was eating nearby with a bunch of his subordinates, therefore I just ordered him to do it.

I told Chen Weier and Zhao Yanyan's hands and left the bank directly without saying anything extra. The fish tank was still smiling like an idiot there, the coquettish girl's eyes were already glowing, and kept on staring at my face, she shouted like an anthomaniac, "Too cool, throwing up a million just to trash a Mercedes!"

I think if I don't leave soon, then the coquettish girl would definitely not let go of me!

Ten minutes later, a lecherous man that looked like a fish tank got beaten up by a group of black clothed people, his limbs were all broken, and the hand that was used to push people had comminuted fracture.

The cash all fell onto the ground, but no one dared to go and pick it up. The guards of the shopping mall and the bank stood on the side, and didn't dare to stop anyone. When this group of people left after beating up the person, someone in the crowd finally took out their phone and dialed 110.

All that's left was a girl clad in sexy clothes standing next to a blood gourd, with her eyes wide opened, clearly already freaked out.

## Chapter 129 – Slandering News

---

“That felt too great!” I wrapped my left arm around Weier, and held Zhao Yanyan with my right.

“Don’t you just feel great? Trashing nine hundred and eighty thousand in one go!” Zhao Yanyan mocked.

“Hai! Isn’t it just nine hundred and eighty thousand? Your hubby lacks everything except money!” What I said was the truth, the dividends from Microsoft were billed into my bank account again this month. Shuguang also turned into a money printing machine under Zhao Junsheng’s leadership, continuously buying new production lines and enlarging their production, the money in the bank account just kept on increasing.

“Nine hundred and eighty thousand? Ai, it does feel great, but this money was spent too much!” Weier also sighed.

“Then you still wanted to trash as well?” I tapped Weier’s head and said.

“I... I... I also wanted to try after seeing you trash so enthusiastically!” Weier said embarrassedly.

“Aiya, you two are perfect for each other! I have to stay away from you two, all of you have violent tendencies! Or else the two of you might trash me together another day!” Zhao Yanyan looked at Weier and I sideways, and hid to the side.

“Yanyan-meimei, you say I...” Weier actually started to speak coquettishly...

“Weier, who did you learn to speak like that from!” I kept sweating!

“From the jiejie beside Yu Gang just now! I felt like her way of speaking was quite fun,” Weier said.

“——”

Just when I wanted into the shopping street with the two girls, Zhao

Yanyan's phone rang. I found it really weird, no one knows Zhao Yanyan's number except me and a few others, who would call her?

Zhao Yanyan was also very confused, and shook her head to me, he picked up the phone. However without saying much, she handed the phone to me.

"Hey..." I received it with questions, I really didn't get it, who would call Zhao Yanyan to find me.

"Hey, I'm Zhao Junsheng!" Zhao Junsheng's voice sounded out from the phone, "Why didn't you turn on your phone, I started calling you from the morning, but it was shut down the entire time! You're making me too anxious, I could only get to you through Weier without any other choice!"

Turned off? I smiled wryly, and immediately understood the reason. When Chen Weier and I fell onto that island the previous day, in order to start a fire, I used the mobile phone's battery as the fuse. Although I brought back the mobile phone when we came back, but it had no battery, thus I through it causally on the tea table in Zhao Yanyan's home and decided to go to the telecommunication bureau to get a battery.

"What is it? Uncle Zhao," I asked weirdly. Logically speaking, since Shuguang Corporation has already been put onto the right track, Zhao Junsheng managed everything within the corporation, and it didn't really need me. Shuguang Corporation's soft and hardware development team should also have ability to develop things by themselves after getting some core information and related technical data from me, and I didn't need to worry about it.

"There's a small problem!" Zhao Junsheng waited a bit and said. "Did you read today's newspaper?"

"Newspaper?" I mumbled. After reborn, I still kept the habit of checking news on the internet from my previous life, I barely cared about reading newspapers. Even though the Internet has not been popularized, I still didn't develop the habit of reading newspapers. What's more was

that the important things that have happened these years are all imprinted in my memory, the news on newspapers were all old news to me.

“I normally don’t read newspapers,” I said to Zhao Junsheng.

“See if there’s any newspaper stand nearby, and buy a Songjiang Morning Post. There is an article slandering our corporation on it! From this morning to now, I have received countless calls from various media, some even came in person, all of them requesting us start a press conference, and give them logical explanations for this! All of them have been rejected by me temporarily!” Zhao Junsheng said anxiously.

I waved my hand, and notified Yanyan and Weier to go shopping first. The two chicks walked towards the female clothes stores hand in hand, ignoring me. I turned around, I remember that there was a newspaper stand where I parked just now. I walked quickly over there.

The parking slot was in complete chaos, a few traffic police surrounded the fish tank’s pile of “scrap metal”, and were using a tow truck to tow it away. I took a glance, and didn’t care much about it. I directly went to the newspaper stand at the entrance of the parking lot.

“A Songjiang Morning Post!” I handed over three mao and said.

“Little fellow, you’re so lucky! This is the last one! Today something big happened with our Songjiang city’s Shuguang corporation! The newspapers are selling really quick,” the old man selling the newspaper handed me a newspaper and said.

I twitched my eyebrows, how long has it been, and the entire city is already talking about it! What big thing happened with Shuguang Corporation?!

I received the newspaper, and impatiently flipped it open. Just at the front page of the newspaper a very large black heading stood out – Shuguang Input Method: Original or Copied?

My first thought was the slandering of a competitor! This Shugaung Input method was personally developed by me, although a few

advantages of future input methods were fused into it by me, but in 1995, these input methods definitely have not appeared yet, a lot of the developers were actually still in school! Therefore, I was very clear about whether Shuguang input method was original, this was blatant slander!

My gaze swept down the text on the newspaper, at the start I had the attitude of placing myself outside of the situation to watch a show, and didn't care much about this sort of rumor. You have to know that after the year 2000, as the Internet popularized, this sort of news without evidence were everywhere, there wasn't even a lack of ones saying that the living was dead.

However, when I reached the middle of it, I couldn't help but get worried! Even I nearly thought Shuguang Input Method was indeed copied from someone else! I couldn't help but admit, the person writing this article was definitely good at psychological warfare! He wrote three thousand something characters, at the start was just talking about things more or less unrelated, then later on he was talking about facts, logic, and examples that all pointed their spear heads towards Shuguang Input Method! He also indirectly pointed out that although Shuguang Input Method was a product of the country, we shouldn't treat trash as jade and be jealous of others! Although the patent laws were not fully established within the country, but this sort of rip off has already shamed the entire race's face, and should not be tolerated by the society, morality and logic!

Basically anyone would get heated up after reading this! It completely made Shuguang Corporation as liar that has committed multiple crimes and should be killed by everyone! I think anyone with a bit of blood thirst would stand up and ask for justice.

I couldn't help but admit that this that even I, someone that has been reborn, could not write such an amazing attack. And it was because of this, that I immediately realized the severity of the issue. Although one should not be scared of their shadow being slanted when you're standing straight, this was a world with a mob mentality, the side effects of rumors were too huge!

If this continues, not long later, even if Shuguang didn't copy, in the hearts of the public, the copying was still done.

## Chapter 130 – Show them some colors

---

Even when I'm normally at home, I could hear the aunties from the neighborhood committee say: could the newspaper print lies!?

The reputation of a corporation was too important for its future development! If the business's reputation falls, then no matter how good the products produced are, or how advance they are, no one would use it.

"Uncle Zhao..." I said softly. "I read it!"

"What do you think about this?" Uncle Zhao didn't hang up this entire time, and waited for me to finish reading the newspaper.

"They saw a large tree would attract the winds. A human should be scared of being famous, a pig should be scared of getting fat, now that the business got big, there will always be people that get envious, and since they can't beat us properly, they use some hired writers to write a few articles of 'false news' to fatally wound Shuguang. Our business is not the first. Both of us are very clear about whether Shuguang Input Method was original or copied from Microsoft," I said. In my previous life when I was the CEO of Microsoft, I have seen quite a few articles slandering Microsoft, but I could ignore it completely. That's because Microsoft was already huge, and monopolized the market. Although Shuguang was also very large, and had a lot of funds, and advance technology. It was still a business that haven't even been established for half a year, and could not withstand this sort of issue.

"That's right, I also understand this. I already got friends in the media we have in contact with to investigate, and figure out who was responsible for this," Zhao Junsheng said.

"Uncle Zhao, who do you think is the mastermind behind this?" I thought about it and raised this question.

"I considered this as well, this person definitely isn't someone from within Shuguang Corporation. Firstly, our employees have signed an

NDA with the company, and would no just say stuff like that. Secondly, everyone in the company knows that our company gave Microsoft the rights to use Shuguang Pinyin Input Method. They can't be stupid enough to go to the media and say that we stole Microsoft's work. Isn't that picking up a rock to smash their own feet? Therefore, it is very likely that it is someone that isn't very familiar with us!" Zhao Junsheng analyzed.

"Not a bad analysis!" I said in admiration. This Zhao Junsheng did have quite a bit of leadership abilities, this was also the reason why I was fine with handing the company over to him. Zhao Junsheng was right, from the moment I picked up the newspaper, I already refuted the possibility of the author of this person being from within the company.

"However I don't think it'll be easy to find out who the mastermind is. This article should have been sent to the press anonymously or under a false name, unless the author comes forth himself, we have no other solutions," Zhao Junsheng sighed and said.

What Zhao Junsheng said was true. This damn press would report anything for their own profits, I have seen a lot of false newspaper reports that have caused damage to a person or company, in the end the newspaper couldn't even be bothered to apologized, and the situation was just left as it was.

"The most important thing right now is making Songjiang Morning Post make a clarification on tomorrow's newspaper, and have a positive report, and try to protect as much reputation as we can. If we really can't do it, then throw the contract between us and Microsoft out!" I said in an ordering manner.

"Clarification is definitely fine! The press doesn't seem to know direction if we don't show them some colors, I've already contacted people from the government to take care of these bullshitting grandsons. Fuck, they dare to print anything!" This was the first time Zhao Junsheng said swear words in front of me, it was clear that he was already furious. "However it might not be suitable to publish Microsoft's contract..."

“We can’t use this last resort unless we have no other choice. Try to use your relationship to pressure other media as well, don’t let them share the news, and we can’t let the situation get escalate. It’ll be hard to handle if the entire country knows about this. Deal with the situation while it is still within the borders of Sujijang city,” I said.

“I understand. I’ll call my dad later,” Zhao Junsheng said.

I hung up, and fell into deep thoughts. Ever since Shuguang Corporation was established, it was all very smooth. The government supported us from above, and the public supported us underneath, it could be said that we never wronged anyone. Furthermore, the business of Shuguang Corporation was in the leading technology of the country, or even the world, it was impossible to have any direct conflict of interests with other company. Who could do this for no reason, and plot against Shuguang?

The editorial department of Songjiang Morning Post was already in chaos.

“Wang Deyi, you’ve got guys! Who told you to change the headline to this!” A glasses wearing middle aged man around forty years old roared while throwing a copy of Songjiang Morning Post in front of the journalist named Wang Deyi.

Wang Deyi dipped his head, and stood on the sides, afraid to even make a single sound.

“Say something? Idiot!” The middle-aged man scolded.

“Editor Chen, I-I just wanted to increase the sales of our newspaper, so I took the initiative in changing the headline...” Wang Deyi said while trembling.

“Increase sales? Is there anyone that increase sales like you? Do you want everyone at our office to be laid off? Did you get bored of this job and want to go back to farming at home? Reporting anything was fine, but reporting Shuguang Corporation? Did your brain get kicked by a donkey?

What's Shuguang Corporation! It is the star business of our country, ignoring how powerful their relationship is, just the fact that Shuguang Corporation has solved the employment issues of six thousand something people in our city since it was established is enough to make it impossible for the government not to help Shuguang Corporation! The most important in media is facts!

You've done it, listening to reasons, catching at shadows! You dared to print this article that doesn't even have an author! You could have looked more carefully when you decided to print it, you didn't print about those cats and dogs, flowers and grass, celebrities of sports or music, you just had to pick on Shuguang Corporation! Our newspaper company is most likely screwed!" Editor Chen was so angry that his body trembled.

Wang Deyi was also covered in sweat due to fear, his heart was regretting it to the max. He received a foreign number while he was on duty at the office the previous night, and it faxed this article to Wang Deyi, asking it to be put onto the headlines of tomorrow's Songjiang Morning Post, then he promised that Wang Deyi would be paid twenty thousand Yuan as thanks. Wang Deyi didn't think it was any big deal, isn't that just an article attacking someone else, it's not like he hasn't written any false news like this in the past, it won't cause any big deal, and so he agreed. Yet, after this newspaper was printed today, that stranger didn't contact him, and he didn't even get 1 mao.

At this time, the door to the editor's office was opened, and several people walked in.

"Editor Chen, I am from the Press and Publication Bureau, I have to conduct some investigation of the truthfulness on the article about Shuguang Corporation that was printed on today's Songjiang Morning Post, please cooperate!" The person in the lead said.

Editor Chen sighed, he didn't think someone would come to investigate so quickly, although the person that came spoke with courtesy, but his editor position might still be removed.

Editor Chen glared at Wang Deyi sharply, then stood up to shake

hands with each and every one of the people that come in.

## Chapter 131 – Blackmail Me

---

I put away the mobile phone, turned back to the business street, and noticed that I lost sight of the two girls. Zhao Yanyan's mobile phone was still with me, there was no helping it, I could only search shop by shop.

Suddenly I noticed that a lot of people surrounded the entrance of one of the shops. Originally I didn't want to care, but when I neared, I heard a voice that I couldn't be more familiar with.

"Don't you need to try when buying clothes? Didn't I just try a few extra, look at your service attitude!" Zhao Yanyan's voice of displeasure passed into my ear.

"Buying? From the looks of it you two can't even afford it, you just want to try a few more to feel good! Did I say anything wrong? You two just tried here and there, and got picky about this and that, my clothing shop still needs to do business!" A coarse voice roared.

"Who said we weren't buying? How do you know we aren't? Chen Weier also started speaking.

"Heh, you buying? Can you afford it? This is imported fur coats from Italy, costing several tens of thousands for one! If you two little girls can afford this, I'll rip my head off," the coarse voice sneered.

"Let's go, Yanyan-meimei. There's no need to get answer with this sort of people!" Weier suggested. Since there was only them two girls here, and so she didn't want to get into trouble.

"Go? Can you go? Wanting to go after making the clothes dirty, how's there something so simple in the world!" The coarse voice roared.

"What relationship does it have with us, your clerk didn't catch it and it fell onto the floor!" Chen Weier immediately said anxiously seeing that the shop owner wanted to act rogue.

"We didn't catch it? The clothes fell from your hands, what does that have to do with us? So you're saying that if you push someone off

upstairs, and he died, it's because the people at the bottom couldn't catch. So you have no responsibility? You have legal blindness right!" The coarse voice pointed at Chen Weier and said.

"Then what do you want? Zhao Yanyan has seen more things, and knows that the person in front wanted to blackmail her, so immediately calmed down.

"What do I want? My fur coat is the famous Italian brand —— XXXXX brand! Sixty something thousand! Now that it's dirty, what do you say!" The coarse voice said proudly seeing that the chick in front of her fell far it.

"Sixty thousand? Who are you tricking, don't think we don't know anything!" Zhao Yanyan said angrily. Mommy's fur coat is just thirty something thousand and it was better than the one in front of her by who knows how many times, could something that doesn't even reach that level sell for sixty thousand?!

"Don't care about if I'm tricking you or not, this is a true branded good!" The coarse voice showed a "I can sell it for however much I like" look.

"You——! Fine, then what do you say!" Zhao Yanyan was the kind of more civilized girl that didn't want to cause trouble. This was also the reason why I didn't know her family background for so long in my previous life.

"Call your parents, and tell them to send ten thousand over as compensations, then I'll just admit my misfortune!" The coarse voice said as he suffered a big loss.

"This is clearly blackmail! It's illegal!" Chen Weier immediately refused since this guy started off immediately with ten thousand.

"Blackmail? Little girl, be careful of what you say, what do you mean blackmail? This is compensation for my loss! My fur coat is sixty thousand something, if you calculate it, I have lost a lot!" The coarse voice shook his head and said.

I knew it was my turn to appear, I managed to get a grasp of the situation. How could I let my two beautiful wives continue to get bullied by this coarse voice with bad lucker? The reason I called him bad lucker is because misfortune is about to fall upon him. A sinister plan formed in my head.

“What’s going on? My big and small wife, who wants to blackmail you?” I held my hands in front of my chest, and squeezed through the crowd, arriving beside the two girls.

“Hubby! You finally came!” The two girls looked at me happily, and each of them wrapped around one of my arms.

It was the coarse voice’s turn to momentarily blank, he could have never imagined that the two girls as beautiful as flowers were both the wives of the man in front of him. If it really was like that it would be difficult to deal with! Since this man could support two wives, then definitely wasn’t someone normal, either rich or noble. It’s all because of his greed that he caused this trouble.

“Wifeys, what’s going on?” I held one both in each arm and said. Actually I actually understood everything at the side.

Zhao Yanyan and Chen Weier couldn’t help but blushing hearing I call them “Wifeys” in front of so many people. Zhao Yanyan was a bit calmer, and told me how everything came to be.

“About this... I don’t think this is actually a big deal...” The coarse voice had a bit of guilt after seeing my proud appearance.

“I was wondering what it was! Isn’t it just a fur coat! Sixty thousand kuai, that’s too cheap, I’ll beat it!” I intentionally pretended to be an upstart and said. Fuck, seeing that the coarse voice wanted to back down, of course I can’t let him! If he regrets it then how am I supposed to play with him!

“You said you want to buy it?” The coarse voice immediately got excited after hearing what I said. He had thought the person in front of him would get really mad, he never imagined that the person would really buy it! The coarse voice felt relieved and thought, so it’s another idiot, it’s

just that he's an upstart idiot. If I don't rip him off furiously, then what am I supposed to do! He immediately changed his attitude, and said respectfully, "Mister, let's talk inside!"

The other people crowding outside wanted to see a show, but they didn't think the situation would be resolved so easily, thus all of them left sadly.

Inside the shop, the coarse voice took out the dirtied fur coat and said to me, "It's this, it's from the Italian XXXXX brand!"

"How much?" I raised my head to look at the fur coat, and immediately felt relieved.

"Sixty eight thousand eight hundred after discount!" The coarse voice said randomly.

I took it over to have a look, it really had dust stuck to it, which couldn't remove by hands.

"Fine, it's not expensive. I'll take this, go and get the receipt and honor card for me!" I casually threw a bank card over without hesitation.

This made the coarse voice blank. He never would have imagined that the person in front of him wouldn't even negotiate for the price, he assumed that the person would try to lower the price. The coarse voice happily received the bank card, getting extremely happy, the cost of the fur coat was not even two thousand kuai, he was making a huge profit! He didn't think this upstart in front of him was so rich, he should have gotten more from him! From the looks of it he can take out even a hundred thousand.

However, this guy did not know my thoughts at all, under this situation, even if he asked me to spend a hundred thousand, I wouldn't hesitate, in fact I would be even more happy.

After a while, the coarse voice finished everything, and handed me the receipt and honor card. I flipped over the honor card, and stopped my gaze on one condition, a cold smile, that went unnoticed by others, appeared at the corner of my mouth.

## Chapter 132 – Who plotted against who?

---

I have seen the advert of this fur coat shop on television many times, and didn't pay too much attention to it, I just remember the one sentence of "one fake will be compensated with ten"/

Now that I hold the honor card of this fur coat, I saw that there was a condition of "all of the fur coats sold from this store are real, if any fake is sold, it'll be compensated by ten times" written on the back.

I know about Fishman brand fur coats, the real Fishman brand fur coats don't need to be washed, and dust won't stick onto it. Now the one the coarse voice have given me is already dirtied to this level, it was clearly fake.

I looked at the coarse voice that was happily counting money, he was smiling so much that his mouth couldn't close. I thought in my heart, I'll let you be happy for a while, let's see how you're going to cry later.

"Owner, is this coat you sold me Fishman Brand?" I stopped smiling and asked suddenly.

The coarse voice momentarily blanked and immediately said, "Yes, of course it is! Otherwise how would I give you the honor card! Our shop never sells fake stuff!"

"Oh!" I nodded in false satisfaction. What I wanted was this sentence.

Seeing that I didn't have much reaction, the coarse voice let out a sigh of relief. He swore in his heart, you bumpkin nearly scared me to death. I thought he really saw through something.

However, my following actions was enough to shock the coarse voice. I took our Yanyan's mobile phone, and dialed a phone number.

"Hey, Uncle Li?" I said.

"..."

"I'm Liu Lei... Yes, yes, Uncle Zhao's..." Every time I called someone I

had to use Uncle Zhao's name. Gah, you have to know that I am Shuguang Corporation's chairman!

“...”

“I got into some trouble in the business street next to Department Store-dasha... Yes, I got tricked, at New Fur Plaza!”

“...”

“Sure, I'll wait a bit,” I hung up.

“This bro, look... If you are unsatisfied, you can get a refund...” The coarse voice started worrying after hearing me make the call. He thought, this fellow is so rich, he can't have gotten a bunch of delinquents to trash my store right? He (the shop owner) couldn't think about making money anymore, and his attitude turned around completely.

“Refund? Why would I get a refund! Fishman Brand fur is my favorite brand... Of course, ignoring fakes,” I deliberately pretended to say “ignoring fakes” out as if it was just a coincidence.

However, from the coarse voice's perspective, these words were like a sharp sword that directly pierced into his heart. It's all because of his momentary greed for money, he never would have thought...

“This day, it's all Laodi's fault, you can be a great man and not remember a petty person's wrongs, and let Laodi off!” The coarse voice said with a crying face. The way he addressed me also upgraded from “bro” to “day”.

“Shop owner, what are you saying? What do you let you go? Why don't I understand?” I laughed coldly in my heart, but still showed a confused expression.

“Aiya, you're messing with Laodi! I have elders and youngsters... If anything happened to me, what is my family going to do!” The coarse voice nearly kneeled for me.

“Say, shop owner, what are you saying that here for? What do you mean you have elders and youngsters? There's something wrong with

you right?” Now I was really confused, this shop owner can’t have split personalities right!

“Didn’t you find some people to trash my store?” Seeing that my expression didn’t look like it was acting, the coarse voice asked weirdly.

“Trash your store? Why would I trash your store! This is a lawful society, I am also a law-abiding good citizen, why would I trash your store! What are you thinking!” I didn’t know whether to laugh or cry, so this fellow misunderstood my meaning. He thought I called some people to trash his store.

“Ah?... Not trashing store...” Hearing that I didn’t want to trash his store, the coarse voice also got confused, who did he (Liu Lei) call if not to trash his store? He (shop owner) could only nod blankly.

Just at that moment an enforcement car from the Trade and Industrial Bureau stopped in front of New Fur Plaza, several people wearing uniforms came down from the car and directly pushed the door open and came inside.

The coarse voice immediately blanked, but then still went up to greet him, “Wang-ge, what wind blew you over!” He knew this Wang-ge, he was in charge of getting the business administration fees in this area, and wasn’t too familiar with him (the shop owner), but they had a bit of business each other, and he could say something.

The person called Wang-ge didn’t even look at the coarse voice, and directly walked in my direction.

“Hello, are you Mr. Liu?” Wang-ge asked.

“是的，您是.....”我站起身來，與王哥握了握手說道。

“Yes, you are...”

“Chief Li asked me to come,” Wang-ge said quietly to me. It seems like this Chief Li already told my characteristics to him.

“What happened!” Wang-ge immediately resumed his professional tone. This was also a hint to me, I was in the right here, there was no need to make it seem the Trade and Industrial Bureau deliberately stood

on my side. Working impartially was the best, this way no one could say anything.

I told him what had happened, then pointed out that the honor card did say a compensation of ten times behind the it.

“Is everything he said real? So your fur coat is fake?” Wang-ge held the fur coat in front of the coarse voice and said.

“About this... Wang-ge, don’t listen to his bullshit, I never sell fake stuff...” The coarse voice was already sweating, when he heard me mention a compensation of ten times, his heart screamed that this wasn’t good, so the newbie actions of this upstart were all acts, it was like he had already planned to plot against him once.

“Why do you have so much useless words, I’m asking you if it is real or fake!” Wang-ge said impatiently.

“... Real...” The coarse voice clearly didn’t have much confidence in his words, but still continued.

“Is it? Then we can only send it to the technical supervision bureau to be checked. This checking fee isn’t cheap, if this thing really is fake, then the fees are handled by the business! How’s it, have you thought about it carefully?” Wang-ge clearly didn’t care about the coarse voice’s reply, there were too many ways to deal with this sort of people.

“About this...” The coarse voice also hesitated, this fur cat is definitely fake! It was a counterfeit that he got from Guangzhou, he had originally wanted to sell it cheaply, but due to his momentary greed that blinded his heart, he actually wanted to treat it as a real product to rip off the customer, but got into trouble despite all his confidence.

“It’s fake!” The coarse voice hesitated for a long while, then finally admitted.

“Okay now, since you admitted it, you need to compensate the consumer immediately according to the promise! As for you selling fake stuff, it isn’t over between us,” Wang-ge took out a punishment slips and said.

“About this... Can I compensate a few days later...” The coarse voice still didn’t fully give up.

## Chapter 133 – Business Opportunities Everywhere

---

“After a few days? Whether or not your shop can continue to open after a few days all depends on your current performance!” Wang-ge said expressionlessly.

“Okay, okay I’ll immediately pay, immediately pay,” the coarse voice freaked, and immediately got obedient.

I told the coarse voice my bank account number, and he immediately called the bank to transfer the money.

Ten minutes later, my checked that my account indeed had an extra six hundred and eighty eight thousand and eight hundred Yuan. Then I nodded in satisfaction to Wang-ge, before taking the two girls out of the fur store. I threw the fur coat I just bought casually to the side, even if stuff of this quality was given to me, I wouldn’t take it.

The coarse voice felt terrible, no matter how stupid he is, he could tell that I called the people from the Trade and Industrial Bureau over, but he couldn’t say anything either, he was doing things by the books, and did not cross the line at all. The coarse voice sighed, and held the fine Wang-ge gave him, he really suffered a loss that he could only keep quiet about this time.

“Hubby, you were so cool just now!” Chen Weier held my hand, and stuck excitedly by my side.

“Of course, you need to look at who your hubby is!” I said proudly. I spent a million to trash a Mercedes in the morning, not even half a day has passed before getting back nearly seven hundred thousand. Although this money wasn’t much to me, it still made my mood great.

“Yeah, I had thought you only knew how to solve things with violence! Liu Lei, I never thought that you are pretty good at plotting against people!” Zhao Yanyan also said happily.

“It can’t be, is your hubby just a simple minded, fool with a developed

five limbs?” I chuckled and asked.

“Five limbs? Isn’t it four limbs?” Chen Weier asked weirdly.

Zhao Yanyan has been with me longer, and had a bit of understanding ability with this sort of speech. She immediately thought of what I meant by developed five limbs, she blushed, glared at me, and said, “Pervert!”

However, Chen Weier didn’t understand, she looked weirdly at Zhao Yanyan and me, “What’s going on? What does this have to do with pervert?”

I just kept a naughty smile on the side, causing Chen Weier to hold Zhao Yanyan and ask, “Yanyan-meimei, what exactly is going on?”

Zhao Yanyan looked at me, and wasn’t sure of how to reply. This sort of thing could only be communicated with meaning and not with words, how could a girl say this out loud.

How would Chen Weier know this, she looked at the ambiguous expression between Zhao Yanyan and I, and thought that we had some secret that we were keeping from her, thus she pouted unhappily and said, “Are you two treating me as an outsider, hiding everything from me.”

Zhao Yanyan couldn’t help it, glared at me sideways, then muttered a few sentences beside Chen Weier’s ear shyly, Chen Weier’s cheeks immediately turned bright red, and said to me in dissatisfaction, “I really don’t know what’s in your head the entire day! Having such good grades despite always thinking about that!”

“Hehe, I wonder who it was that always says to me: I want... But their grades aren’t bad!” I mimicked the voice of the two girls on the bed and laughed.

“You’re still saying it!” The two girls shouted. What awaited me was series of little fists.

Ai, sometimes having a bit more wives might not be a good thing, if I had a few more in the future, wouldn’t I be beaten to death.

The two girls went on a shopping spree with my accompaniment. Originally Chen Weier wasn't quite willing, but under Zhao Yanyan's encouragement, the two bought a lot of the same clothes, even the same underwear. If you didn't know you would think the two were sisters. I didn't have any complaint, fully showing off my upstart abilities, and just kept on spending money without twitching an eyebrow. In fact, I was a little happy, I was scared that they would just walk and not buy anything, that would be even worse. I rather finish buying quickly.

Only then did I notice how great the initial idea of me buying a car was, the stuff I bought could be sent to the trunk at any time. Otherwise wouldn't I, this free baggage carrier, be tired to death.

After shopping, the two girls first went back to the Zhao Yanyan's family's mansion in the development area, I explained to them for a bit, then raced straight to Shuguang Corporation after telling that Uncle Zhao had some business with me.

Walking out from Zhao Junsheng's mansion, I looked at the construction area nearby, and sighed in secret. The real estate industry was immediately going into its peak, I wonder if I can get a share from it? Songjiang city in 1995 had business opportunities everywhere, casually throwing out a bit of experience from my previous life could great a millionaire. However, what I lacked right now was talented people, if an industry didn't have a god leader, then any money and experience was pointless. This made me think of a sentence I often heard in my previous life: What's the most important thing in this society, it's talent!

No matter when this sentence was put, it was an unmovable truth.

According to Uncle Zhao, personnel already went over to give out the appropriate punishment to Songjaing Morning Post. They will clarify the truth on tomorrow's newspaper. Although they have issued a callback for today's newspaper, all of the newspaper stands already sold out, and it was pretty much impossible for a callback.

"Did you find out who was behind this?" After I closed the door, I said

to Zhao Junsheng.

“It’s the result of one of their editors called Wang Deyi at their company, the person that sent the article in promised to give him twenty thousand kuai after it was done,” Zhao Junsheng said.

“Twenty thousand kuai? This fellow is too daring! Then would he dare to print some porn pics if he was given some money?” I said. This person was too easy to fool, selling the headline for twenty thousand kuai.

“That’s difference! They have their limits, it isn’t much problem printing about some insider news of businesses, but they made their mistake on printing about our Shuguang Corporation,” Zhao Junsheng said.

“What about that Wang Deyi?” I asked. I will definitely not let these petty people off easy, after all Shuguang Corporation was all established my me, it was like my children, -how could I let other people casually slander it.

“He was arrested because of bribery already,” Zhao Junsheng said.

I nodded, since the brat was caught, he can’t possibly come out that easily. Don’t look at how little his bribe seemed to be, but the crimes of defamation, abuse of power *etc.* was although to cause big trouble for him.

“Did they find the person that sent the article?” I asked.

“However, this person contacted Wang Deyi through the phone. However according to Wang Deyi, he hasn’t gotten the payment of twenty thousand even now, instead he got himself in trouble,” Zhao Junsheng smiled.

I’ll leave this thing temporarily like this. Following that, Songjiang Morning Post publicly apologized the next day, this incident with Shuguang Corporation also gradually faded from site. Some people even thought that this was a some sensational news by Shuguang Corporation itself.

I pretty much spent the entire winter break rolling around with Zhao

Yanyan and Chen Weier. I would lie on the bed holding one in each arm whenever I have nothing to do. I don't know why I turned so lazy, could I have gone into hibernation?

## Chapter 134 – I just like him

---

“What’s going on here? Didn’t you tell me that his input method was plagiarized? Why did the newspaper clarify it?” Xu Ruoyun heard a copy of Songjiang Morning Post and questioned.

“About this... It is plagiarized, who knew that the Shuguang Corporation’s power is so huge, actually forcing the media to apologize...” Li Boliang had no more confidence anymore, even he couldn’t be sure of whether it is plagiarized or not. Although Shuguang Corporation was extremely powerful, if their software was really plagiarized, how could they make such a huge deal of apologizing and clarifying? Any other people would have just admitted their misfortune.

“Li Boliang, are you treating me like an idiot? Plagiarized? I think you have ulterior motives!” Xu Ruoyun snorted.

“Ruoyun, don’t be blinded by that fellow! This is for your own good, so you can see him for what he really is,” Li Boliang explained.

“For my own good? You did it for yourself! Li Boliang, I can clearly tell you that, from this point onward, the two of us have no relationship anymore, we aren’t even friends!” Xu Ruoyun said coldly.

“Ruoyun, don’t get angry! I admit, I’m selfish! I did it all for you! However, this is because I like you!” Li Boliang immediately got anxious, originally he thought his passionate article could cause Liu Lei’s fame to fall to the ground. He didn’t expect this problem, before this thing could be built up, it was clarified the next day, the editor Wang Deyi that held him was also arrested. This made Li Boliang infinitely speechless.

“Like me? There are many people that like me,” Xu Ruoyun was not moved at all.

“But before you met Liu Lei, wasn’t our relationship quite good? Even if we weren’t a couple, we were really good friends!” Li Boliang asked without giving up.

“It was because I thought you were a rather just person before, but I had always treated you as my older brother, there is no feelings of men and women involved!” Xu Ruoyun said without mercy.

“Heh! I think you most likely fell for that little white face, Liu Lei, right!” Li Boliang couldn’t stand it anymore and said angrily.

“I just like him, so what! I admit, are you happy now!” Xu Ruoyun left a sentence behind, before she turned around and left.

Li Boliang stood dumbly on spot, he knew that he lost, and it was a complete and utter loss. However, he could not think of the reason why he couldn’t gain Xu Ruoyun’s affection despite being so excellent. As the president of the Songjiang Computing Association, he had achievements since young, and didn’t use any relations with his family to gain a sponsor for the association from a foreign business, he, who was twenty, was far more mature than others his own age. The entire time, he didn’t have a low number of girls pursuing him, but all of them were due to his family background. Only Xu Ruoyun was not attracted by money. The reason Xu Ruoyun could become his friend at the time, was solely due to his own talent.

The first time Li Boliang came into contact with Xu Ruoyun, he was really shocked. Li Boliang have seen many beauties, but this was the first time he has met one that had both beauty and intelligence. Li Boliang had always thought of beautiful girls as flower vases, but Xu Ruoyun gave a different feeling to him. Ever since the two of them came into contact, their relationship gradually improved, Li Boliang also thought that Xu Ruoyun would become his girlfriend sooner or later, he never expected such a change in the middle.

Actually Li Boliang had immediately regretted it after sending the article attacking Shuguang Corporation to the press. Ignoring the fact that he had no actual solid evidence, if Shuguang Corporation pursued the matters, then the results would be really severe. That’s why after the newspaper was published, he didn’t show himself anymore.

That morning, I was sleeping nicely on my bed, when the sudden

ringing of my mobile phone woke me up from my dreams. I was dreaming about Xia Jing having returned to my side, and the two of us were preparing to recall the feeling of that day, but then I woke up.

“Hey!” I furiously picked up the phone. I looked at my watch, it was only a little past seven. Who was it so early in the morning?

“Hey, Liu Lei. I’m Xu Ruoyun,” the pleasant female voice came from the other side of the call. However, I didn’t care much about this voice.

“You’re looking for Yanyan right, she’s not with me...” I sweat, this chick can’t have come to catch us in bed so earlier in the morning right.

“... I’m looking for you.” Xu Ruoyun said after a brief silence.

“For me? For what?” I asked weirdly. There doesn’t seem to be much relationship between her and I.

“Yeah, do you have time? I have somethings I want to ask you about,” Xu Ruoyun said.

“Now?” I crawled up from the bed and stretched.

“Yeah,” Xu Ruoyun said.

“Sure, then wait for me,” I said, then hung up. Suddenly I realized that something was wrong, and that’s...

The mobile phone rang again.

I picked up, and heard little chick Xu said angrily, “Liu Lei, why did you hang up the phone? Do you know where to find me?”

“E... About this...” I also just noticed the issue.

“Heh, the coffee shop in front of Fourth High, hurry up, take a cab. Also, bring a bit more money, you’re paying later,” she didn’t wait for me to reply before hanging up.

Ten minutes later, my Jetta parked outside the coffee shop near Fourth High.

This was where I met Chen Yong last time, I didn’t think little chick Xu also like this atmosphere.

I entered, and noticed that Xu Ruoyun, also known as little comrade lightbulb, was sitting in a couples seat in a corner drinking coffee.

I really don't know what this chick is thinking, not sitting in so many empty double tables, and just had to sit in that spot, I don't know what Zhao Yanyan and Chen Weier would say if they saw this.

I directly walked over, and sat opposite Xu Ruoyun. I didn't think that little chick Xu actually smiled when she saw me, handed me the menu and asked, "What do you want to order?"

This was the first time Xu Ruoyun smiled at me for no reason, causing me to not know what to do all of a sudden. I even thought about whether the person in front of me was Xu Ruoyun, this was a completely different person from the little light bulb that would oppose me for no reason normally.

"Don't you know that it is a rude to just stare at a girl? I... am shy!" Seeing that I gazed at me, Xu Ruoyun blushed, and said awkwardly.

She really wasn't going to give up until she shocked me, hearing this, I went completely dumb. I nearly went under the table. "You... You..." I wasn't sure what's going on, even though I was rather mature mentally, I was still confused by this chick. Did this person have dual personalities?

## Chapter 135 – Xu Ruoyun’s Confession

---

“Don’t ‘you... you...’, quickly order something to drink,” Xu Ruoyun actually blushed.

“Oh... okay,” I don’t know why, but looking at the Xu Ruoyun in front of me, I felt a special feeling in my heart.

“I’ll have a cup of Cappucina,” I said to the waitress.

“Kapocainao? What’s that?” The waitress repeated weirdly.

“Pu—— Haha,” I couldn’t help but laugh.

“Xu Ruoyun looked at me sideways, then said to the waitress,” He wants Kabuqinuo!”

The waitress nodded and left, when she left, her murmured, “Kabuqinuo is Kabuqinuo, why would you say Kapocainao...”

I shook my head speechlessly, the Songjiang city in 1995 didn’t have those proper coffee shops like in the future, the coffee shops right now was primarily selling juice and cold drinks, and had more of a Huaxia culture.

This waitress actually didn’t know what Cappuccino was.

“You’re showing off you that you know English!” After the waitress left, Xu Ruoyun glared at me in dissatisfaction.

“E...” I really didn’t know what to say, I would always order like this in my previous life.

“I’m sorry, calling you out to drink coffee with me so early in the morning,” Xu Ruoyun said with a smile.

“No problem, you’re Zhao Yanyan’s good friend!” I said perfunctorily. What did the chick ask me to come out for? She can’t have just wanted to get me to treat her to coffee right!

“Oh... I thought the two of us are good friends,” Xu Ruoyun said

disappointedly.

“Yeah, of course we are,” Seeing her like this, I immediately added. However I regretted it right after saying that, I clearly saw a hint of craftiness flash across her eyes.

“Liu Lei, do you remember when we first met?” Xu Ruoyun drank a mouthful of coffee and said.

“... That time when we were going to Yanjing?” I asked.

“En, I felt like you were so annoying at the time, always picking out other people’s bad points,” Xu Ruoyun said with a red face.

“Did I?” I was already really confused due to this chick, so I said casually.

“You forgot?” Xu Ruoyun said in disappointment.

“No, no, how would I forget. Who made it so that you were so rude to your grandpa!” I remembered how disrespectful the little chick was on the train.

“En, you had even scolded me justly at the time, you were so cool!” Xu Ruoyun said with a red face.

“Hehe...” I laughed dryly and didn’t know what to say. Why do I feel like the atmosphere is so weird? This chick can’t be crazy right? Is her brain messed up or am I day dreaming!

Suddenly, Xu Ruoyun said loudly, “Liu Lei, I love you.”

I looked dumbly at little chick Xu, what is she doing? It’s like she’s confessing to me? Fuck, was I hallucinating because I didn’t sleep well last night?

However, I don’t know why, but I felt a hint of sweetness in my heard, could it be that I had fallen for this chick that was normally rude to me?

Just as my mind was wandering, I heard a roar. I looked towards the direction of the voice, and noticed a man was standing beside us, his face full of anger.

Of course, this angry teen was Li Boliang.

“What are the two of you doing?” Li Boliang pointed at us and shouted. “Ruoyun, you really fell for this man! You disappoint me too much, you actually fall for such a piece of trash!”

“Who did you say is trash?” I raised my head and looked coldly at Li Boliang. He has the right to like and pursue Xu Ruoyun, I have no way of interfering with that, but I naturally would not allow him to say I’m trash for no reason.

“Heh, who knows,” Li Boliang snorted. “Making a Shugaung input method, it is someone else’s, but you had to say it’s your own.”

“Whether it is mine or not, the newspaper already clarified,” I said emotionlessly. If it wasn’t for the fact that Xu Ruoyun didn’t have much to do with me, I would have slapped this Li Boliang already.

However, I felt there must be more to it to Xu Ruoyun’s sudden confession.

“Newspaper? You just bribed the press,” Li Boliang twitched his mouth. “The truth is above arguments, why would the press say that before? Why did they apologize due to pressure later? A smart person would see the issue with it in one go.”

“Think whatever you want, I don’t want to explain these things to some extremist like you,” I eyed Li Boliang, then said faintly. It’s his problem however he wants to think, I can’t control him.

“Heh, Xu Ruoyun, I won’t give up!” Li Boliang knew that he was losing in reason, and can’t argue with me, so he just said hatefully. “Liu Lei, watch out! We’ll see!”

After that, he walked quickly out of the coffee shop.

Why did Li Boliang appear here? Also what did the thing Xu Ruoyun said to me mean? I looked at Xu Ruoyun with a face full of confusion.

The chick was already completely red, she stayed silent for a moment, before slowly saying to me, “Liu Lei, just now... just now the situation

was rather special. I accidentally bumped into Li Boliang in the coffee shop, he said a lot of stuff like how he likes me, basically he just wouldn't let go -of me, and he just had to make me agree to be his girlfriend. In the heat of the moment, I lied to him and said that I already had a boyfriend, Li Boliang didn't believe me, so I could only tell him that I came here for a date with my boyfriend," Xu Ruoyun paused a bit before continuing. "Then, you know everything that followed, he just had to wait and see who my boyfriend was. The situation as rather tense just now, so I couldn't tell you earlier, and could only act out the scene just now."

After Xu Ruoyun said this, I instantly understood everything! So she was acting the whole time! My brain buzzed, and my heart instantly had a feeling of loss.

Although I knew everything that happened was rather weird just now, but I still had some unusual feelings. I even had a wishful thought that everything that happened would be real.

However, everything was just a lie, I became Xu Ruoyun's shield, this made me a bit furious in my head, I was used by her from the start, yet I still laughably thought that it was real! I was really too dumb, too naïve...

However, it wasn't really much after thinking through it, having Xu Ruoyun think of me to be her shield also proved her trust towards me, and I can't disappoint this trust, thinking about that, the issue in my heart also dissipated a little.

"Sorry... I..." Seeing that I was expressionless, and my face was rather dark, Xu Ruoyun thought I was angry, and carefully apologized to me.

"It's alright," I chuckled while my emotions returned to normal. I already had Yanyan and Weier, two spectacular women, what's the point in thinking so much about useless matters.

"..." After saying that Xu Ruoyun's face was also bright red, and she felt extremely embarrassed. After all, she had just said "I love you" to me in front of so many people.

## Chapter 136 – It's all true

---

“Oh yeah, didn't you say you wanted to find me for something? What is it?” I adjusted my emotions, and broke through the awkwardness. Calling me so early in the morning, it was natural for Xu Ruoyun to have something very important, of course I wouldn't be stupid enough to think that she just wanted me to pretend to be her boyfriend.

“En, then let's talk about serious matters,” Xu Ruoyun nodded, and returned to normal. She said seriously to me, “Liu Lei, I have one thing I always wanted to ask you, can you answer me honestly?”

“What is it? Ask. As long as it's not making me sell out national secrets, I will tell you,” in order to ease the atmosphere, I joked.

I didn't think that my words actually had the opposite effect, Xu Ruoyun glared at me unhappily, “I'm talking serious matters with you, can you not joke?” Xu Ruoyun already recovered from the state just now, and her attitude to me become extremely cold again.

“En, ask,” I immediately serious solemnly.

“Did you write that Shuguang input method yourself or not?” Xu Ruoyun asked.

“Shuguang input method?” I momentarily blanked, why was it Shuguang input method again? Why did this chick just had some special feelings for my input method! I remember that when I was with the little chick Xu the last few times, she always asked me about this input method, could it be... I immediately thought of the incident that was getting really controversial on the newspaper about Shuguang input method being plagiarized a few days back...

“I wrote it myself!” I hesitated a bit, then said without a doubt. “Why are you asking me about this?”

“Because someone told me that your input method was plagiarized, and I saw on the newspaper several days back...” Xu Ruoyun explained.

“However they suddenly clarified the next day.”

“I wrote that input method, I authorized the rights to Microsoft,” I felt like there was nothing to hide now, and so I told little chick Xu.

“Ah?! You authorized it?” Although Xu Ruoyun knew about the general matters from the clarification on the newspaper, but she still couldn’t help but gasp.

Since the newspaper did not go into detail, and it just said that Shuguang and Microsoft were cooperating. What kind of company was Microsoft, it was the head of the software industry, they would actually use a high schooler’s authorization.

“Yes. Windows 95 decided to use this input method that has already gotten a little famous in the mainland market in order to better get into the mainland market, since the people that have gotten used to it wouldn’t want to give up what they have gotten used to,” I explained calmly.

“Then why didn’t you take out these prove to shut the people saying stuff up!” Since little chick Xu said this, it means that she has already accepted my explanation in her heart.

However, are things like evidence really taken out so easily? I do have the contract with Microsoft, but it isn’t good to publish it, but it wouldn’t be good to show it to the public, it’s all because I put sensitive numbers like percentages into it due to wanting to lessen the troubles, the money these number represented was billions or even tens of billions, if it was shown to the public, it would be a bit too shocking.

Although Shuguang Corporation has developed stably in this time period, no one on the outside knows exactly how much Shugaung has, if the amount was really shown (despite it actually only being a small portion of it), it was hard to avoid some groups or organization continuously try to get sponsored, it would be way too troublesome.

“After a bit more time, people would most likely forget about this case, so what’s the need to make this extra move. What’s more, that’s Shuguang Corporation’s issue, I’m just a software developer, how could I

say anything,” I didn’t want to spend too much time on that.

“That’s true. However doesn’t Shuguang Corporation belong to Yanyan-jie’s dad? Just have a word with him!” Xu Ruoyun suggested.

“Never mind, doing that will only make others think we’re petty,” recently, I found that I really was a bit tired, I randomly got a bunch of enemies after getting reborn, causing the troubles to be endless, I really was a bit tired. Actually sometimes if it isn’t anything huge, as long as it doesn’t threaten the interests of myself and my family, there is no need to take revenge.

“Liu Lei, but I always feel like someone is the mastermind behind it, I feel like the article was written by someone Li Boliang found,” Xu Ruoyun suddenly said quietly to me.

“Li Boliang?” I suddenly thought of the angry teenager just now, it might really be possible after hearing her say that.

“Yeah! Because the morning the newspaper came out, he came to me and bragged. Li Boliang normally doesn’t read the newspaper, if that article had nothing to do with him, how could he know about this first thing in the morning!” Xu Ruoyun analyzed logically.

Fuck, I wanted to let this fellow go, but it looks like I have to find a chance to take care of him, he nearly caused huge troubles for me just with an article, thank god I found out about it early, or else the reputation of Shuguang would really be ruin by him.

Yet I still said, “Never mind, it’s already passed.”

Xu Ruoyun nodded thoughtfully, and said, “It would be good if Li Boliang was half as generous as you.”

I’m generous? It’s more like you don’t know me right? Although I don’t plan to get revenge for everything in the future, but I’m just a pussy if I don’t get even with him after causing me so much trouble.

Li Boliang was half as generous as me? What did she mean by this? Did she mean that if Li Boliang had a bit of generosity she would have agreed with Li Boliang? My heart tensed for no reason. Then by accident

the coffee spoon in my hand fell into the cup.

“What happened to you?” Xu Ruoyun also noticed by abnormality.

“Nothing,” I mocked myself. “I was just a bit not careful.” What does it matter to me if she agreed with Li Boliang or not! What am I getting worried about no reason.

“You’re jealous!” Xu Ruoyun suddenly said to me.

“No!” I denied subconsciously.

“Haha! You really are!” Xu Ruoyun said while giggling. “Okay, I already told you the news, I should get going! Remember to pay the bill!”

Saying that, Xu Ruoyun stood up, and took up the little bag and put it on herself, then prepared to leave. She walked a few steps, then turned back around, and said quietly to me, “Liu Lei, everything I said just now was true!” After that, she quickly ran away.

True? What was true? Was it Li Boliang? I shook my head weirdly, and got the waitress to get the bill.

I walked out of the door when I suddenly realized it, then looked unbelievably in the direction Xu Ruoyun went! True... What she said was true, could it be that “I love you”?

This chick actually confessed to me, and it’s true? All of a sudden, my mind went blank with a “hong” sound.

## Chapter 137 – Love is Blinding

---

Today is a very important day, today was my second time visiting Chen Weier's home, but my identity was different. Today Chen Weier and I want reveal it all to her parents.

A lot of Shuguang's project would only be done once, and we just needed to count money after producing it. There was already a large amount of usable funds in my hands, a lot of the projects in my plans could be started at will, including will estate. In these years, the people that throw out more money would find it easier to make it big.

Chen Weier got to my home in early in the morning, of course she didn't dare to directly go into my home and climb into my blanket like Zhao Yanyan, my mom definitely can't accept it in that case. Since two daughters-in-law were rather surprising in this not very open era. I didn't have much issues with it, I was just scared that my mom would treat Chen Weier as the third party that was destroying Zhao Yanyan and my relationship, then that would really be suffering for the girl.

"Ai!" I heard my mom sigh on the table when we were eating breakfast.

"What is it, mom?" Seeing my mom's worried look, I couldn't help but ask.

"I don't know what's going on with your dad's factory..." My mom complained.

However, before she said half of the matter, my dad interrupted, "What are you doing saying so much in front of our son! It's matters between adults!"

"Your son has another half already, you're still saying he's young! She should also know some about the family situation, what's more is that if our family continues on like this, we would have problems living!' My mom scolded my dad, causing him to immediately shut up.

"Dad, mom, what's with you guys? What happened to our family?"

When I was saying this, I frantically searched through the large incidents that happened to our family, but there wasn't anything, there didn't seem to be anything that would cause our livelihood to be in trouble, could it be something sudden?

"Who knows what happened to your dad's factory, in this recent period of time, don't mention owing them salaries, the yearend bonus hasn't even been paid yet, it's nearly New Year, aren't they not letting people live anymore?" My mom said angrily.

"What's the use of getting mad at me! Factory Director Zhang said the factory has no money, an engineer like me can't make any decisions!" My dad also sighed.

"You got really lucky since I married you! Ignoring how you have such a low salary, you can't even get a cent back right now!" My mom said angrily.

"Your factory isn't much better, paying two months of salary for three months, and you're still talking about me!" My dad retorted unhappily.

"So what, at least I can bring money back! What about your factory? Three months! They only gave out five hundred kuai of aid in three months, what is it enough for? It's not even enough to buy groceries!" My mom said.

"Okay now, dad, mom! Stop arguing! It's not something you can chance, who would have thought that a large factory run by the government would have a day of unable to pay? When you just started working, the factory was an iron rice bowl, the best job! And now, those little businessmen and peddlers all became entrepreneurs, and the workers in the factory has become a job of the lowest level," I started saying. I also know what my mom and dad were talking about at the time. It was in this time during my previous life that the electronics factory my dad was in started going downhill, being short of funds, and owed the employees' salary, this was just the situation on the surface, the real reason was that the money would go into that factory director Zhang's pocket, I think not long later, he would take the money and go

on a run.

Should I remind my dad a bit? However, I immediately got rid of this thought, I hinted it at my dad the first day I was reborn, but he didn't believe factory directory Zhang was that kind of person at all. And now, the money in my hands were already enough to buy tens of thousands of electronic factories like the one my dad was in, from my perspective, it was better for my dad to be laid off. Then I can help him find some easier job, I don't want to lose this very important person to me like in my previous life.

"Heh! My son is still knowledgeable, much better than you, say, how did I fall for you then, if I married Xiao Zhao, I would be having a great life, I meant even be spending a rich wife's life at home every day!" My mom glared at my dad, and once again used her ace.

"But isn't he my son too! No matter what, I also did half the work! If you married Xiao Zhao can you give birth to such an excellent son! Isn't it our old Liu family's inheritance!" My dad immediately softened after hearing that "Xiao Zhao", and said shamelessly.

"What are you saying, not watching what you say in front of the kid, what do you mean your work, how could you say something like that!" My mom said with a red face.

"You said it yourself that our son grew up! What's more, could this brat be unclear about the stuff about men and women?" My dad looked at me with a strange expression.

"Hai... Hai! If it wasn't for our son, I would have gotten divorced with you long ago, what did you think! Even now, the ones pursuing me are down to the see already!" My mom coughed twice and said.

My mom was definitely not boasting, although my mom's appearance couldn't be said was the most beautiful in the world, she was unarguably a beauty. Zhao Yanyan's mother was already considered pretty among the people in their age group, but she still had a distance away from my mom. Of course, the mature Zhao Yanyan was an exception.

I was also very confused at the start, how did my mom, being so pretty,

set her eyes on my dad, of course as my dad's son, I couldn't say this idiotic question out loud.

It was just like why Zhao Yanyan would set her eyes on me, when I got with Zhao Yanyan, I didn't accomplish anything. That's why a lot of the times they say life is blinding.

"Oh yeah, Leilei, leave this month's pocket money okay, since it's the holidays," My mom hesitated a bit, then finally said.

Pocket money? I immediately remembered that my mom would always give me two hundred kuai of pocket money ever since I started middle school, she would use a sealed envelope to give it to me. Actually I don't need to use this money at all, in order to prevent my mom from being suspicious, I still gladly accepted it, then casually throw it in the drawer.

"Also, we don't disagree with you going out to play with Zhao Yanyan, but young people are too wasteful going in love, try to save some whenever you can!" My dad also said on the side.

"I disagree with this!" Before I said anything, my mom first started, "Where am I going to find such a good daughter-in-law, she is completely devoted to our family's Leilei, we can't let her suffer at all!"

"But from my perspective, Zhao Yanyan's family background is so good, she must spend a lot at a time, I'm worried we can't afford it," My dad said quietly.

"Dad, mom, don't worry, Yanyan and I don't spend a lot money when we're together!" I thought quickly, but I still thought in my heart, we actually spend a lot. We just spend several tens of thousands a few days ago, of course this isn't counting in the Mercedes we trashed.

## Chapter 138 – I'll use his surname

---

I turned around and went into my room, found the envelopes that was holding my pocket money in the drawer, then gave it to my mom in the kitchen and said, “Mom, I barely used my pocket money, use it first. You don’t have to give me any either, I’ll naturally ask you for it when I need money!”

I received the enveloped while being really worked up, she didn’t say anything for a long time. After a while, she said to my dad, “We really raised a good son!”

“Leilei, why does dad think you aren’t the same after entering high school?” My dad suddenly said.

Not the same? I freaked, they can’t have noticed the fact that I was reborn right?

“How... am I not the same?” I asked carefully.

“I can’t explain it clearly, I just feel like you grew up. You know you have to study, you know about filial piety towards your parents, and most importantly you know to find a girlfriend...” My dad said with a smile.

I let out a sigh of relief, and said while chuckling, “Yeah, people have to grow up!”

I looked at my watch, it was almost time, Chen Weier should be here already, thus I just told my parents that Zhao Yanyan was waiting for me downstairs and hurried down.

Watching my fleeting image, my mom said weirdly, “Yanyan is downstairs? Why doesn’t she come up? She even have the key to our home.”

I dad also said in confusion, “Yeah, look at how the brat hurried downstairs, do you think he’s hiding something from us?”

“Yeah! Something’s wrong!” My mom’s expression also got more

serious.

“There’s definitely something wrong!” My dad stood up as he said it, and walked with my mom to the balcony...

When I got downstairs, Chen Weier had already arrived. She was wearing the light blue down jacket that she bought with Zhao Yanyan a few days back, and was breathing into her hands, jumping on the spot. It must be because of her feet being cold.

“How long have you been here?” I went up and asked.

Chen Weier jumped into my embrace, and said aggrievedly. “It’s been a long time! My hands are about to freeze off, help me warm them up!” With that, she reached her hands into my clothes.

“Then why didn’t you wait a while in the stairway!” I used my hand to cover Chen Weier’s frozen red cheeks with my heart aching.

“Ai~! I’m just a little wife, no one loves or cares about me, I can only stand in this freezing land. How could I be like Yanyan-meimei, already having your home key,” Chen Weier said meaningfully.

I sweat! Isn’t the chick Zhao Yanyan just causing pointless trouble, isn’t telling her all these just making her jealous?!

“Ai? What is it? You’re angry? I’m kidding with you, I never wanted to fight over anything with Yanyan-meimei! You did buy me with two hundred and fifty thousand, even if you treat me as a maid, I won’t have any complaints!” Chen Weier said while smiling.

Although she said this, I still know that, which girl truly doesn’t care about these things?

“Don’t worry, Weier, one day you will also openly marry to my home,” I hugged Chen Weier and said seriously.

“En...” Chen Weier nodded, her hand in my clothes started acting up.

“Aiya, where are you grabbing, it’s going to freeze me to death!” I shouted out in surprise, Weier’s icy hands slid down...

“Haha, it is to freeze you to death,” I walked out of the entrance to my

family's compound hand in hand with Chen Weier.

At this time, I still didn't know that, on the balcony of a building not far away, a man and a woman were spying on me with binoculars.

"Old Liu, is that girl Zhao Yanyan?" The woman asked nervously.

"It doesn't seem like it!" The man said.

"Then what are you looking at, quickly let me see!" The woman grabbed the binoculars over.

"They hugged together!"

"That chick looks pretty good from this distance!"

"Leilei this heartless person, can he face Zhao Yanyan? See if I break his leg when he comes back."

"Let's ask him clearly when he gets back!"

"Ask for what, I'll use his surname if I don't beat him to death!"

"Old Liu, you got blinded from anger right? He had the same surname with you from the beginning!"

"..."

I walked out of the courtyard, and arrived at the Industrial Bank in front of my home, I took out my Jetta from the warming garage. Since Shuguang and the Industrial Bank were related companies, a lot of Shuguang's accounts for funds are at the Industrial Bank, therefore the main bank manager also directly allowed me to park in the branch near my home.

"Why did you park the car here?" Chen WEier looked weirdly at the guard that was smiling to me.

"Oh, the branch manager is Uncle Zhao's friend," I explained.

Chen Weier's home wasn't far from mine, it only took ten minutes on car, so we arrived at the bungalow area near the market place very quickly. This was already the last undeveloped area in Songjiang city, the reason was because it was really too poor here.

When I drove the car at the entrance of the quadrangle, several old men and women that were exercising in the morning look at the car that stopped in the bungalow area in shock. You have to know that in this bungalow area, there was barely any car.

“Which family does the car belong to? And it’s rather new!” An old lady said.

“It can’t belong to our area right, who can buy a car in the bungalow area,” Another old lady said.

“That’s true, the people here can’t even afford houses, how could they have the sapre money to buy a car!”

“The car costs several tens of thousands right?”

“Several tens of thousands? The factory owner of Dongzi’s factory next door also bought one of these cards! The brand is called something like “Jieda”! It needs a hundred something thousand!”

“Jieda? Was it produced the same place as the liberation cars?”

“It seems like it!”

The old men and old women chatted randomly.

Chen Weier opened the door and got off the car first, I locked the car door and got off as well. When did the electronic remote for the car appear? Why isn’t it popularized yet, it is really tiring having to use the key to lock the car door all the time.

“Quickly look, it’s that Old Chen’s family’s daughter?” An old lady looked using a gaze as if she discovered a new continent.

“Don’t say it, it really is! Who’s the man beside her?”

“How do I know, look at how intimate their actions are, their relationship is definitely not normal!”

“Old Chen’s family’s daughter’s beau right?”

“Beau? Old Chen’s family’s daughter is only in third year, why would she find a beau?”

“Then who knows, look at that man, he looks dignified and is also driving a car, it’s clear that it’s a big boss!”

“It can’t be a rich man she got with right?”

“That’s very possible, I heard that Old Chen used a hundred something thousand for his illness, his family’s is broke to the core, they can’t possibly take out so much money!”

“Girls right now, they really are open...”

## Chapter 139 – The Shocked Mother Chen

---

Although both Chen Weier and I heard everything clearly, we just smiled and moved on. There were these kind of old men and women that liked to say random things anywhere you went, the mouths are on them, let them say whatever they want.

Since this time coming to Weier's home, we had planned to show our hand to her parents, the two of us didn't hide anything in front of everyone, and just intimately hand in hand into the courtyard.

"Mom, Liu Lei's here!" Chen Weier pushed open the door to her home and said.

"He came! Come in quickly, come in quickly!" Mother Chen hurriedly came out from the room, but when she saw Chen Weier and I holding hands, she exclaimed, "You... you..."

"Mom, this is my boyfriend, Liu Lei! He came over to our home last time," Chen Weier said with a smile of happiness, joy flickering in her eyes, her cheeks were red like a large happy. If it wasn't for Mother Chen being there, I really wanted to go up and take a bite of her.

"Boy... Boyfriend! Weier, what did you say!?" Mother Chen freaked, and nearly fell over. I quickly went over to support her and said, "Bomu, Chen Weier is right, Weier and I, are already together."

"Together? What's going on? Xiao Liu, aren't you younger than Weier? What's more..." Mother Chen said, and looked towards Chen Weier in confusion.

Weier and I thought of where Mother Chen's confusion lied at the same time.

"Mom, this is rather complicated, Liu Lei and I getting together was a complete accident..." Chen Weier explained.

"Weier, mom isn't interfering with your live, you aren't young, finding another half is normal, furthermore Xiao Liu-tongxue is so excellent, and

has helped our family. But you are different from other girls...” Mother Chen finally said out the worry in her heart. Actually the first time she saw this male classmate beside her daughter, she felt that the boy wasn’t bad, after a few more contacts afterwards, she started to like him more and more. Sometimes she would even think how good it would be if this boy could become her son-in-law, but thinking about Weier’s current situation, she couldn’t help but give up these meaningless thoughts.

“Mom! Don’t say anything right now, let me explain!” Weier pulled Mother Chen into the room, and closed the door.

I smiled, this does save me some trouble, it was better to let Chen Weier explain to her mother, it was easier to communicate between them. On the other hand, I didn’t have anything to do, I walked into their home and saw that Father Chen could already sit up, and was talking with Chen Yong. Seeing me enter, he immediately greeted, “Xiao Liu-tongxue, you came!”

“En, how’s bofu’s body recently?” I asked.

“Not bad! I covered pretty well, and can already eat normal things normal! I went to the hospital for checkup last week, they said that there aren’t any major problems anymore, I just need to focus on resting,” Father Chen was much more energetic than the last time I came. “Ai? Where’s Weier and her mom?” Father Chen saw that I came in by myself and asked weirdly.

“They have some things to do in the other room, they’ll come over very quickly,” I explained.

Within the small room.

Mother Chen already recovered from the shock just now, and said solemnly, “What’s going on!”

Thus Chen Weier told her everything from how we skied together, to how we got ambushed by Li Shaojie, and fell down the cliff, into an ice hole, then miraculously floated to a lone island.

When Chen Weier got to the part where the two of us took of all our

clothes, embraced each other and dried off by the fire, Mother Chen immediately reacted, “Then the two of you did what shouldn’t have happened?”

“En...” Chen Weier nodded with a red face. Of course she knew what Mother Chen meant by what shouldn’t have happened, she continued, “We thought we would never get back at the time...”

“Ai! Mom isn’t blaming you, but you already promised that big boss that paid to have your dad treated, saying that you would give your body to him, but now...” Mother Chen sighed.

“Mom, don’t worry about this! There just isn’t any big boss either, it was all made up randomly by my annoying gege!” Chen Weier said while giggling.

“Made up randomly!” Mother Chen was shocked once again, “If it was made up randomly then where did the money come from?”

“Actually that money was given to gege by Liu Lei, I only found out afterwards,” Chen Weier said with a smile.

“What? Xiao Liu gave the money? Is that actually true? What does his family do?” Mother Chen asked in disbelief.

In 1995, Mother Chen wouldn’t believe that a high school student can casually take out two hundred and fifty thousand no matter what. She already felt like she was making a huge profit selling a bowl of Mala Tang for two kuai, this two hundred and fifty thousand was undoubtedly an astronomical number.

“His family? I think his parents work in a factory!” Chen Weier thought about and said. She wasn’t very clear about the circumstances, and only heard about it once from Zhao Yanyan.

“Work in a factory?” Mother Chen exclaimed. “His parents are factory directors?” Then she immediately thought that it isn’t right, even factory directors would have a salary normally, how could they have so much money. In Mother Chen’s mind, there wasn’t words like “corruption” yet, or else she would definitely have thought that my parents are corrupt.

“No, his dad is an engineer, his mom is a normal worker or something,” Chen Weier didn’t understand the meaning behind her mother’s words, and thought she was just casually asking about her boyfriend’s family background.

“Engineer? Normal worker! Then where did he get so much money? Weier, this isn’t a joke, is he lying to you?” The more Mother Chen heard, the less right it got, Father Chen also worked in a factory before he was sick and was a workshop director, he only got eight or nine hundred kuai per month, his parents are only an engineer and a normal worker, how could he take out two hundred and fifty thousand!

“His money didn’t come from his parents!” Only now did Chen Weier understood her mother’s meanings, so she was doubtful of whether I could take out this amount of money or not! I didn’t have time to explain so much on the lone island, and lied to her saying that it was my New Year’s money. However, she also found out from Zhao Yanyan later that my money were earned by myself from the software I wrote.

“Didn’t come from his parents? Then where’s it from?” Mother Chen got more and more confused.

“He earned it himself!” When Chen Weier said this, her expression was full of pride. Her own hubby could earn money to support her, Chen Weier’s little girl’s vanity was also satisfied a little.

“Earned it himself! How is it possible! That’s two hundred and fifty thousand! Not twenty five kuai!” Mother Chen didn’t believe a child could earn two hundred and fifty thousand at all! Not to mention a child, even an adult might not earn that much in a lifetime.

“Yeah! I heard from Yanyan-meimei that he wrote a software, it sold really well!” Chen Weier said.

“Yanyan-meimei? Who’s that?” Mother Chen asked weirdly.

## Chapter 140 – The Rich Husband that Fell Down from the Sky

---

“About this... It’s a classmate in Liu Lei’s class,” Chen Weier immediately noticed that she said something wrong. She can’t tell her mother that her boyfriend has another girlfriend no matter what, although she was sold out in name, but any girl’s mother wouldn’t want their daughter to marry over to be a mistress.

“Oh,” Mother Chen didn’t continue asking, she just said. “Can that something software be worth so much?” Although Mother Chen also hurt people talking about computers, high tech, software and the like, but she was still questioning about something that couldn’t be touched selling for two hundred and fifty thousand.

“En, the money for father to get treated was only a part of it. Every time his software is sold on the market, he can get a portion of it, therefore as long as this software is not outdated, he can get quite a bit of money per month!” Chen Weier explained.

“Ah...!” Mother Chen was completely shocked, she could never imagine in her dream that money could be earned like this! They could just sit and wait to receive money at home, while she had to work hard to sell even one extra bowl of Mala Tang. The difference was too great right?!

“However, are you sure he really is that big boss that gave your older brother money?” Mother Chen still couldn’t accept it all of a sudden.

“Aiya! How could I be wrong! Mom, do you agree or not!” Chen Weier pulled on Mother Chen’s shoulder and acted spoiled.

“You are already sold to him, what’s there for me to agree or disagree about...” Mother Chen said with a smile.

“Mom you’re amazing!” Chen Weier happily kissed Mother Chen. Chen Weier had thought that her starting to date in high school and had intercourse with her boyfriend would have caused her mother to seriously

scold her, she never thought that it would pass so easily.

But how would Chen Weier know that actually Mother Chen couldn't be any happier! If what Chen Weier said was true, then it really was a rich husband that fell from the sky, the big boss that took out the money was actually Xiao Liu-tongxue, and it looks like Weier likes him quite a lot, it really is resolving two issues at once by them getting together.

"Then you're saying that your older brother knew about this ages ago?" Mother Chen asked.

"Yeah! Even I only found out about it not long ago!" Chen Weier pouted and said in dissatisfaction. If it wasn't for gege making decisions on his own, she would have been with the one she loved ages ago.

"This damn Dayong! He actually dared to lie to his own mom and meimei, watch how I take care of him later!" Mother Chen said as if she was angry, but she had an expression of joy.

Mother Chen already thanked all sorts of deities in her heart, today really is a great day, she could finally put down this knot in her heart, she couldn't help but sigh, her daughter must have done a lot of good deeds in her (Weier) previous life for the heavens to give her such a good love life.

I waited a while in the big room, then saw the mother and daughter walk out full of smiles.

"Old Chen, let me introduce you, this Xiao Liu-tongxue..." Mother Chen smiled and said.

"I know, we've met last time!" Father Chen looked weirdly at Mother Chen.

"Old Chen, let me finish! Xiao Liu's identity this time is different from last time, he's coming to our home as our son-in-law this time!" Mother Chen continued.

"Son-in-law! You guys..." Father Chen had a face of confusion.

"Dayong, why aren't you telling us exactly what happened to us!"

Mother Chen scolded.

Chen Yong freaked and stood up from the stool, and sent a gaze towards me seeking help. Since we said it at the start that it was to be kept confidential, so Chen Yong didn't dare to say anything without my permission.

Only after seeing me nod did Chen Yong saw out exactly what happened.

At this moment, Mother Chen fully believed everything Chen Weier just said, and thought that there isn't anything worth being doubtful about anymore.

On the other hand, Chen Weier's father didn't show too much excitement, after all he is someone that has experienced life and death, and didn't have lighter feelings on things, but he still had a smile on his face. Although he didn't say anything on the surface about his daughter selling her body to get him treated, he still felt really guilty about it, now seeing that his daughter not only found a good home, but that contract is moot, he was a lot more relaxed.

Now that everything's clear, everyone no longer acted so distant, Chen Weier had no qualms, and leaned her head on my shoulder, a smile appearing on her lips.

"Bomu, I came here firstly to tell you about Weier and my relationship, but more importantly, I have something to discuss with Bomu!" Seeing that the timing was about right, I changed the -topic.

"Discuss with me?" Mother Chen didn't understand, what could I want to discuss with her about, could it be marriage? Impossible, just how old is Weier! What else can it be though?

"It's like this, I heard Weier said that the Mala Tang you are selling is passed down from Bofu's family?" I asked. When I heard Weier talk about it being a family secret recipe, I immediately felt that it was definitely a business opportunity. After a few years, all sorts of family recipe, unique snacks will be everywhere, how could I miss out on this chance!

“Yeah! The people that have ate our Mala Tang all can’t help but praise it, Xiao Liu-tongxue, didn’t you only meet Weier due to this Mala Tang!” Mother Chen immediately got proud of herself when she heard me mention the Mala Tang.

“It’s like this, Bomu. Since this Mala Tang is so popular, we have no need to wake up early and close late for the stall, we can completely turn it into a larger franchise corporation,” I raised my idea.

“Large corporation?” Making the Mala Tang big, it’s not like Mother Chen has never thought about it, ever since a young age, she was rather interested in running a business, and have sold stuff with her father from youth. After marrying into the Chen family, she heard about this secret recipe, and immediately decided to start selling in a stall at the market place. After that returnee customers gradually increased, Mother Chen also saved quite a bit of money, and prepared to get a larger shop to sell it in, who would have thought that Chen Weier’s father got sick. The savings over the year turned red over months like flowing water, where would she find the money to expand.

“En, I feel like the food industry has a lot of potential in the following years,” I spoke out about the experience in my previous life.

“That’s true, people are richer, and thus would naturally have higher expectation for what they eat!” Mother Chen nodded.

“So, Bomu, since we’re going to do this, we should make it big directly!” I said.

“Xiao Liu-tongxue-, your idea is good, but our family situation...” Mother Chen said awkwardly.

“Bomu, what I mean is that we should cooperate, I’ll spend the money, you should work. I have quite a bit of spare money on hand, if I don’t do something with it then it’d be a waste,” I said.

## Chapter 141 – Business Plan

---

“Yeah, mom. This way not only we can make Mala Tang big, but you don’t have to work so hard!” Chen Weier added.

“About this... Old Chen, what do you think?” Mother Chen was a bit moved, and said in a requesting manner.

“I think Xiao Liu’s idea could work! But making such a company would take a lot of money right?” Father Chen said worriedly. There were a few workers in the factory that he was in before that went on an unpaid leave, and got together five hundred thousand to open a small company to make canned food. Apparently they still ran into the issue of the shortage of funds.

“You don’t have to worry about this, if we’re going to do it, we have make it the best, how about this, Bomu, I’ll give you five million first, and you apply for the patent and brand of Chen Family’s Mala Tang. Then find somewhere to buy a place and use it as the office,” I said.

“What! Five million!” Father and Mother Chen all opened their mouths in shock. They could never have imagined that this boy that was even younger than their daughter actually casually threw out five million between chats and laughter, and it was just the start!

On the other hand, Chen Weier didn’t have any abnormal reactions. I could take out a million just to trash a car for fun, so this amount of money doesn’t can’t as anything.

“Yeah, if the company is going to expand later, then I will invest more funds,” I said calmly.

“About this... Xiao Liu, is what you’re saying true?” Mother Chen asked.

“Mom, of course it’s true! Just relax and be that general manager when the time comes!” Chen Weier said.

“Sure! Then mom will be working for you guys! Don’t complain to mom if I don’t do the job well!” Mother Chen said with a smile.

“What do you mean work for, aren’t we cooperating?” I said.

“Okay now, Xiao Liu. Just give me a standard amount per month enough for us two old people to spend, we don’t have much use for so much money. But my son, can we let him come in and work after the company opens...” Chen Weier’s mother said awkwardly.

“Of course this is okay, but I have other missions to hand to Chen Yong,” I said with a smile. Chen Yong graduated from university through the architecture department, I just lack this type of talent right now. The next step in my plan is to get into real estate, although I said I was going to let Guo Qing handle this area, but that’s only for him to deal with stuff in the dark, I have to get someone who knows about this to take the lead on surface.

“Then I won’t worry, Dayong, shouldn’t you thank Xiao Liu!” Mother Chen said.

“Mom, he was my boss ages ago!” Chen Yong said with a smile.

Later on, Mother Chen and I talked more about the details, the experience I have from running a company isn’t a day or two, and naturally the stuff I said made a lot of sense, causing Mother Chen to continuously nod after hearing it.

“After registering the company, we’ll primarily open the shops in supermarkets, malls and some entertainment facilities, such as theme parks. Then we can hire some people to manage it, but we must strictly control the recipe, and ensure that it doesn’t leak out,” This was the operating method I borrowed from KFC.

“Control the recipe? How do you control that?” In this era, Mother Chen had not heard of similar controlling methods.

“Yes! We can prepare the additives and seasoning, seal it into plastic packaging, and it can be used when it needs to be just by adding water. This way, we can ensure that the people don’t steal our technology!” I said.

“This is definitely a good method! Why didn’t I think of this in the

future!” Mother Chen exclaimed. Mother Chen had also thought about these problems, when she wanted to open a branch store, but it was never solved.

“This doesn’t count as anything, a lot of large catering companies do that,” To my understanding a lot of restaurant chains within the country such as California Beef Noodle, all used this method.

“Sure! But I have no need to use as much money as what you give me?” Mother Chen calculated a bit, doing all this stuff plus registering the brand and patent would not take over a million at max.

“This is just the first step. Later on, our company can use a high price to purchase the recipe of some famous recipes, and make a franchise. Or we can run them by ourselves. The rest of the money can be used to open a hotel, the higher the level the better!” I said out my following plan.

I could take in all of those snacks that I saw in my previous life like Osmanthus Duck, Eight-Treasure Chicken, Mala Duck Neck *etc.* Furthermore, opening a large-scale catering mothership wasn’t a bad choice at all, you can know how popular this industry was just looking at how full Dynasty Seafood Palace was! No matter how expensive things are, there would still be people going to eat it.

“Ah...” Mother Chen was completely shocked by my ideas this time. How could these impressive ideas come from a child’s mouth! Mother Chen finally understood the reason why this person could be filthy rich at such a young age.

“Let’s settle the first stage at that! We can talk about everything else after the company is registered,” I said.

The thing pretty much just got settled like that, I used Chen Weier’s name to open a bank card, stored five million into it and gave it to Mother Chen, to let her handle everything. Additionally, I gave the telephone number of the directors of the main departments in the Trade and Industry Bureau, Health Bureau, epidemic prevention station to Mother Chen, and told her to directly call them when in trouble, just tell them that she’s Zhao Junsheng’s friend.

That night, Chen Weier, Zhao Yanyan and I were eating in KFC, I don't understand why this type of western fast food would pique the appetite of the girls so much, they would never get tired of it.

"Hubby, let me say something to you!" Zhao Yanyan said coquettishly after taking a bite of fries.

"What is it?" I knew it wasn't anything good after hearing this tone, it probably was some request for me again.

"This Sunday, Su Yingzhi is coming to Songjiang city for a concert, bring us there okay!" Chen Weier continued on the side.

I was wondering why the two of them got me to go out to KFC together at night, so they have a ploy!

"Who is Su Yingzhi?" I asked weirdly, come to Songjiang for a concert? Could it be a star?

"You don't even know Su Yingzhi? Such a huge pervert like you actually doesn't know such a beauty? Zhao Yanyan asked weirdly.

"Never heard of her," I searched through my mind, I truly didn't hear about such a singer in my previous life.

Could history have changed? Ever since I was reborn, there really wasn't a low number of places where history have changed. This made me think of the butterfly effect. However, this was just a little singer, it was fine as long as the general direction of history didn't change.

"It can't be! The entire street is playing her songs!" Chen Weier asked in disbelief.

"Never mind, isn't it just a little singer, if you want to go, then I'll go with you," to be honest, I was completely not interested in this kind of concerts.

"What little singer! Don't think that she has only started for half a year, she is already known everywhere, I heard a few days ago that she was even acting in a tv series!!" Zhao Yanyan said in displeasure.

## Chapter 142 – Meeting Once Again

---

I didn't think this chick started becoming a groupie as well, but then again, there aren't many girls uninterested in these things.

"Okay, okay, it's a famous singer. However you are forcefully making me go, if I get on with that Su Yingzhi something, don't be jealous!" I said rather playfully.

"Che...! There are a lot of people that likes her! If you can take her in, I definitely wouldn't object," Zhao Yanyan glared at me with disdain.

Of course, this was only a joke, I don't think Zhao Yanyan treated it seriously either. However, after a certain period of time, Zhao Yanyan couldn't help but admit that she had once agreed to it.

At this time, I thought of another money making thing, and that's the entertainment industry. Although the entertainment industry would shrink drastically after a few years, but entertainment shows like Super Girl were beyond popular. Now, in 1995, it was the peak era for albums and tv shows, this situation lasted until 2002, where the profits of the industry started going downhill. I could completely stick a foot in with this chance. The only thing I have a lot of right now was money, in this era, as long as you have money, even terrible films could be sold spectacularly.

The two chicks beside me definitely had the potential to be a star, but I was not prepared for them to get into this area, since the water was too deep there, it was not what the two chicks could handle.

I often seen some shady news about the entertainment industry, a lot of not famous female actors used their body to trade for a lesser character. Although a lot of stars, who's family had a lot of money and power, didn't need to do this, but after becoming a public image, the rich second generations around them were enough for them to handle.

Subconsciously, I had already treated Zhao Yanyan and Chen Weier as

my private property, how could I take out my stuff for other people to look at.

The computing industry I am in is my forte, with the help of Uncle Zhao, Shuguang Corporation went onto the right track without much effort. However, the entertainment and catering industries were areas I have never stepped into, this piqued my interest of opening a new business once again, I want to use my ability in an unknown industry to carve out a path.

I already had a lot of money, and since I was only in First Year, I had a bunch of time, why not just start a company in another industry.

It looks like I have to talk about my ideas with Uncle Zhao when I have the opportunity to.

“Xiao Liu, where are you?” Just when I parked my car in the courtyard of the Industrial Bank, I received Uncle Zhao’s phone number.

“I just got home, and am parking my car. What is it?” Normally Uncle Zhao wouldn’t call me at night.

“There’s something to do with the company, can you come over to Shuguang?” Uncle Zhao said.

“Now? Sure, wait for me,” I hung up, and drove the car out again.

Perhaps because I was in a hurry, the moment the light at the crossroads turned, I drove my car out, it was precisely at this moment that a left-turning Alto scratched against mine.

I could tell that the Alto was in worse shape than mine, the entire back of the back was smashed inwards. It was really difficult to make a judgement on who’s responsibility it was in these type of traffic accidents, since both moved the moment the light turned, and it didn’t matter who was right and who was wrong, but perhaps I had a slightly heavier responsibility.

The most important thing right now is that I don’t know if the people in the Alto was hurt. I opened the car door and ran over. At this moment, the driver of the Alto also got down from the copilot side.

I instantly felt relieved after seeing that the person in the car was fine. The worst thing that could happen after crashing a car was compensating with a bit of money, the responsibility of crashing into a person was much larger.

To my surprise, the person that came down from the Alto was actually a young woman, she looked to be around eighteen or nineteen, she had clear eyes, and looked very pleasant, she seemed like a university student. What made me confused was that the girl in front of me was actually kind of familiar, as if I have seen her somewhere, but I just couldn't recall where.

The girl's expression momentarily blanked upon seeing me, she hesitated in her heart, why was it him? Originally she had planned to rip this person off a lot, but now she just couldn't make that decision. Thinking back to the things that this person said to her, her heart jumped all over the place for no reason like a deer.

Of course I didn't know what she was thinking, and asked anxiously, "Are you okay?"

"I'm alright, some skin just peeled off from my hands..." The girl had already planned everything in the car, she would not let off the person that dared to crash into this xiaojie's car that easily. After a while, she would get down from the car, pretended to hurt all over, and force the culprit to take her to the hospital for a full body check. Then blackmail from for some money to buy a new car. However when the words came out from her mouth, it actually turned into "I'm alright"/

"That's great! It's good that you're fine, let me see your hand..." Before she replied, I grabbed hold of her hand. There was actually a two centimeter long wound that was bleeding on her left hand!

"You're still saying you're fine after getting hurt like this! Let me send you to the hospital first," saying that, I pushed her beside my Jetta without letting her reply.

Only the headlights were broken on my car, everywhere else was fine.

The girl sat into the car with a lot of thoughts. He actually touched her

hand, from what it seemed like, he seemed to really care about her! Thinking about this, she completely forgot about the pain on her hand, instead she was a little happy. The thoughts of making him compensate were completely gone from her mind.

“Oh yeah, what are you going to do about your car?” I suddenly remembered that the girl’s car was still stopped in the middle of the road.

“Aiya!” After getting reminded by me, the girl only remembered that her car was still stopped there, and her phone as well as purse were still on the car.

I thought the girl felt some heartache for her car, that Alto looked rather new, it looks like it hasn’t been driven for over a year, getting crashed like this by me essentially made it useless.

“Relax, I’ll compensate you,” I comforted her. An Alto really wasn’t anything to me.

“That’s not it, I mean that my family must be worried about me after going out for this lone! Do you have a phone? Lend it to me,” the girl frowned and said. Did I (the girl) look so greedy for money?

I smiled, and handed my mobile phone to her.

“Hey, dad, I’m Yingying... En, my car crashed with someone else just now... I’m fine, and am going to the hospital right now... My car is at Nanxikou, find someone to help me bring it back... Okay, I said I’m fine... Sure, I’ll call you when I reach the hospital,” The girl finished and let out a long sigh, she had thought that her father would scold her, she never would have thought that she would pass so easily. Back then when she was going to buy a car, her father strongly objected, and said that what’s the point of a girl driving, wouldn’t it be fine to just get someone to send her wherever she wants to go!

## Chapter 143 – I told you before

---

I also called Uncle Zhao, and told him that I got into an accident on the road, so I'll only get there later. Uncle Zhao gave me a few reminders and didn't say too much.

"What's your name?" It was a far distance away from the hospital, so I found a topic to chat with the girl.

"I-I told you before," the girl thought about it and said.

"Before? Have we met before?" I asked weirdly, no wonder I felt that she was kind of familiar when I saw her just now.

"Never mind if you don't remember!" The girl said unhappily. He actually forgot about her, and she was always thinking about him. But that was hardly surprising, why would she be interested about her when he has two such outstanding girls by his side.

"Is there a hint?" I still couldn't think of it after a long while, could she know the me before I was reborn? Since the section of memory before I was reborn was rather distant due to the years, it was already a bit blurry, a lot of the times I could only remember them under hints from other people/

"Is twenty percent off fine? What about fifteen percent?" The girl suddenly said using me tone.

I suddenly remembered, the girl in front of me was that girl manning the cashier counter at Dynasty Seafood the other day, she was the Wu Yingying that I managed to get her name from.

"So it's you!" I said with a smile, "I wonder if you can give me a discount when I compensate you for your car later!"

Although Wu Yingying had already prepared not to get him to compensate, but thinking back to how he even forgot her name, she got a bit mad, and said, "Dream on! You have to get me a new car!"

“Okay, new car then new car,” I was just trying to find some topic to talk about with her, I didn’t lack this amount of money.

“Okay! You said it! Are you going to buy whatever car I say I want to buy?” Wu Yingying suddenly said craftily, and started planning in her heart, he actually didn’t treat her as anything, she was definitely going to find a chance to put him into an awkward situation.

I didn’t notice all this, and casually agreed, “Sure.”

“Pinky swear!” Wu Yingying suddenly reached out her little finger towards me like a child.

“Dajie, I’m driving! Do you want there to be another person on the car?” I laughed wryly.

“Another person? What do you mean?” Wu Yingying didn’t understand.

“If I crash into another Alto, then wouldn’t I have to send that driver to the hospital?” I explained with a smile.

“Oh wow! You’re saying my Alto isn’t strong aren’t you?” Wu Yingying said angrily.

“That car isn’t strong. You’re lucky that you crashed into me, if it was onto a road roller then it would have immediately turned into a pile of scrap metal!” I teased.

“Heh! With what you’re saying, am I supposed to thank you?” Wu Yingying snorted.

“That isn’t needed, it isn’t your fault that all of us from the north east are living Lei Feng,” I remember the song I heard in my previous life saying that all people from the north east are living Lei Feng.

“You...! You are being unreasonable!” Despite knowing that I was kidding with her, Wu Yingying still couldn’t help but blush.

“What, this is the truth! If you drove an armored car out, the person hurt right now would be me,” I continued to tease her.

“Oh? This isn’t a bad idea, let me go back and talk about it with my dad, and get an armored car to drive,” Wu Yingying actually nodded

seriously after hearing me say that.

I kept sweating! Can armored cars be casually driven on the streets! From her tone, it seems like her father is some kind of important person. But I know most of the rich or people in power in the Songjiang area, why can't I think of anyone whose surname is Wu?

Wu Yingying's wound on her hand was just a scratch, when we got to the hospital, they just put some ointment on it, and didn't even need to patch it up. Wu Yingying called her father, and told him the location of the hospital.

"Does it still hurt? I asked Wu Yingying.

"Much better," Wu Yingying said quietly to me.

"Let me check!" My thoughts for a prank surfaced once more, seeing how this girl is so pretty and innocent, I really wanted to touch her a bit.

"No!" Wu Yingying moved away her hand.

How could I give up such a good opportunity, I reached over my hand to grab her hands. However Wu Yingying dodged, and caused me to miss. She's actually capable of some kungfu!

I immediately got interested, and swiftly pulled WU Yingying's hand over. Wu Yingying struggled a few times, but couldn't get free, so she let out a "yi" sound. She is a taekwondo master, don't mention about catching her, normal people can't even touch her. But why was he so quick? He grabbed her before she even managed to realize what was going on.

Just at that moment, a middle aged man wearing military uniform stormed in furiously and yellowed, "Yingying, are you alright?"

Wu Yingying's cheeks immediately turned red, her hand was still held by that person, what was she going to do if this embarrassing scene was seen by her dad. Wu Yingying tried to struggle forcefully a few times, but there wasn't any effort, she angrily, but quietly said to me, "Haven't you touched enough? Let go quickly!"

I was also shocked all of a sudden, and forgot that I was holding Wu

Yingying's little hand. Hearing her said that, I immediately released it.

What shocked me was not Wu Yingying's father, but the person behind Wu Yingying's father!

"Yingying, did this brat cause your car to end up like that!" Wu Yingying's father glared at me angrily and roared.

"About this..." Seeing her father like this, Wu Yingying really didn't know how to answer. If she say yes, with her father's shitty temper, he would definitely scold him without listening to everything; if she said no, the truth was still like this.

"Yingying, why aren't you saying anything! Is this brat threatening you! Don't worry, daddy's here, I'll help you get even!" Father Wu saw that Wu Yingying was hesitant to say anything, so he thought I threatened her somehow.

"Dad, you can't blame him for this, both of us are responsible!" Wu Yingying could only explain after seeing her father being so relentless.

"Don't blame him?! Your car is nearly scrap metal and you still aren't blaming him? Are we only supposed to blame him when you are dead!" Father Wu said with his eyes wide open.

"Fuck, damn geezer, can you speak a bit less! You drank too much right, cursing dajie to die!" The person behind Father Wu also walked over this and said without restraint.

"Hai... Hai..." Father Wu coughed twice and stopped talking.

"Wu Tian! Why are you here! This is..." What surprised me was that the person behind Father Wu was the damn fatty Wu Tian!

"Big Bro, did you wipe out my older sister's car?" Fatty Wu saw that it was me, and was also very surprised.

"Yeah! Thank god your older sister is fine!" I couldn't help but exclaim, this world is really too small! But seeing how tall and muscular, how could he have such a delicate jiejie?

"Say Big Bro, don't you have enough with two waifus?! Why are you

laying your hand on my older sister!” Fatty Wu laughed sinisterly.

## Chapter 144 – A Terrifying Thought

---

“Make a move on your older sister?!” It can’t be, you actually noticed the slightly lecherous thought that I just had!

“Fuck, you’re still lying to me. Although my family’s old man’s eyesight is bad so he didn’t see, but I saw it clearly, you were holding my older sister’s hand just now!” Fatty Wu said with a smirk.

“..., her hand is hurt, so I’m just seeing if it got better...” I was clearly not confident with what I was saying, because even I didn’t believe my own explanation.

“Big Bro, I have nothing to say if you’re going to move in on my sister, but I’m just scared that Zhao Yanyan will suffer later!” Fatty Wu said with a grieving expression.

“What do you mean?” I asked speechlessly. What does this have to do with Zhao Yanyan.

“My sister is terrifying, she’s completely unruly and unreasonable at home, if you really bring her back as well when the time comes, your two waifus won’t be a match for her!” Fatty Wu glanced sideways towards Wu Yingying, and said quietly to me after noticing that she wasn’t paying attention in this direction.

Terrifying? Unruly? Unreasonable? Why couldn’t I tell? The shy girl at the cashier of Dynasty Seafood, as well as that rather feminine shyness from just now appeared in my mind, I could not link these with the words before together at all.

“Stop thinking like that, how is it possible when your older sister and I have such a large age gap,” I said.

Father Wu looked at Wu Tian and I who chatted like old friends, and asked weirdly, “You know each other?”

“Hai! Definitely! Do you know who he is?” Fatty Wu chuckled and asked while pointing at me.

“Who?” Father Wu asked weirdly. From his memory, Fatty Wu didn’t have a friend like me.

“He’s the person that you made me pilot a helicopter and search all over the mountains for!” Fatty Wu pointed to me and said.

“Oh?! You’re that Liu Lei Elder Zhao talked about?” Father Wu looked at me in surprise. “You don’t seem that old right?”

“Yeah! I am the same age as Wu Fat... Tian!” I said. I nearly called him Fatty Wu. However Fatty Wu’s next sentence caught me completely off guard!

“Damn Fatty! Since you know each other, then settle this privately!” Father Wu actually called his son “Damn Fatty”, and Fatty Wu called Father Wu “Damn Geezer”! This is the weirdest father and son combination I’ve seen!

“Father, just leave it like this, don’t blame Liu Lei, daughter also have some responsibility...” Wu Yingying said shyly.

“What!?” Wu Yingying’s words nearly made Father Wu fall over. He felt that there was something wrong with his daughter when he arrive, since she was acting completely different from normal, as if she was another person, he had thought that she was threatened. However the culprit was so familiar with his son, then threatening wasn’t quite possible, why was his daughter still so withdrawn?

“Yingying, are you sick? Did you hit your head in the car crash just now?” Father Wu asked worriedly.

“Dad~! What are you doing! I told you that I’m fine...” Wu Yingying actually started acting spoiled.

Now even Fatty Wu was so shocked that his jaw was dropping, did his jiejie take the wrong pill or something! This was the first time since he has been born that he has seen his jiejie act spoiled, he quickly pinched his thighs to see if he was dreaming.

On the other hand, I was completely lost due to Father and Fatty Wu’s actions, “Fatty Wu, what is this expression?”

“No... No! Big Bro, you misunderstand, I don’t mean that, I am just wondering about the strange actions of my older sister today! If she didn’t look exactly the same, I nearly thought that the person in front of me is not my older sister!”

“Damn-Fat-Ty! What did you say!” Wu Yingying suddenly glared at Fatty Wu in anger.

The moment Fatty Wu heard this voice, his entire body tensed, and said carefully, “Jie... I... Won’t say anymore.”

Of course I didn’t see Wu Yingying’s expression at the time, because my back was to her, I was still wondering why Fatty Wu suddenly stopped. When I turned around, Wu Yingying returned to that little woman look that could charm everyone, and was looking at me lovingly.

I felt a streak of coldness in my heart... This sight, this Wu Yingying can’t be an anthomaniac right!

Only Fatty Wu patted his chest, and let out a sigh of relief,” Oh, this is my older sister!”

“Dad~! Just don’t mind this, Liu Lei already promised to buy me a new sports car!” WU Yingying said joyfully to Father Wu.

I sweat! When did I promise! Didn’t this come out of nowhere? What’s wrong with this person? She was just saying not to blame me just now, and now she’s making me buy her a sports car?!

“Yeah!” Father Wu looked at me in surprise.

At this time, I could only smile wryly. If I deny it, that would make me seem too petty. It’s not that I cared about the money that would be spent to buy this car, but the main problem is that when did I promise to buy her a sports car? This made me rather dissatisfied.

Wu Yingying also saw my weird expression, she pouted and said, “Liu Lei, you promised that you would compensate me with a car on the way to the hospital!”

I thought about it, it really was like that, but I never said a sports car!

“You promised me, you said that you would buy any car I want to buy!” Wu Yingying said slyly.

Fuck, damn it! Only now did I notice her sentence that seemed like nothing at the time, I am a thirty something old fox, and yet I was tricked by a chick that’s only eighteen or nineteen!

Now that it had come to do, I could only nod against my heart, and said, “Yeah, let’s find a time to go to the car market together.”

At this moment, both Fatty Wu and his father started thinking, Father Wu looked at me weirdly, and saw that the clothes I was wearing were rather normal, although they are branded goods, the price wasn’t that expensive.

With the fact that I was driving a very common Jetta produced in the country, I didn’t look like a rich person no matter how much he looked. Although Zhao Limin had said I was a very important person when he was asked to find me, he wasn’t told anything about me.

Therefore, according to Father Wu’s judgement, I did have some money, but was not filthy rich. A sports car would cost at least a million, how could I casually gift it to someone else?

Fatty Wu felt even more weird, looking at his jiejie, it was clear that she was forcing Liu Lei to buy a sports car for her. But what is she doing that for?

Many sons of rich people would spend loads of money just to get his jiejie to smile. There are loads of good car that they bring to their home, it could be said that his jiejie could start a car exhibition just by opening their front door.

However, his jiejie used the money she worked for to buy an Alto, and it hasn’t even been driven for a few days before getting ruined by Liu Lei. Was she really going to make him compensate? But it didn’t seem like it, it seems to be more of getting spoiled and acting rogue. Fatty Wu really didn’t understand.

Could it be... Fatty Wu had a terrifying thought, it can’t be that old sis

got interested in Liu Lei right?

## Chapter 145 – The Ploy of Father and Son

---

“Good, you said it! No going back on your words! You must accompany me until I buy a car that satisfies me!” Wu Yingying proceeded to strike the iron while it is hot.

“Okay! This is natural!” Facing her, I really didn’t know what to say. I didn’t even dare to say too much, in fear of getting tricked by her once again. I didn’t know that, I was already tricked by her, a few days later, I couldn’t help but face this fact.

“Then... Pinky Sweat!” Wu Yingying was afraid that I would go back on my words, and stuck out a pinky at me, then said with a smile.

“Ai!” I speechlessly reached out a finger and pinky swore with her, I was truly defeated by her.

I didn’t think I would be tricked by Wu Yingying like this, but, even if she wants to buy a very expensive car, that’s fine, since I don’t lack money, and she’s Fatty Wu’s jiejie, I crashed her car so I have to show some sincerity right?

At this moment, Father Wu pulled Fatty Wu to a corner without anyone, and whispered.

“Damn Fatty, do you think the person just now is your older sister? My eyes can’t have messed up right,” Father Wu rubbed his eyes and said.

“Fuck, Damn Geezer. You can’t not even recognize your own daughter right? I really don’t understand how you got to be a leader, if you go on the battlefield, you would kill your own people!” Fatty Wu said with despise.

“You Damn Fatty, I’ve told you how many times, a leader is in charge of commands, and is in control of the entire situation. It doesn’t matter if my eyes are good or not, it would be fine as long as my mind is good,” Father Wu smacked Fatty Wu on the back of his head.

“Damn Geezer, are you jealous of me being smarter than you, sooner or

later my brain would be smacked dumb by you!” Fatty Wu said unwillingly.

“Wait, wait! We got off track!” Father Wu said. “Say, why does your older sister seem so feminine today?”

“Fuck, how would I know about your daughter!” Fatty Wu was still showing dissatisfaction to Father Wu’s violent action just now, “However, then again, jiejie seems to only act like that in front of Liu Lei.”

“Yeah! That’s possible! I can also tell, do you think Yingying fell for that Liu Lei?” Father Wu said as if he suddenly understood everything.

“Now that you say it, it really seems possible!” Fatty Wu also said.

“My fucking god, this is a great thing, if we can marry your sister out earlier, then I, the old man, can still live an extra few years,” Father Wu said happily.

“Yes, yes, yes!” Fatty Wu also said happily. Although his jiejie looked very feminine, but her personality was not like that of a woman’s at all, both him and his father would get tricked by her the moment they let down their guard at home, causing the two of them to always be extremely vigilant at home.

“However, this Liu Lei seems to already have two girlfriends!” Fatty Wu said awkwardly.

“Yeah? That’s even better, since there’s already two, an extra Yingying doesn’t matter, let me go and talk to Liu Lei, and get him to do some charity work and bring Yingying home as well! I don’t think an extra one matters, our family’s Yingying’s looks is also a phoenix among men, it’s just that her personality... But this can be ignored. After all, he did get lucky!”

Father Wu acted like he find a lifeline, how could he easily give up. There was no lack of sons of rich people proposing to his daughter normally, and he also encouraged them enthusiastically, but the issue was that his own daughter had completely no interest in these people,

she even messed around with them beyond belief, as this occurred over time, there were less and less people that dared to visit for this purpose. At the same time, Yingying became a knot in his heart. Now there's finally one that send himself up to them, and his daughter actually didn't do anything extreme to him, rather she seemed to get along with him quite well. If he missed such a great chance, then there was no guarantee when the next chance would come.

"About this..." Fatty Wu felt a bit troubled. His older sister was so unruly, if she really fell head over heels for Liu Lei, and if she gets jealous, how could the kind and caring Zhao Yanyan be her opponent! At that time, one side would be someone he loves, the other is his older sister, he really can't be biased towards anyone. What's more is that if he dared to be biased, his older sister would definitely tear his bones out. Thinking about his older sister's techniques, his entire body shuddered. He clenched his teeth, loyalty and filial piety could no co-exist since the ancient times, it was better to act for the benefits in front of his eyes!

"Okay! I agree!" Fatty Wu said resolutely, "If old sis really gets married out, then it'll be peace for both of us."

"yeah! We finally send this witch away!" Father Wu said happily, as if the entire situation is assured.

"My dear daddy~! Who are you guys calling witch?" Suddenly a sinister sounding voice rang out behind the father and son, the two of them immediately felt cold air rise up from beneath their feet.

"This... Yingying, we... we are..." Father Wu stuttered.

"We are talking about that novel! Web novel, it's called!" Fatty Wu quickly thought of an excuse.

"Yes, yes! "Very Pure and Ambiguous", ha... Yingying, that novel is really great!" Father Wu quickly continued.

"Very Pure and Ambiguous? What's that? Is it good?" Wu Yingying asked weirdly.

"Yes, of course it is, it's a love story about a man and multiple women,

that man also have superpowers, it's amazing!" Fatty Wu quickly explained.

"Oh... Then show me when we get back?" Wu Yingying said to Fatty Wu after hearing that.

"Oh yeah, where's Liu Lei?" How could Fatty Wu have read *Very Pure and Ambiguous*, this book isn't even out in 1995, that Fishman the Second is probably still in middle school, how could it be possible for him to go and write? Fatty WU was worried that she would continue pestering about it, so he immediately changed the topic.

"He already left! You two weren't there when he was looking for you!" Wu Yingying said with displeasure.

"Ah? Left? Fatty Wu said regretfully, he lost such a great chance for no reason.

"What is it?" Wu Yingying asked weirdly after seeing her father expression that was more upset than having lost money.

"Nothing, nothing! We just want to thank hi ma bit!" Fatty Wu said out of nowhere.

"Thank? Why thank? Thank him for crashing my car?" Wu Yingying asked in confusion.

"About this..." Fatty Wu stammered. "Of course not, isn't he going to get you a good car, we saved money, hehe——"

Wu Yingying looked at Fatty Wu weirdly after hearing his words, but she think too much about it, she just asked, "How did you come?"

"I drove..." The moment the words left his mouth, Fatty Wu regretted it, but it was too late.

"Give me the car key, I'll drive," Wu Yingying said with a face full of smiles.

"The geezer and I will take a cab..." Fatty Wu handed the car keys over to Wu Yingying in terror.

## Chapter 146 – Organizing a Concert

---

When I arrived at Shuguang Corporation, it was already nine o'clock at night. Zhao Junsheng was sitting in his office reading documents, it was just like the first time I saw him. This made me remember that I completely ripped Zhao Junsheng off back then when my identity was unknown. I couldn't help but smile. In the blink of an eye, half a year has passed, I, who has been reborn, used the experiences I had in my previous life to carve out a business empire that solely belongs to me, and this business empire may move into the global world in two or even one year.

This was someone I could never had imagine even in the previous life when I was the CEO of Microsoft's Huaxia region, not to mention that I was just a student in the first year of high school right now.

"Hello, this is Director Zhao's office?" I suddenly got playful.

"Yes... You..." Zhao Junsheng said a bit, then realized something was wrong, he raised his head and smiled after seeing that it was me, "Chairman Xiao Liu, you are still joking around with your Uncle Zhao!"

"Uncle Zhao, are you busy?" I walked over and sat down on the chair beside Uncle Zhao.

"Yeah, the bridge chip produced at Shuguang Microelectronics cannot match up to the needs of export, the factory still needs to be expanded!" Zhao Junsheng sighed, right now he had to take call of all big and small matters at Shuguang all by himself, causing him to be beyond busy. He was just complaining about having nothing to do all the time when in Tianheng, now he's just extremely busy.

"Uncle Zhao, get a few assistants if you can't handle it, try and see how many you can get from the ones I recommended you last time," I said. A while ago, I gave Zhao Junsheng a huge name list, the people on nit were all elites in the future computing industry, or the excellent leaders in IT. A lot of them are still students in university right now.

“That list? I checked it out, most of them haven’t even graduated, are you sure these people can make a difference in the future? What’s more is that how did you get to know them?” Zhao Junsheng asked questioningly.

“Uncle Zhao, believe in my judgement! I got the information of these people through special means,” I can’t say anything else, after all, I can’t say that I have affirmed all this in the future right?

“Okay! Uncle Zhao does believe in your judgement! After I finish with all these stuff, I’ll send someone to contact them,” Zhao Junsheng said, “Oh yeah, let’s talk about the company, there really was something important to call you over so late.”

“Our Songjiang city is going to hold a concert, you heard about this news right?” Zhao Junsheng said.

I nodded, I just heard about this news when I was eating with Zhao Yanyan.

“The leaders of Songjiang city just called me, and asked our company to be in charge of this concert,” Zhao Junsheng continued. “Although it is rather troublesome, but as the organizer, it’s less about making money, the main thing is that we can use this concert to increase the fame of our corporation. So I immediately agreed to it.”

I strongly agreed with Zhao Junsheng’s action. A celebrity’s concert was something that a lot of business’s can’t even sponsor even if they bring the money to their door, and now Shuguang has become the organizer, this is an unparalleled chance!

“Sure, then I’ll let you decide on this Uncle Zhao,” I said.

“Xiao Liu, this time Uncle Zhao asked you to come here, is mainly to discuss about Su Yingzhi. Look at this!” After saying that, Zhao Junsheng took out an envelope from the drawer, and handed it to me.

I opened it and looked, it was actually a threatening letter! Fuck, this actually exist, it is a typical scene from Conan!

I skimmed over it, on it was approximately written, since Su Yingzhi

rejected his confession, so he was going to give her an unforgettable experience during this concert.

“How did you get this threatening letter? No one knows that us Shuguang is organizing this concert right now right?” I closed the envelope and asked.

“The city leader gave it to me, this fellow is rather daring, he actually mailed it to the police station!” Zhao Junsheng said solemnly.

“Mailed to the police station? This person can’t be insane right!” I said in surprise. “Since it’s already been mailed to the police station, then he wouldn’t dare to act out even if he had a bear’s heart or a leopard’s gall.

“Ai! The city leader also said this, but I’m scared of what if! The concert is organized by us after all, if something happens it wouldn’t be good for our reputation,” Zhao Junsheng said worriedly.

“I think it might be a joke. Does he think we’re shooting a tv series? Sending a threatening letter before this sort of thing,” I shook my head and said.

“Let’s just try to maximize security. Jiang Yongfu would also send some people, as for the day’s exact plan, we’ll discuss about it later,” Zhao Junsheng took out a form and said to me.

After Zhao Junsheng and my discussion, the press conference and autograph session that was planned would be cancelled, because this sort of thing was the most chaotic and hardest to control, it would be difficult to ensure about her safety. The rest of the activities would have the police maintaining order nearby, preventing normal people from getting near.

After the itinerary was set, the next step was the hotel where Su Yingzhi was going to stay and where the ball after the concert was going to be held *etc.* Originally I wanted to cancel this ball, but Zhao Junsheng said that a lot of the children of the powerful people in the province asked for this ball, so it could not be cancelled. Although Shuguang was very powerful right now, and can make a decision on their own, but there was no need to wrong these people.

“Oh yeah, Uncle Zhao, reserve three tickets for good seats for us,” I suddenly remembered that Zhao Yanyan and them had asked me to take them to the concert, originally I was stressing about the ticket, but now the organizer is us, so the ticket stuff is far more convenient.

“Xiao Liu, you also like Su Yingzhi?” Zhao Junsheng asked me weirdly, from his perspective, I shouldn’t be interested in these celebrities.

“I don’t even know who she is! I wouldn’t recognize her even if she stood in front of me,” I laughed wryly.

“Then about this...” Zhao Junsheng said.

“Isn’t it your darling daughter, or else how could I find time to watch some concert!” I shook my head and said.

“...” Zhao Junsheng smiled and continued, “But why do you want three?”

“Hai hai! You’re asking even though you already know that. I don’t believe that you’ve never liked anyone else except bomu,” I teased.

“... Ai!” Zhao Junsheng let out a deep sigh, and pondered.

“What are you thinking? Uncle Zhao,” From the looks of it, he’s most likely reminiscing about his first love.

Actually I did guess it right, Zhao Junsheng’s mind was back to the summer that year, and that young girl. After ten-odd years, he was still unable to forget about her, the impression she gave him was far too deep. In the recent two years, his emotions just calmed down a little, but the accidental incident half a year ago brought up his memories again... Some things are really too much of a coincidence.

## Chapter 147 – Family Talk

---

“Nothing much,” Zhao Junsheng smiled. Wouldn’t it shock the world if he said out his thoughts!

“But speaking of which, why did Yanyan let you find women outside?” Zhao Junsheng changed the topic back to it again.

“I didn’t find it, she matched us together,” I said helplessly. Although I couldn’t help myself sometimes, but I never had a thought about cheating, but I never would have thought that Zhao Yanyan would first match Xia Jing, then Weier, causing me to be more and more perverted.

“What!” Zhao Junsheng opened his eyes wide, this was the most shocking thing he has seen. “You’re saying that Yayan took the initiative in matching you?”

Originally Zhao Junsheng had thought that Yanyan loved me too much, and so allowed me to do so helplessly. He never would have thought that the truth would be like this.

“Yeah, actually I am rather intrigued as well,” I said. To be truthful, I still have a feeling like I’m dreaming even now, but then again rebirth was a dream to me. A lot of things that were impossible has become possible now.

“Never mind, Uncle Zhao wouldn’t say too much about other things anymore. You are already the chairman of a corporation, and my boss. But having a lot of women is also trouble, Uncle Zhao has been in your shoes before. Although Yanyan doesn’t disagree, but... can you handle so many people?” Zhao Junsheng said ambiguously.

I momentarily blanked, then immediately realized that Zhao Junsheng was talking about that. But how could I talk about it with him? Was I supposed to tell him that the two chicks, Yanyan and Weier, aren’t able to satisfy me even together?

“Uncle Zhao, about this... If I can’t, then how could Yanyan let me find

other people,” I said subtly.

Zhao Junsheng looked at me meaningfully, like a scientist. It caused me to shudder uncomfortably.

It was already twelve something when I parked my car in the courtyard of the Industrial Bank. I wouldn't even dare to return home this late before, but now it is just a normal occurrence.

Ever since my mom found out about Zhao Yanyan and my relationship, she was extremely lenient with my night life. Every time I call my mom to tell her that I was staying over in Zhao Yanyan's home, she would always get really happy, and remind me to be careful very meaningfully. I was also rather speechless to this, although my mom told Zhao Yanyan multiple times that she hopes to get a grandchild earlier, but after all, the two of us are still high school students, Zhao Yanyan couldn't possibly go to university with a large tummy. Even if the school agrees, the civil affairs bureau would not.

I went upstairs, took out my key and familiarly opened the door. The moment I entered into the room, I felt that the atmosphere wasn't right. It was nearly one o'clock, why were the lights still on? I took another look, and saw that my parents were dressed properly, sitting on the sofa, looking coldly at me.

This scene was so familiar, it was just like the time when they found out about Zhao Yanyan and my relationship. They can't have found out about something again right?

I nearly freaked out after looking in, there was no need to be so terrifying even if they want to scare people right? It's like when the yamen was interrogating criminals.

“You're back?” My mom said without smiling, her eyes weren't even looking at me.

“Yeah, I'm back, dad, mom, you haven't slept yet?” I hope that I could see something from their expressions, but I was disappointed, the two of them didn't even have any expression.

“En. It’s good that you’re back, I thought you aren’t coming back again today,” My mom said something incomprehensible.

“Mom, what is it? Are you talking about how I always didn’t come home a few days ago?” I asked questioningly.

“Not come home? I can’t be any more happy when you go to Zhao Yanyan’s home, I’m just afraid that you would go elsewhere,” My mom glared at me and said.

Elsewhere? What did this mean? Was it hinting at something? Speaking of which, could they have found out about me going to Shuguang Corporation just now? That’s impossible? I went to KFC first, then to the hospital, and finally went to Shuguang Corporation, how could they have found out?

“Say it, what did you do to wrong us, are you going to be honest, or should I tell you?” My mom cleared her throat and said.

Wronged you? When did I wrong you? I kept on searching for the keyword in my mind, but the results were blank. Never mind, I’ll just test it little by little.

“I just went to a friend’s company...” I said and paused, but my mom didn’t have any reaction.

“Their company works on software...” I continued.

My mom got impatient, “Don’t just try to find stuff to say, and try to change the topic! What does your friend’s company have anything to do with this!”

Nothing to do with this? It looks like they don’t know about Shuguang corporation. This made me relieved, other than this, I wasn’t hiding from my parents. However, from the looks of it, it seemed like the three sessions of trial. Making it seem so serious, as if I had committed some grave unforgivable sin.

“Are you going to say it, or should I say it?” My dad roared after seeing me not reply for a long time.

“You say it,” I replied casually. Actually I really can’t say it, what was I supposed to say?

“Fine! Fine! Fine!” My dad repeated it three times. Then he continued, “Little bastard, your wings are hard now right? I can’t control you now right? You’re not going to say it, then I’ll say it for you, how did Yanyan wrong you? You actually learnt to get a mistress?!”

Mistress? This was the second time I heard someone mention this term, last time it was Fatty Wu, this time... Could it be because of Chen Weier? I shouted “crap” in my heart! I got too intimate with Chen Weier in the morning downstairs, they most likely saw it!

“Yeah, how great is Yanyan! She likes you so much, and even gave you her most precious thing, and that’s not enough? Isn’t this blasphemy!” My mom continued after my dad.

“Dad! Mom! This is my private business, I can deal with it! You don’t need to worry about me!” Since it has come to this, I have nothing to hide, so I just let it all out.

“Private business? I gave birth to you, and you’re talking private business with me? Do you want to get beaten?” My mom also got angry.

“Mom, this type of thing is all willing, I didn’t force anything!” I explained.

“Willing? Who is that girl that came downstairs to our home this morning? What is her relationship with you?” My mom asked.

“She’s my girlfriend,” I said assuredly.

“Girlfriend? Then Zhao Yanyan?” My mom laughed coldly.

“She is as well!” I said without hesitation.

“As well? Fine, you, then does she know about Zhao Yanyan?” In my mom’s mind, the girl she saw this morning was ninety percent blinded by me, and didn’t know the fact that I was two timing.

“She does,” I said at a moderate pace.

## Chapter 148 – I fear that's not all

---

This sentence nearly made my mom drop her glasses. “What did you say?! She knows? She’s still with you even though she knows?” My mom shouted in surprise.

“Never mind, you don’t need to say anymore. Since it’s like this, I think that girl can’t be anything good, sticking on you even after knowing you have a girlfriend, she definitely isn’t a good thing!” My dad concluded.

But my following sentence overthrew his conclusion, I said, “Zhao Yanyan knows.”

“What-What did you say?” My dad looked at me in disbelief, “Zhao Yanyan also knows!? Who are you kidding? How could any girl agree for her own boyfriend to get two girlfriends? Are you treating your dad as an idiot or Zhao Yanyan as an idiot?”

“Dad! Listen to me, neither of you are idiots! But what I said is the truth! The truth is like this,” I said calmly.

“The kid’s mom, looks at if this bastard is having a fever? How could he say this thing that is so hard to believe?” My dad pointed at me and said in confusion.

“Old Liu, stop scolding Leilei. Let’s ask about it clearly, Leilei isn’t normally a kid that likes lying either!” My mom was slightly more logical, and said slowly after having a sip of water.

“Sure! Then tell us, what exactly happen!” My dad sighed and said.

“Dad! Mom! We are all clear about the relationships between the three of us, and are all completely willing. We just ate KFC together just now, also, actually the last few days at Zhao Yanyan’s home, the three of us... lived together,” I strengthened my resolve, and just said everything out, to prevent my dad and mom to keep telling some logic to me.

“Three people lived together! Leilei, you actually did such an absurd thing? And in Yanyan’s home?” My mom was so shocked that she

couldn't close her mouth. My dad just glared at me with open eyes.

"Yeah, so there isn't who hurt who, or who wronged who. The relationship between the two of them is quite good as well," I continued.

"This... Ai! This is blasphemy!" My dad finally said something after a long while.

"Then, does Yanyan's family know about your relationship? My mom asked worriedly, if this sort of thing was found out, it would be weird if they don't break his leg. Who would want their daughter to share a husband with someone else!

"Uncle Zhao also knows, he saw us, and to not disturb us, he deliberately went to the company to sleep," I said. Actually it was because Zhao Junsheng couldn't help but agree as my subordinate.

"What... What is this!" The amount of shock my dad got today was so much more than the amount of salt he had in his life. He couldn't help but exclaim in his heart : This world is too crazy! It looks like he is too behind the times!

I thought, you are already shocked like this from two, there might be a Xia Jing after a while, wouldn't you be shocked to death then.

"Is it really like that?" My mom was also shocked, and still asked with suspicion. No matter who it was, they wouldn't be able to believe this instantly. Since the two girls are young, it is possible for them to like the same person. But if even Yanyan's dad also went crazy with them, it would be a bit too over the top!

"En," I nodded. "If you don't believe me, you can ask Yanyan the next time she comes."

"Ai! Never mind, since it's like this, and the person involved isn't saying anything, why are us bystanders worried about!" My mom sighed. "This is the matters of young people, we really can't say anything! Even if we want to, we don't understand! But no matter what, I'm still your mom! I have to say something now, if both of them follow you so loyally, then I will treat them equally, and treat both of them as my daughters-

in-law. However, if you can only choose one, you can only choose Zhao Yanyan, or else don't think of entering this family's door!"

I nodded my head. I know, this thing will pass peacefully. The last sentence my mom said to me was pointless, ignoring the fact that these two people wouldn't ever leave me, even at the end, the first person I marry will definitely be Zhao Yanyan, that's the goal for my rebirth!

Thinking about marriage, that's another problematic topic. There definitely will not be an issue with Zhao Yanyan being my legal wife in the future, the main issue was Chen Weier, although the chick doesn't fight for anything, but I already promised her that I will marry her properly. Seeing her joyous expression, I know that she does care about these things in her heart! I can't exactly marry twice can I?

This country wouldn't allow this, if that happened, I would have committed bigamy.

"Wait a bit——" Just as I was prepared to go back to my room, I was stopped by my dad.

"What is it? I subconsciously turned around.

"Little bastard, pay attention in the future, stop philandering outside! I really don't know what good deeds you have done in your previous life, for two girls to be completely loyal to you, I'll say it today, if you dare to bring a third one home, I'll break your leg!" My dad looked at me and scolded.

"Okay now dad, I know. However, if Yanyan and them insists on making me find another one, I can't help it," I turned around and went back into my room before my dad reacted.

The moment I closed the door, I heard my dad's roar, "You little bastard, you're messing with me aren't you?!"

"Leave it, Old Liu, Yanyan isn't saying anything, what's the point of us worrying here," My mom said.

"But this is a bit too much, does the brat think it's the old society, where multiple wives and mistresses are fine," My dad said.

“This shows that our son is charming! To be honest, as a mother, I’m rather happy, two daughters-in-law, how much glory is that for me, the mother-in-law!” My mom said.

“That’s true. But does this count as bigamy?” My dad said worriedly.

“Count your ass! In this era, there are plenty of people with mistresses, I don’t see anyone has got charged for it. What’s more, they haven’t registered, what bigamy!” My mom glared at me dad sideways and said.

“From what our son said, it seems like he’s prepared to bring more back home,” My dad thought back to my final sentence.

“Bring more? Never mind, there isn’t much difference between two or three, as long as Zhao Yanyan doesn’t object, we shouldn’t say too much as parents,” My mom said uncaringly.

“I’m afraid it’s not just three...” My dad said thoughtfully.

“What?!” My mom freaked.

The next morning, before I woke up, I received Wu Yingying’s phone call.

“Dajie, can’t you let me sleep a bit more? You have to know I’m growing up...” I said unwillingly to the phone.

“What dajie, it makes me seem really old, call me Yingying!” Wu Yingying pouted.

## Chapter 149 – Wu Yingying's Thoughts

---

“If you let me sleep a bit more, it’ll be fine even if I call you meimei!” I teased into the phone.

“Cui! Not serious at all, you just know how to take advantage of people!” Wu Yingying complained.

“Fine, then calling you Yingying is fine right! Yingying-dajie, just let me sleep a bit more!” I said sleepily.

“Liu—— Lei!” Wu Yingying suddenly roared. “I hate you! You are still calling me dajie!”

Getting roared at made me clear up quite a bit, and my sleepiness also left, causing me to become wide awake.

“Yingying, good Yingying, just let me sleep okay...” I said.

“No, if you talked to me like that just now I might have considered agreeing to your request, however I am already angry now, so no chance at all!” Wu Yingying said in displeasure.

No then no, after her car, I have no interest in sleeping anymore. “Yingying-da... daxiaojie, please tell me what if your business?” It was good that I was rather intelligent, or else I would have gotten her annoyed again.

“You’re smart!” How could Wu Yingying hear my tone, “You promise this xiaojie yesterday that you would buy me a car!”

“Yes, I promised you...” Fuck, she can’t be wanting me to accompany her today right?!

“It’s good that your memory’s fine, I thought you would have forgotten after a nap!” Wu Yingying said with a smile.

If I knew this earlier, I should have told her that I don’t remember, then I’ll be saved all this trouble.

“How could I forget,” I smiled wryly and said.

“It’s good that you didn’t forget! Quickly come and get me, and we’ll go to the car market to buy the car!” Wu Yingying said neither fast nor slowly.

“Now?” I sweat!

“Now!” Wu Yingying said determinedly.

“Never mind, tell me where you are, I will go and get you!” I stretched and said. Actually I could refuse, but since I promised her, I have to do it sooner or later, it was better to finish it quickly. However, the truth will prove that my thought was completely wrong.

“I am at the mansion in the Songjiang Military region, just drive your car in after you arrive, I’ll tell the guards,” Wu Yingying said.

“Okay, see you in two hours!” After saying that, I hung up the phone before she replied, and directly shut it down.

All that was left was Wu Yingying roaring angrily into the phone, “Liu Lei! You’ve done it!”

When Wu Yingying dialed back, the other person actually shut down their phone!

Using this opportunity, I should go back to sleep first, or else I can’t guarantee that I would wipe off another car.

When I appeared in front of the Songjiang military region’s courtyard, it was already two hours later. The soldier looked at my car plate and let me in, that’s it. It was clear that Wu Yingying had given them a heads-up, but what made me not understand was that, how did she remember my car plate number? Was it a subconscious action because I crashed into her?

Actually, Wu Yingying had been sitting in the living room of the mansion looking outside of the window since a long time ago, she was about to give up. Ever since they hung up the phone, Wu Yingying didn’t waste a single moment, and just waited in the living room the entire time. At the start, she got more and more angry, she didn’t agree to anyone who took the initiative to ask her out, yet now she is asking

others out, but he didn't treat him as much. However, as the time passed, the anger had already turned into anxiousness, at the end, she just hoped that he would appear faster, she was fine with having waited so long. Despite this, that figure never appeared at the entrance of the mansion.

Ai! Wu Yingying sighed, and thought a little in jealousy, what does she count as, he already has two peerless beauties accompanying him, how could he be interested in her? Moreover, she is older than him... It looks like... Was the first time of her liking someone else, going to end without a beginning?

“Di —— Di!” Two clear rings of the car horn pulled Wu Yingying back from her thoughts. She raised her head, and saw that a Jetta had been parked outside the door, the window of the front door was rolled down, and the person inside was revealing a terrible smile, isn't that the person she had been missing!

Wu Yingying couldn't care about anything else, and just pushed open the door, then ran out. All of a sudden, the thoughts and feelings of wronged surged up, and also understood her own thoughts.

“Why did you come so late!” Wu Yingying said with a frown.

“Since we are going to buy a car, of course I needed to go and withdraw money from the bank!” I smiled, and held up the black suitcase in front of her. I just got it out from the Industrial Bank, and am now using it as an excuse for being late.

“You're bringing cash to buy a car!?” Wu Yingying looked at me in disbelief, as if she was looking at a monster. However, she was rather happy, looking at that big box, there was at least a million inside, it seems like he was really prepared to buy her a sports car.

“I say, da... daxiaojie, looking at me so closely, I would misunderstand it as you liking me,” I joked.

Wu Yingying's heart felt a sudden sweetness after hearing that, and thought, it's good if you misunderstand! However, she said, “Don't you have a bank car? Who goes out holding a suitcase of cash!”

“I’m afraid that when I pay, they will say to me, sorry, we don’t support XX bank’s cards here...” I chuckled, and imitated Wu Yingying’s tone and said.

“You-You’re terrible!” Wu Yingying blushed, and thought back to what happened that day at the hotel. “You just know how to bully me!”

“Oh yeah, I had something that I always wanted to ask you, why did you go to work at Dynasty Seafood?” I spoke out a confusion in my heart.

“I was working and studying at the same time okay!” Wu Yingying glared at me and said.

“You were working and studying? You don’t seem to lack money!” I asked weirdly, how could the young mistress of a leader of the military region lack money?

“I don’t want to spend the family’s money!” Wu Yingying said.

“Oh!” I nodded. “Then how much did you earn?”

“Fifty something thousand, I used it all to buy a car. But you made it disappear with a step on the pedal yesterday!” Wu Yingying said angrily.

Only then did I realized what a stupid topic I brought up! What a failure, it looks like I am definitely going to have to take upon the role of the culprit!

“Get on... To buy you a new car,” I looked at the angry Wu Yingying and said awkwardly.

“Heh!” Wu Yingying snorted, then got on the car. However, she was beyond happy inside, she finally got her face back, he wants to trick her? He should see what her nicknames are, “Witch” and “Professional Screw Over” are not just for show! She had deliberately guided the topic over there, just to make him troubled! Actually, she had only driven that Alto for a few days, and isn’t attached to it, it wasn’t a big deal for it to be trashed.

How would I know what she was thinking, I had thought that her feelings were brought up because of the topic, and so I said without any

other methods, “Yingying, I’ll tell you a joke?” Telling jokes was a specialty, for example, both Zhao Yanyan and Chen Weier were wooed over like this.

“I don’t want to listen,” Wu Yingying answered casually.

## Chapter 150 – I'll Compromise

---

"I won't say it if you don't want to listen!" I got annoyed as well, what's with the attitude, I wouldn't tell it normally. You are the only one to receive this treatment outside of my two wives, and you aren't going to listen?!

Thus, I drove the car. The two of us just stayed in silence.

After a while, seeing that I really wasn't saying anything, Wu Yingying felt a bit guilty, and said quietly, "Then tell, I want to listen now."

"Listening when you want, not listening when you don't want, do you think I'm a radio!" I intentionally said it with a stern face. However, I did want to laugh in my heart, this Wu Yingying was at least three years older than me, why was she still like a little girl in personality.

"Aiya, I'm wrong okay! Just tell it, Liu Lei, I'm begging you!" Wu Yingying got anxious and actually started acting spoiled.

"Are you actually going to buy a car or not?" I had already been dragged around the car market three times by Wu Yingying, and was starting to get a bit dizzy.

"Of course, why wouldn't I buy! But it has to be something I like!" Saying that, Wu Yingying continued to go around the car market in circles.

"This is already your fourth round, even the owners of the car shops recognize us now..." I complained.

"The point is to make us seem more familiar, so they it'll be easier to bargain later!" WU Yingying said.

"I don't expect to able to save that amount of money, just hurry up and buy it! If you keep going around, I would get confused!" I smiled wryly.

"That's not okay! Don't you know about diligent and thrifty, I had to use two years of salary plus my New Year's money in order to buy an

Alto!” Wu Yingying said.

“Then let’s buy an Alto!” I suggested.

“Why are you so terrible, do you want me to get crashed against again?”  
Wu Yingying said unhappily.

“Wow, this car is so pretty! Liu Lei, look, it’s the newest model of Mercedes!”

“Then buy this...”

“No, I want to look more!”

“Wow, this car is so cool! Honda 4500! A land cruiser!”

“This car is from Fusang, let’s change for another one.”

“I also hate Fusang goods, if this was produced in the country, then I would buy it.”

“Wow, there’s actually a Lamborghini sports car here!”

“Then buy this...”

“It seems to be an exhibition product...:

I spent the entire day accompanying Wu Yingying in circles. At the start, the sales ladies of each car shop enthusiastically introduced us to different models of cars and their functions, but as time passed on, all of them treated us as poor crazy people that were just wandering around.

“Yingying, which one do you actually want!” I looked at my watch, the car market was about to close, she still didn’t even have any ideas. Right now, I wouldn’t hesitate even if she wanted to buy the entire car market. It’s already been an entire day, such valuable time...

“I haven’t made up my mind yet, how about I think about it back at home tonight, and let’s come back tomorrow?” Wu Yingying looked at me with a smile.

Come again tomorrow?! Are you serious? I instantly understood, I got tricked by this woman, she had planned all this, and wasn’t going to buy a car today at all!

“Yes or now!” Wu Yingying shook my arm and said coquettishly after seeing that I didn’t reply.

However, she isn’t my wife, so it didn’t have much effect on me. I just said coldly, “No!” After that, I threw the suitcase of money in front of her, “I’ve given you the money, come and buy it tomorrow yourself!”

After doing all that, I didn’t even look at her, before turning to leave. To be honest, I detest this kind of opinionated, women that likes to use their little smartness. Not doing proper things, and just planning little tricks, and treating others like idiots.

“Liu Lei! Stand there!” Wu Yingying said anxiously.

“I have two beautiful wives at home waiting for me, I have no time to accompany a little girl like you in her ploys!” I was also angry, if it wasn’t because I held most of the responsibility in the traffic accident yesterday, I wouldn’t even bother with her.

“I-I’m sorry okay! I’ll buy it, I’ll buy it now! Don’t go...” Seeing that I got mad, Wu Yingying immediately got worried, her tone made her seem like she was about to cry. When had she even had to put up with this, if it was another boy, she wouldn’t even want to spend a bit more time with him, and now she’s completely stuck on this fellow, and so she couldn’t resist but taking a step back.

“Never mind, saying that now, you might screw me over later. I’ve already tasted your double meanings, and making something out of nothing, go and mess with someone else,” I got more and more angry, my voice also got quite a bit louder.

“I-I’m really not like what you think...” Saying that, Wu Yingying actually started crying. “You aren’t keeping your promise, we pinky swore...”

Ai~! I sighed in my heart, I don’t have much use, I just can’t accept a girl crying, the moment they cry I would give in. I turned around, walked to Wu Yingying’s side, “Yingying, okay now, don’t cry. It’s all my fault, let’s come and buy it tomorrow okay?”

“Leave, just leave! Who wants you to be so fake! I hate you... Just leave quickly!” Wu Yingying cried even harder after hearing me say that as her fists rained down upon me.

About this... I sweat! A woman’s heart is truly like a needle under the sea! She was just telling me not to leave, not she’s telling me to leave quickly!

“If you want to look, then let’s take our time, and only buy it when we find a satisfied one okay?” The main thing right now, is to cheer this woman up, there were a lot of people watching now already. Fuck, if they don’t know the situation, they would think that I was bullying a woman.

“No need for you to buy it now, I’ll buy a bicycle myself and crash myself to die,” Wu Yingying choked.

As expected, I heard an old lady said, “The youngsters nowadays really lack values, they just know how to bully their wives!”

“Yeah, look at how wicked he is!” Someone agreed.

“Blasphemy, in my opinion, that woman is terrible, getting bullied so willingly!”

“If that’s my boyfriend, I would have kicked his little bro in ages ago!”

“...”

“Say, daxiaojie, let’s leave quickly, if we stay any longer, the woman’s association will come to arrest me!” I said quietly to Wu Yingying,

“...” Wu Yingying naturally heard what others said, and no-w hearing me say that, she couldn’t help but laugh.

Seeing that she laughed and stopped crying, I knew that the tempest had passed.

“Then let’s go...” Wu Yingying said quietly to me with a blush, like my little wife.

When Wu Yingying and I left, someone was still pointing at me behind, “If it was me, I would definitely not have let him off so easily!”

“Yeah, at the start, my hubby nearly kneeled down for me!”

“Truly losing face for us women!”

“ ... ”

“Not angry?” I looked at Wu Yingying and said. Fuck, what is this, she was the one that messed with me first, and now I have to comfort her.

“Barely not angry!” Wu Yingying glanced at me sideways and said.

“Barely not angry? So you’re still angry? I said with a chuckle.

## Chapter 151 – So Cheap!

---

“I’m not angry now, I’ll save it all for later,” Wu Yingying said.

“Later? With who?” I suddenly wanted to tease this woman.

“Heh! Of course it’s you!” Wu Yingying snorted.

“With me? I don’t have any issues with it, but I fear my two wives wouldn’t agree!” I said lecherously.

“?” Wu Yingying momentarily blanked, but immediately understood, and said angrily. “Who wants to give birth <sup>1</sup> with you, dream on!”

Thus, I was dragged to the car market by Wu Yingying very early in the morning the next day, however, she was much more obedient than the previous, she directly ran over to the Lamborghini we saw the previous day, it seems like sports car were still very attractive to girls.

“How much are you selling this for?” Wu Yingying pointed to the Lamborghini and asked the sales lady.

Since it’s the morning, the sales lady was busy doing her makeup, as she raised her head, it was actually the couple from yesterday, she instantly felt a sense of contempt looking at them. From her perspective, the two of them are just poor people coming to window shop. Now hearing the girl’s words, she felt more assured about her thoughts, “how much are you selling this for”?! Is there anyone that talks like that? Does she think that she’s buying cabbage in the market?

Therefore, the sales lady just completely ignored Wu Yingying’s question, as if she didn’t hear it.

“Hey, I’m talking to you, how much is it for one?” Wu Yingying is not punctilious normally, so she doesn’t seem like a lady when she speaks at all. However, being able to say this kind of stuff, I really don’t know if she is doing it intentionally.

Even I couldn’t hold it in on the side anymore. How much for one? Why

does it seem like she's at the wholesale market?

"How much for one? Are you buying vegetables?" The sales lady said impatiently.

My originally smiling face instantly darkened, "She asked you how much, just say it, don't bullshit so much!"

The sales lady momentarily blanked, she didn't think that this person's temper wasn't that good. However, she peaked at Wu Yingying and my clothes again, and thought back to our actions the previous day, so she naturally put us in the poor people category. If the person was someone wearing tons of jewelry, she definitely wouldn't have dared to act so pridefully, but the person in front of her didn't seem like anything to fear.

"You can't afford it even if I told you!" The sales lady said with contempt. Actually this car was not for sale at all, it was lent to them by the agency in Hong Kong to make their car shop seem more impressive. When the car was first displayed here, it did shock the nearby car shops quite a lot.

"This car's three million and eight hundred thousand!" A balding middle aged man walked out from the car shop and said impatiently. He was the manager of this car shop, and had clearly seen everything that happened just now. Although the two people didn't seem to be able to afford cars, but since it's early in the morning and they haven't properly opened, he wasn't willing to cause too much trouble. Thus, he set a rather high price in hope of scaring the couple away.

"Three million and eight hundred thousand?" Wu Yingying was so shocked that she had her mouth wide open, from her perspective, this car was like an Alto, it's just a scrap metal jacket with an engine inside, why was there so much difference?!

Seeing Wu Yingying's expression, the middle-aged man felt more contempt. He thought, now you're shocked? If you're shocked then leave quickly, and don't cause trouble here.

However, my following words completely made the middle-aged man discard that thought. At that moment, I was trying to think of a way to

quickly buy the car in order to send this woman back.

“Three million eight hundred thousand? This car?!” I pointed at the Lamborghini and asked. It can’t be, this thingy is so cheap? I remember my old boss Xu Zhongbang also bought his daughter a Lamborghini as a birthday present in my previous life, I even went to choose it with him, he spent ten million something then!

“That’s right!” The middle-aged man said proudly.

“Fuck, it looks better than the one old Xu bought, and it’s actually so cheap,” I shook my head and muttered to myself.

“What-what did you say?!” The middle-aged man said in shock, he definitely did not believe the kid in front of him could afford Lamborghini, but he did clearly heard him say “it’s so cheap”!

“Nothing, Yingying, what do you think about this car?” I ignored that middle-aged man, turned around and said to Wu Yingying.

“It’s quite pretty, but the price...” Wu Yingying hesitated when she heard three million and eight hundred thousand! This wasn’t a small sum.

“It’s fine if you like it!” I then said to the middle-aged man, “I’ll take this car, here’s the money!”

I casually placed several locked suitcases onto the table, opened them, and revealed stack after stack of neatly piled hundred Yuan notes.

“You-You are going to buy it!?” The middle-aged man widened his eyes in disbelief, and looked idiotically at the huge sum of money in front of him. When he heard this kid say this car was cheap, he didn’t think too much into it, and thought that he was lying. Now seeing the stacks of hundred Yuan notes, he momentarily blanked on spot, and couldn’t do anything for a moment.

“Hurry on with the procedures!” I said impatiently. Confused? The owner of this large car shop can’t not have seen this amount of money before right!

“About this... This...” All of a sudden, the middle-aged man wasn’t sure of how to reply. This car was not for sale, it was lent to them by the supplier to make them look good, three million and eight hundred thousand was a price he randomly said, he never thought that the student that didn’t seem like anything special could afford it. However, now that the other person even brought up the money, this troubled him a lot.

“This car actually isn’t for sale, it’s just placed here for display...” The middle-aged man paused, and spoke out the truth.

“Not for sale!? Why the fuck did you name a price if it’s not for sale!” I immediately got pissed after hearing that, fuck, Wu Yingying finally chose a car, and not you aren’t selling it? If it was normally, I might have just laughed it off, but now, if he doesn’t sell it, then it means I have to accompany Wu Yingying go around the car market, how could I agree to that!

“There is a price, but no products, so!? What’s more is that what can you do to me if I don’t sell it?” Hearing me get loud, the sales lady immediately stood up. Seeing at the two people that bring a whole suitcase of money everywhere, they were clearly upstarts, and obviously don’t have any backing.

“I fear it’s not up to you right!” I said coldly.

Hearing me say that, the middle-aged man also got angry, “You’re going to force us to sell it! Don’t think that you’re amazing just because you have money, I’m telling you, you are nothing in my eyes! If you don’t leave, then I’m going to call the police!”

“Call the police? Sure! Let’s see who’s in the right then!” I laughed coldly. Does this person think I’m still a little brat? Trying to scare me with that, I have tasted electric batons before, what more is there to be afraid of?

Saying that, I counted out twenty stacks of hundred Yuan notes, threw it into Wu Yingying’s backpack, and then threw the rest of the money to the middle-aged man,” Three million and eight hundred thousand, do

the procedures!”

“Just wait!” The middle-aged man glared at me and said fiercely. Then he went to make a call inside the shop.

-----

1. I know it sounds kind of awkward in English, but there really isn't a good way to translate it into English from Chinese. Essentially, Wu Yingying says she's barely not angry, and angry is 生气, which she shortened to 生. At the same time, 生 also means giving birth. Hence, the play on words. [↩](#)

## Chapter 152 – Shocked Car Shop Owner

---

Meanwhile, I sat on the sofa outside, and casually chatted with Wu Yingying. Wu Yingying grew up in the military camp, and was someone who wasn't afraid of anything as well, so she wasn't worried about what was going to happen.

After the middle-aged man finished his call, he glared at me fiercely, and thought, laugh now, it'll be your turn to cry later. Just randomly accusing you guys of oppressing the market, disturbing public safety would be enough to have you in custody for several days.

About ten odd minutes later, we saw several people in police uniform rush over. I didn't even raise my head at all, Wu Yingying was the same as me, the two of us were having a discussion about the car plate number, as if the car has already become ours. According to Wu Yingying's thoughts, she can just casually get a military car plate from her dad. However, I felt that the Lamborghini itself was already eye-catching enough, if it has a military car plate as well, it would be too much. Therefore, I felt that it was better to lay low a little, worst come to worst, we'll just get some help from Jiang Yongfu for a car plate with a nice number.

"You two dare to cause trouble here?" The person in the lead yelled. "Do you want to die?"

"Biao-ge, you came, it's the two of them! Causing a ruckus here!" The middle-aged man said.

The muscular brute first looked greedily at the suitcase of cash on the table, and only retracted his gaze from a large while. He thought, this person is so fucking rich, if he doesn't squeeze some out of him with such a good opportunity, what is he waiting for?

Thus, he walked towards Wu Yingying and I with a weird smile, and said "You two, come with me to the security office!"

Wu YIngying and I continued our topic, and neither of us raised our heads.

“I’m talking to the two of you! Did you fucking hear me!” The muscular brute in the leader immediately got pissed after seeing that the two people in front of him didn’t treat him as anything special, and continued to chat and laugh.

“I’m talking to you, you deaf person!” A little security guard behind couldn’t stand it anymore, so he shouted and rushed up. The first thing he did afterwards was grab my collar.

“Who are you shouting a!?” I immediately sent a kick his way. He fucking actually dared to grab my collar!

“Ah...” The guard that rushed up gave out a cry of pain, then flew away, crashing down beside the Lamborghini.

“Why did you use so much strength! Don’t trash my car!” Wu Yingying said worriedly, her expression was like as if the Lamborghini was already her personal belongings.

“You actually fucking hit people? You got sick of living right! Grab him, and teach him a good lesson in the security office!” The person in the lead also get anxious, and roared.

Only now did I straighten my messed-up collar, and stood up. I looked casually at the brute in front of me, “If you don’t want to be like your lackey just now, then you better shut up!”

“Fuck! I don’t believe that I can’t murder you!” The brute in the lead immediately got angry, and rushed over pointing at me.

I didn’t pay attention to this kind of small fry at all, I just stood there without moving .The muscular brute called Biao-ge thought I was too shocked, so he dashed over pridefully, and raised his fist towards me.

I nimbly dodged the attack, and casually kicked, hitting Biao-ge’s crotch perfectly. Biao-ge immediately felt an overwhelming sense of pain, and laid on the floor, unable to get up.

The two lackeys behind Biao-ge looked at each other, signaling each other that they have met someone strong! However, from the looks of it, the two of them didn't think of me as anything special. They just treated me beating Biao-ge just now as dumb luck!

The lackey behind Biao-ge suddenly picked up a metal bat and smashed it down upon me. I found it rather funny, you two communicated so long with your eyes and finally came up with this idea? Using a metal bat to hit me?

I casually reached out my hand to grab the metal bat, Lackey A pulled it a bit, but he couldn't move it. Yet, he didn't have any sense of worriedness, instead he had a sense of happiness on his face! I found it rather weird, of course, I immediately understood his intention!

Lackey A was diverting my attention, so I would move away! This is because Lackey B had already silently crept behind my back, holding another metal bat, and was about to smash it onto me!

"Peng!" Before I made a move, Lackey B full heavily onto the floor, I looked around, and saw that a fire extinguisher was in Wu Yingying's hands, she looked at Lackey B on the floor with a smirk and said, "Is your stupid bat as powerful as my fire extinguisher?"

Seeing that Wu Yingying handled the problem in front, I didn't play around with Lackey A anymore, and forcefully flung him away, causing him to land heavily onto the well, and instantly faint.

Seeing the ferocity of us two easily handling the people that he called, the car shop owner couldn't help but shudder. However, recalling that he is rather important in this car shop, and he has to keep his face. If he just submits now, how's he going to survive in the industry!

Therefore, he forced himself to stay calm and say, "I old Zhang is also a tough guy in this area, ask around, there really isn't any that dares to be cocky in front of I, old Zhang!"

"Say, Owner Zhang, I don't know if you are a tough guy, and I don't want to know. Because there's no need to," I found it a bit funny. "I'm just going to ask you know, are you going to sell this car or not?"

“This-This car is a display item, the main company has said that it can’t be sold...” Owner Zhang didn’t dare to be too forceful, the two people in front of him just beat down four muscular brutes, with his physique he was clearly not an opponent.

“If you aren’t selling it, then why did you tell is that this car’s three million and eight hundred thousand?!” Wu Yingying interrupted from the side.

“About this...” Owner Zhang was instantly placed into an awkward spot.

Owner Zhang was troubled right now, if he knew it would turn out this way, he would have settled it a bit nicer, now he truly has moved a boulder to drop on his own feet. He was really afraid of the people in front of him beating him up if he says something wrong.

“Hey, is it Uncle Li? I’m Yingying! I’m at the Huifeng car shop in the car market, and got interested in a car, but this owner refuses to sell it to be... It’s a Lamborghini sports car... Sure, then I’ll wait for you!” Wu Yingying actually added oil to the fire and dialed the phone number of Secretary Li of the Industrial and Trade Bureau.

Wu Yingying’s call was extremely loud, the angry words of Secretary Li from the other side of the phone was clearly heard by Owner Zhang, when he heard “cancelling business license”, his face was scared white.

After Wu Yingying finished speaking, I signaled her to not hang up, and directly took over the phone.

“Secretary Li, I’m Liu Lei,” I said.

“Liu Lei? Why are you with Yingying?!” Secretary Li said in surprise.

“I’m going to gift the car to her, so I ran into a bit of trouble!” I chuckled.

“Fine, wait there a little, I’ll go over in person,” Secretary Li said.

## Chapter 153 – Wait, Almsgiver

---

“I really troubled you, I haven’t thanked you last time yet, and now you have to come in person...” I said.

“No worries, I’m rather free here,” Secretary Li joked.

“Okay then, let’s leave it like that,” I hung up the phone, and returned the mobile phone to Wu Yingying.

“You also know Uncle Li?” Wu Yingying received the phone, and said while putting it back into her bag.

“Yeah,” I nodded.

“So you know quite a lot of people!” Wu Yingying giggled. She decided to find another day to ask Fatty Wu, to see what’s the background of this person, it should be the son of a rich businessman or government official.

At this moment, Owner Zhang’s face was pretty much green, what kind of person did he wrong, it looks like not only the male has some background, that female was the same, she was able to call the people from the Industrial and Trade Bureau here with a call, he definitely ran into a huge problem. Originally he thought that these kids with a suitcase of cash were just upstarts, he never would have imagined that they actually were so amazing. Is bringing cash to go shopping the trend now?

Now that it has come to this, he has no other choice. Leave the Hong Kong side for later, since they have already cooperated for so long, that side won’t blame him too much for selling the car, he’ll just compensate with money at worst, it was better to deal with the situation at hand first.

Thinking that, Owner Zhang gave in a little and said, “Please don’t be angry, I’ll go and do handle the procedures for you immediately.”

I smiled, and threw the two hundred thousand left over to him as well, then said, “Take this two hundred thousand to handle the procedures and buy insurance, the extra is tips. Also get the car plate ready! If you

say this earlier, I wouldn't have needed to move right? It wasted so many cells!"

Owner Zhang wiped away his sweat and agreed.

Apparently, a period of time later, Owner Zhang was chosen as the model for the best service within the car market, the reason was because that regardless of the customer's background, regardless of what they wore, he would serve them with smiles, and patiently explain everything to them...

Recently, I always feel like someone is watching me behind my back, but whenever I turn over, I wouldn't find anyone there.

The sixth sense in my body tingled even more, I don't know if it was related to my weird superpower. Anyways, I just have a feeling of being watched every single time I do out, although I tried to find the person behind it multiple times, they always ended in failure. I even got Guo Qing to get some people to pretend to be bystanders to follow me, but they didn't notice anyone suspicious, and that feeling still remained.

I acted the same as usual this day, and stopped the car in the courtyard of the Industrial Bank, just when I got off the car, I saw a figure blink to behind the tree.

Haha! I finally found you! I was so happy at that moment, screw it, you caused me to not be able to sleep well these two days!

I pretended like nothing happened, locked the car door, and walked towards the entrance to the courtyard. Before I walked five meters, I immediately concentrated to use my superpower, and swiftly arrived behind the tree that the figure just now was hiding behind.

"Bro, it's been tiring for you right!" I laughed coldly as I patted his shoulders.

"Ah... Fuck! A ghost!" The black shirted person turned around, and found the person that he was keeping a tab on appear behind him like a ghost, it nearly caused him to pee his pants! What kind of person is this, 1 second ago he was at least twenty meters away, and the next moment

he was behind him.

“Shout your ass!” I swore. “Say, why are you following me!”

“I... I... I...” The black shirted man was already completely freaked out, he repeated the word “I” three times. When his big boss told him to keep tabs on someone, he thought it was something easy, he never would have thought that this person was so terrifying!

“I what!” I slapped him, and said, “Are you going to talk or not!”

“I’ll talk... I’ll talk, I’ll say everything! Big bro.... No, daye, let me go, I have old and young in my home, I really have no ill intentions!” The black shirted man already collapsed onto the floor, and begged.

“Why do you have so much bullshit, just answer whatever I ask you, what intentions do you have of following me?” I yelled.

“Daye, I really have no intentions, it’s just that our boss sent me over to follow you, and check in secret whether there is anyone suspicious around you!” The black shirted person said out the truth in terror.

“派你来跟着我？！你们老大是谁？”我奇怪的问道，我隐约的觉得，这事儿好像弄岔了。

“Sent you to follow me?! What is your boss?” I asked weirdly, I could faintly feel that there seems to be a mistake here.

“It’s Guo Qing!” The black shirted person continued to dip his head, and didn’t dare to raise it.

I sweat! I keep sweating! I sweat like a waterfall! I super duper mega sweat!

“Why did you say that earlier, fuck! Get up quickly,” I swore.

“Daye, you’re going to let me go?” The black shirted person asked tremblingly.

“Of course, okay now, hurry back, stop following me,” I sent him away.

“Daye, if I return like this, Guozi-ge would skin me!” The black shirt person said with a troubled face. Before he left, he promised that he

would definitely complete the mission, and it hasn't even been half a day and now he's being sent back, wouldn't he get beaten up by Guozi-ge?

"Okay now, I'll speak to him," Saying that, I took out my mobile phone and dialed Guo Qing's number.

Even Guo Qing has changed to Motorola 8200, but I was still using this huge model, I looked at the gigantic thing in my hand, was it time to change one? At this time, the GSM telephone feels are really robbing money, six kuai per minute, it would be nice if the signal could at least be improved, so that unlike now, I'm holding the mobile phone and still have to find signal when I make a call.

After dialing the phone, I said, "Guozi, did you send a person to follow me?"

"Yeah, how'd you know?" Guo Qing asked weirdly. Ever since the following failed the previous day, Guo Qing thought, since a open plan didn't work, then he would do it discretely, and just didn't tell anyone before transferring a lackey over, told him the gisps of the mission, and didn't say anything else.

"Fuck, why didn't you brat say that earlier, this person nearly got beaten up by me!" I swore while laughing.

"Beaten up? Beat him up for what?" Guo Qing asked weirdly.

"How did I know who he is! I thought I caught the person following me, who knows that actually you sent him!" I said with displeasure.

"Hehe!" Guo Qing laughed, "Didn't I do it for you, Boss!"

"Okay now, I'll handle this myself, I'm telling the person to go back.

I'm really speechless, I thought I had caught the mastermind, and got so excited, but only then did I find out that I caught someone on my side.

"This Almsgiver, please wait!" Suddenly a dark voice sounded out from behind it, from the voice, the person was no more than two meters away from me.

This voice instantly gave me a creepy feel, and caused cold sweat to drip

from my forehead.

## Chapter 154 – Yama's First Disciple

---

This isn't right, ever since I got my superpower, I was extremely sensitive. The person behind me was actually so close, and yet I didn't feel it at all, this doesn't make sense!?

I quickly turned around, but that nearly freaked me out. It was fortunate that I was stronger than the black shirted person mentally, otherwise I might have collapsed onto the floor as well.

The person behind me was less than half a meter away from me, the moment I turned around, I actually saw a huge face full of wrinkles! This person wore a priest frock, and held a whisk in his hand.

"Who are you!" I subconsciously jumped back three meters and asked.

"This lowly Daoist is Jiaoyazi!" That Daoist with the large face replied.

Footy <sup>1</sup>? What kind of name is this? He's probably a con man!

"Sorry, I don't want need fortune telling! And I don't believe in fate," I said coldly. After getting reborn, I have already changed history, so I don't believe in the so-called fate.

"Almsgiver, do you feel anything weird about your body?" Jiaoyazi continued to ask.

"Ha, are you a fortune teller or a doctor in the society, what does the good or bad of my body have to do with you?" I mocked.

"Almsgiver, did you not notice that your body is a bit different from before? For example, special abilities?" Jiaoyazi continued to ask, his gaze filled with ice.

I felt a bit of shock, this old Daoist can't have just saw the superpower I used, and have ill intentions towards me right?

"Say, old man, you saw too many tv series right? Special powers? If you continue troubling me, I'll call the police!" I threatened.

“Almsgiver, don’t deny it, this lowly Daoist has already followed you for three days! This lowly Daoist has even seen the move you used just now!” Jiaoyazi said expressionlessly.

Hearing his words, I was really shocked! So the person following me these days was him! It looks like he had planned it already! From the looks of him, he’s most likely a superpowered person as well, what exactly does he want?

“What-What are you trying to do!” This was the first time I felt so unconfident, this Footy gaze me a formless pressure, causing me to get worried for no real reason.

“Almsgiver, this lowly Daoist came to help you!” Jiaoyazi said.

“Help me? How?” I asked weirdly, it seems like I didn’t meet any trouble?

“Almsgiver, the power you have in your body doesn’t belong in this world, and this power is a bit evil, it seems to be the same as the dual cultivation that has been long lost!” Jiaoyazi said.

“What do you mean by saying this?” I still didn’t understand what this person was talking about.

“The reason this lowly Daoist came today is to take by this power that doesn’t belong in the human realm!” Jiaoyazi finally spoke out his reason for following me.

Take back? How could I allow him, it was so hard for me to get superpowers, how could I like this old Daoist Footy randomly take it back!

“Take back? That’s out of nowhere! Who are you? Why are you going to take back my powers?” I took two steps back and said.

“Almsgiver, stop refusing to realize your own error! If you continue to do so, don’t blame this lowly Daoist for being merciless!” Jiaoyazi said with a darkened expression.

It looks like this person isn’t some kind of good guy, if I continue to

waste my breath with him, then I definitely have some mental illness. Out of the thirty-six stratagems, fleeing is the best. I concentrated, used my superpower, and speedily dashed in the direction behind me.

I only felt the wind breezing past my ears, the scene in front of me also became blurry.

When I stopped and panted, everything in front of me was foreign. I can't have run out of the province right?

"Almsgiver, this lowly Daoist is old, continue running like this would waste a lot of energy!" Footy's voice sounded out beside my ear again.

I raised my head, and saw that Footy was standing in front of me while smiling, as if nothing happened! Fuck this! I am nearly dead from all the running, why is this geezer still so energized?

"Geezer, who exactly are you! Something's wrong with you right, causing troubles for me for no reason!" Seeing that I can't escape, I just ignored everything and roared.

"Almsgiver, the lowly Daoist has already said that this lowly Daoist is Jiaoyazi! The reason coming to find almsgiver is to take back the power in your body!" Jiaoyazi said without changing his expression.

"You keep on saying that you want to take back the power in my body, what's your purpose?" I said in annoyance.

"The power on almsgiver is very evil, once it is completely developed, it will cause damage to the world! This lowly Daoist is going the heaven's work, if you continue to not recognize your mistake, this lowly Daoist will forcefully take it back! The only fear is that at that time your soul will disperse, never to reincarnate!" Jiaoyazi said solemnly.

"You keep on saying that you are acting out heaven's will, then I'll ask you, don't you have superpowers as well? How are you going to explain that?" I pointed to Footy and swore.

"I'm different from you! This lowly Daoist is the first disciple under Yama, carrying out a mission in the human realm, specifically eliminating people like you that practicing evil cultivation methods and

try to harm your surroundings.”

“What? Who did you say you are?” I asked in shock.

“I’m Yama’s first disciple!” Jiaoyazi repeated.

Hearing that, I nearly died of happiness, it can’t be that much of a coincidence right? With my luck, I can’t die even if I want to, this Footy is actually old bro Yama’s disciple!

“So you’re Yama’s disciple, since it’s like this, I’ll tell you, I’m Yama’s didi!” Regaining my confidence, my tone also returned to normal.

“You said you are shifu’s... didi?” Jiaoyazi momentarily blanked and looked at me in confusion.

“What? Since you know that, then why don’t you just screw off!” I said confidently.

“That’s not right, I never heard of shifu having siblings!” Jiaoyazi’s tone also became cold. “

Almsgiver, stop pretending, ignoring whether shifu has any siblings, even if he has any, it’s impossible for them to practice this kind of evil cultivation!”

“I really am Yama’s didi!” I said assuredly. “Go and ask your shifu if you don’t believe me!”

“Ask? How? Do you think it’s so easy going back to the underworld? I would have gone back ages ago if I could!” Jiaoyazi said.

“...” This is rather troublesome, how am I supposed to explain to this Footy.

“You have nothing to say now right! Hehe! As long as you cooperate with this lowly Daoist, this lowly Daoist will not harm your life!” Saying that, Jiaoyazi took out a red dan and handed it to me.

“What is this?” I didn’t receive it.

“As long as you consume it, the powers on your body will disappear, but it won’t have any other effects,”

“Fuck, why are you so stubborn, I told you that I’m Yama’s didi already, in other words your martial uncle, isn’t this going against your seniors?!” I shouted.

“Hehe, this isn’t up to you! If you aren’t going to eat it, then I’ll use force!” Jiaoyazi laughed coldly.

“Ai —— Wait!” I suddenly recalled the most important thing!

“What is it?” Jiaoyazi asked weirdly.

“I’m going to give old bro Yama a call...” Saying that, I took out the jade pendant that I carried around in front of my chest.

-----

1. His name is Jiaoyazi (焦牙子), which sounds the same as Foot (脚丫子) except the intonations. I’m using Footy because it’s more like a name. ↩

## Chapter 155 – I’m Your Martial Uncle

---

“How do you use this thingy...” I muttered, the black thingy doesn’t even have a button, I don’t know if it’s broken or not, but the success or failure this time depends on it!

“Old bro Yama, are you there!” I roared to the black jade.

No reply.

“Old bro Yama, can you hear me?” I continued to roar.

Still no reply.

“Fuck, damn Yama, what are you doing?” I said angrily.

Still no reply.

“Wahahahahaha! Say, Almsgiver, stop messing with this lowly Daoist, this thing can make a call? Hahaha!” Jiaoyazi couldn’t help but laugh.

However, at this moment, an annoyed roar sounded out from within the jade pendant, “Fuck, who’s disturbing my sleep? What is it!”

This voice... It’s my old bro Yama! Fuck, there’s finally a reply!

Just as I was about to speak, Footy beside me excitedly leaped up, and shouted with a tears, “Shifu... Is it you? Is it you? I’m Jiaoyazi!”

“Jiaoyazi? So it’s you brat, I just fucking fell asleep, and you called me, let’s see how I take care of you when you come back to the underworld!” Yama said.

“.....”焦牙子这时正一脸苦相，打扰师傅的人是面前这小子，都怪自己一时心切，变成了顶缸的。

“...” Jiaoyazi showed a troubled expression, the person that disturbed shifu is the brat in front of him, he could only blame his impatience, and thus became the one to take the blame.

I had a gloating expression, and looked proudly at him.

“What did you find me for?” Yama asked.

“No-Nothing,” Jiaoyazi didn’t know what to say all of a sudden, and stuttered. He looked weirdly at the jade pendant in front of him, there actually was something like this, it was like the phones in the human realm. However, he didn’t recall that the last time he returned to the underworld was six hundred years ago, this dark energy phone is a recent product, he naturally wouldn’t know.

“Why did you call me for no reason then... Ai, that’s not right! How can you call me? Aside from my gandidi, no one else has this phone number in the living realm! Ai, fuck, I wonder how’s my lil bro, he hasn’t contacted me in so long, I miss him so much!” Yama murmured to himself.

They say the listener will always read too much into things the speaker says. Jiaoyazi on this side of the phone’s expression was already pale, hearing shifu say that “gandidi”, he gulped. It looks like the person in front of him is truly shifu’s didi! Now he’s made a grave mistake!

“Old bro Yama, I’m Liu Lei!” Hearing that old bro Yama actually didn’t forget about me, I immediately said loudly towards the jade pendant.

“Good kid! It really is you! Old bro really miss you! How is it, did manage to get the little girl?” Hearing that it’s me, Yama immediately got happy.

“Hehe, you still need to ask, look at who your lil bro is!” I said proudly.

“Oh yeah, lemme ask you something, did you sleep with the girl?” Yama suddenly thought of something and quickly asked.

I sweat! He could actually ask this sort of stuff?

“Did you or not! Lil bro, say it quickly! There isn’t much time left, if you haven’t then mount her quickly!” Yama said anxiously.

“Old bro, this doesn’t seem to have anything to do with you right...” I said awkwardly.

“What do you mean nothing to do with me! Lives are at stake! Tell old bro first, did you or did you not!” Old bro Yama interrupted me.

“I did...” I could only say helplessly.

“That’s good! That’s good!” Yama let out a sigh. “Oh yeah, why did you get together with the brat Jiaoyazi?”

“About this... It’s hard to explain!” I was just about to say the reason, but was interrupted by Jiaoyazi.

“Shifu, this is completely a misunderstanding! Misunderstanding!” Jiaoyazi was afraid of me saying something bad for him, so he quickly said.

Hearing that, Yama thought about it a bit, then thought of the reason. Could he not know his own disciple? Thus, he said, “Jiaoyazi, did you treat my lil bro’s powers as evil arts?”

“About this... Shifu...” Jiaoyazi stopped, and couldn’t say anything.

“Oh yeah, old bro Yama, I don’t get it, didn’t you say the people that have been reborn won’t have superpowers? Then about me...” I also asked weirdly.

“Lil bro, I also know about what happened to you, but I can only tell you exactly what happened one year later, there is naturally a reason for this, which is inconvenient for me to disclose,” Yama said. “Jiaoyazi, take the phone to the side, I have something to say to you alone.”

Jiaoyazi took over the phone, and casually placed down a ward and enclosed himself within. I could only see Jiaoyazi continuously nodding, but I couldn’t hear anything.

After a long while, Jiaoyazi opened the ward, and I could hear Yama’s voice pass out from within the jade, “Lil bro Liu Lei, you don’t quite know how to control the power if you body right now, but Jiaoyazi can help you. Okay now, I’m going to continue to sleep, Jiaoyazi will obey your orders from now on, remember to call me, your old bro, often!”

After a few sentences, sound stopped passing out from the jade pendant.

“Jiaoziya pays his respect to martial uncle!” Suddenly, old Daoist Footy

kneeled down in front of me and said. “I have offended you a lot just now, I hope martial uncle will understand...”

It can't be? This old Daoist became my martial nephew! Judging from his abilities he doesn't look weak, accepting him as a lackey is definitely a super amazing thing!

“Rise, Footy!” I said majestically.

“In response to martial uncle, martial nephew is called Jiaoyazi,” Jiaoyazi said.

“What Jiaoyazi, you're called Footy from now on!” I said.

“Yes, martial uncle. Martial nephew will be called Footy from now on,” Jiaoyazi said.

“Where is this place?” I looked around, and saw that I accidentally went into a forest deep in the mountains.

“About this, martial nephew isn't quite clear about it either... Martial nephew just followed martial uncle and ran...” Footy said troubledly.

“——!” I can't have gotten lost right.

“Martial uncle, although we got lost, we can still use instant teleportation, allowing us to quickly reach our desired destination,” Footy said.

“Instant teleportation? Why didn't you say so earlier!” I said angrily. I thought we couldn't go back.

“About this... Martial uncle didn't ask, so martial nephew didn't say to speak,” Footy said in fright. It looks like he really treated me as his martial uncle.

“Then let's use instant teleportation,” I said. “Oh yeah, how do we do that?” I suddenly realized I didn't know anything.

“Martial uncle, actually it's really easy, like this...” Footy said to me.

A second later, the two of them appeared within the courtyard of the Industrial Bank.

“Okay, you can leave now,” I said to Footy.

“Yes, martial uncle,” Footy replied.

“Oh yeah, wait...” I stopped Footy again.

## Chapter 156 – Superstar Su Yingzi

---

“What else is it, martial uncle?” Footy immediately turned back, and said respectfully.

“How do I find you?” I asked.

“This is simple, martial uncle, you just have to silently call out martial nephew’s name, and then martial nephew will immediately appear in front of you,” Footy said.

“Okay, I understand, you can leave now. Also, don’t just randomly follow me around when you have nothing to do, it’s kind of scary,” I waved my hand and said.

“I understand, I understand!” Footy quickly answered, and respectfully watched me leave.

“Footy!” Just when I got home, I silently called out in my heart.

I instantly saw a black figure fly in front of me, “Martial uncle, you were looking for me?” Footy asked respectfully.

“It’s nothing, I was just testing,” I chuckled in my heart, this is great, it looks like I have stuff to play with now.

“——“ Footy said, “Martial uncle, then can martial nephew leave?”

“Yes, go,” I waved my hand.

Footy instantly disappeared.

These few days, Footy taught me many uses of the superpower I have in my body, such as invisibility, flying, phasing through walls, x-ray vision etc., as well as their uses.

Although I asked him many times about where the superpower in my body came from, the old man would avoid the topic, or threaten me with suicide, but was unwilling to speak out the truth no matter what. I could only leave it.

It was already the weekend in the blink of the eye, I went to get Zhao Yanyan and Chen Weier early in the morning. I spent the past two days at home with Footy learning how to use my superpower, and pretty much didn't go out, the two chicks were a bit unwilling.

"Say, where did you go these few days?" Zhao Yanyan stuck onto my body like a little swallow the moment she got on the car.

"I stayed at home," I answered honestly.

"At home? How could you be so well behaved! Say, did you hook up with another girl!" Zhao Yanyan raised her eyebrows and said while glaring at me.

"How could I!" I don't know if Wu Yingying counts, but if I really bring her home, then it'll be lots of trouble for me.

"Okay, Yanyan-meimei, don't put him on the spot," Chen Weier helped me out.

"Heh, Weier-jiejie, you don't know him that well, this fellow is really lecherous!" Zhao Yanyan glanced at me sideways and said.

"You still make opportunities even though you know I am lecherous," I know Yanyan all too much, although she says that, but she still listens to me in her heart. A perfect model wife.

"Heh!" Zhao Yanyan turned her head around and stopped caring about me after seeing my shamelessness.

Su Yingzi entering the entertainment industry was a complete accident. As the sole daughter of the chairman of the second largest corporation in the entire country, Su Electronics, she could completely live the life of a daxiaojie without worries.

During Autumn in the previous year, Su Yingzi had a sudden interest and entered a youth singing competition sponsored by Su Electronics, the result was that Su Yingzi getting the first place. There is definitely an element of pleasing the Su corporation, but Su Yingzi's performance was truly perfect as well, whether it was her appearance or her voice, there was no wrong to her being crowned the winner.

Only the people in the industry knows how dark the entertainment industry is. Using their bodies to gain opportunities to rise has already become the unspoken rules for new girls, but Yu Yingzi is an exception. She has the halo of being the daxiaojie of the Su family, under her father's protection, there was no need to pretend with anyone, instead a lot of people already line up to display their good will.

A lot of people said that Su Yingzi got popular due to her father, but it is undeniable that her beautiful appearance and sweet singing voice is another to make her fans wild.

No matter what, Su Yingzi is has gotten popular, and popular to the extreme. In less than half a year, her fans already spread throughout the country. What was most unbelievable was that even though there is a lot of news about Su Yingzi, and a lot of hype about her, there hasn't been any rumors!

Su Yingzi's background was far too big, the daxiaojie of Su Corporation! This caused those sons of rich families to merely watch on. Most of the celebrities could be dealt with using money, when in front of money, a lot of pure and innocent girls in the entertainment industry would become horny sluts, as well as the lovers of those rich sons for a night. However, Su Yingzi didn't lack money at all! Su Corporation, the second largest corporation within the country, the leading business of electronic manufacture! If you say Su Yingzi lack money, then it would be like Japan deny their history of invading China, only idiots would believe it.

If you say if Su Yingzi doesn't thirst for a sensational relationship, that would be a lie. The higher people stand, the lonelier they are. Su Yingzi's daxiaojie halo does not allow her to casually get a boyfriend, now with the identity of a superstar, it would be impossible to get into a relationship right?

Actually, in Su Yingzi's mind, he doesn't need that much money, because she already had a lot of it. He doesn't have to be the center of everyone's attention, because she is famous enough. He only needs to be nice to her, care for her, protect her, and help to carry her burdens when she's in trouble, that's enough. However, this person just hasn't

appeared. The only people that have appeared are those villains that are after her beauty or assets.

The destination of Su Yingzi's touring concert is the provincial capital of Songjiang province – Songjiang city. Originally due to it being rather far, her company didn't prepare to organize a concert in Songjiang. However, as someone who grew up in the south, Su Yingzi has never seen snow, obviously, she wouldn't give up this chance, thus Songjiang city became the final stop for the concert.

However, Su Yingzi would have never thought that such a coincidental decision made her meet a man in Songjiang, a man that she will always be entangled within her life...

The location of the concert is the stadium in Songjiang University. The sports stadium in Songjiang University is the largest sports stadium within the Songjiang province, covering 20000 square meters. All of the sports and cultural performances would be held here.

Looking at the large crowd of people outside the sports stadium, I never would have imagined that a little celebrity would have so many supporters. Furthermore, I have never heard of this Su Yingzi in my previous life!

“Hubby, what ticket did you buy?” Zhao Yanyan held me and asked.

Hehe, it seems like this chick doesn't know that her father's company organized this concert yet!

“I don't know, someone else got it for me,” When Uncle Zhao gave me the tickets, I stuffed it into my pocket without looking, I don't know what seats I got either. I took the tickets out from my pocket and handed it to Zhao Yanyan.

Chen Weier immediately looked over, and showed a surprise expression, “Wow! This is actually the VIP seats on the first row! Hubby, how did you get these tickets? A lot of my good friends couldn't even get the standing tickets for outside the stadium! You actually bought VIP seats, and three of them at a time! I should have gotten you to help if I found out about this earlier!”

I could only smile wryly, was I supposed to tell her that I organized this concert?

## Chapter 157 – Concert

---

After we showed our tickets after entering the stadium, workers immediately led us into the staff-only path. All of the people around us looked at us with envy.

“Is their ticket fake?” A person furthest away asked without understanding.

“Hai! Bro, don’t joke! Their ticket are VIP tickets, I was rather close just now, and could see it clearly!” A young man waiting to enter said.

“Yeah, didn’t you see the workers’ respectful attitude! It was clearly serving a VIP! Would they treat them like that if it was fake!” Another young man also said.

“Aiya! I had to get a through a lot of trouble to get a normal seat! I’m so jealous, I heard that everyone on the VIP seats can get an album signed by Su Yingzi!” The first young man said jealously.

“Okay now! Stop getting envious, those people much be the young masters and ladies of rich families! We’ll never get treatment like that...”

Under the guidance of the workers, the three of us arrived at the VIP seats of the sports stadium. Most of the seats were prepared for provincial officials, but provincial officials normally wouldn’t attend this sort of celebrity concert, most of the ones that come would be their children.

A group of young people sat beside us. Seeing that I sat down, they were all very surprised. That’s because the children of provincial officials and rich businessmen were all very familiar with each other, and often go to gatherings. Seeing a new face like me, they couldn’t help but be surprised, when they saw Zhao Yanyan beside me finally understood. Then seeing Zhao Yanyan and I get intimate, their gazes couldn’t help but be filled with contempt, and poison. Zhao Yanyan is the number one target in the princeling’s mind. Now that they see her get intimate with a boy, all of them were dissatisfied with it, but it wasn’t the place to lash

out. So they could only chat among themselves.

The lights gradually dampened, and the stadium also quieted down. Even the bragging boys beside us have shut up. This group of people wasn't just a little lecherous, fuck I thought I was perverted enough, I only understood what is sexual maniac today. These people don't look old, but they just get more and more impressive when talking that kind of experience. All of them claim to have gotten on with this or that star, and slept with this or that model, even the details were described clearly. Their brags are over the top, and extreme. It even made Zhao Yanyan, who was sitting on the side, frown, you have to know that Zhao Yanyan is not a little virgin girl that hasn't experienced anything, but even she had her face red. It could be seen how lecherous these people are, if it wasn't due to Uncle Zhao's face, their consequence would be not much better than Yang Kaiyuan.

"Su Yingzi——!" I don't know who called out in the lead, and following that the calls of "Su Yingzi", "Su Yingzi" echoed throughout the entire stadium.

Thirty seconds later, the stage lights at the center of the stadium lighted up, and within the mist, a podium slowly rose with the elegant music...

The stadium once again boiled!

"Su Yingzi came out!" Someone shouted, following that was thousands of shouts, "Su Yinzi, I love you!"

The name "Su Yingzi" formed from glow sticks could be seen clearly all over the audience seats, infinite lights flickered in the air, forming a gorgeous scene. This made me think of concerts of superstars in the Hong Kong Coliseum I saw in my previous life! Who exactly is this Su Yingzi? She was able gain the achievement that others cannot in a life time in just half a year!

As the music ended, a girl incomparably beautiful stood at the center of the stage. She was Su Yingzi, the main character of tonight.

Although I already have two beauty wives, I was still surprised by the

appearance of the girl in front of me! There was actually a woman so perfect in the world! I couldn't help but use my superpower, turning my eyes into binoculars, in order to closer examine this beauty that should only belong in heavens, but was on earth for some reason.

“Heh! Weier-jiejie, look at this fellow, his saliva is dripping! If I knew this earlier, I wouldn't let him come!” Zhao Yanyan's pout pulled me back from my blunder “Yanyan-meimei, but I feel like, if Su Yingzi can...” Saying to that point, Chen Weier's face couldn't help but turn red.

Zhao Yanyan is also very crafty, how could she now hear what Chen Weier alluded to, she glanced at me sideways and said, “I don't object, I just fear that this fellow doesn't have that much charm!”

I could only smile wryly, even if you are willing I wouldn't be. I have already heard that a lot of celebrities had very terrible private lives, their appearances appear so innocent, and are even more virgin than virgins, but in secret they are more lewd than any ones. Sex parties, the news of them selling their bodies for money is just everywhere, of course, it is undeniable that some of them are slander, but most of them even had photos printed, in front of the evidence, any denial is futile.

Although I was a bit interested in Su Yingzi's beauty, but I don't find to find a wife that would always give me a green hat to wear. I don't have other issues, it's just that machismo is rather severe, I strongly believe that no matter what a woman is like before, as long as she had intercourse with me, then that woman can only belong to me. Therefore, I cannot allow a woman to get xxoo'd with other men after having intercourse with me, it would be someone put a green hat on me.

“Hello, friends in Songjiang province, I am Su Yingzi...” Su Yingzi said sweetly.

“Yingzi! Yingzi!” Before Su Yingzi finished, the crowd got worked up, their cheers rose up, and the excited crowd made the stadium in the middle of winter boil.

Looking at the worked-up people, I couldn't help but feel a bit of contempt. The Su Yingzi you all like might just get ridden the moment

the concert finishes. Is this thought kind of like saying the grape is sour when I can't eat it?

Su Yingzi placed her finger in front of her mouth, and made a shush action, as expected the crowd quieted down a lot.

“Songjiang city, this is the last stop of the national touring concert! I didn't think that there are so many people that likes me even in the north, I'm so happy! Thank you, all the friends who like Yingzi, without you guys, Yingzi wouldn't have today! The first song, “Thank you for loving me” is for everyone...” As Su Yingzi finished talking, the music started. A thunderous clap once again rang out throughout the stadium.

Although Su Yingzi's fresh image made it very difficult for people to link it with other darker things. However, I don't know why but I just kept on thinking in that direction, thinking about what Su Yingzi looks like without clothes on, thinking about her and I...

I couldn't help but be shocked that I had this thought, what was up with me? I have to quickly calm myself down and stop wandering thoughts.

## Chapter 158 – Calling me?

---

Although I tried my hardest not to make my mind wander, but Su Yingzi really was too beautiful! Unknowingly, I actually turned on my x-ray vision, and looked through Su Yingzi's clothes, directly onto her beautiful body.

Following that I focused my spiritual energy on my eyes, ignoring Su Yingzi's clothes a piece at a time, my breathing also became more erratic, because on Su Yingzi's body, only a piece of underwear remains!

Su Yingzi's white underwear gradually surfaced in front of my eyes... It can't be! There was actually a pink Hello Kitty printed on the white underwear! White colored cartoon image underwear?!

So childish? Sluts don't wear these sorts of underwear right... Could it be that I was wrong? This little girl is still a virgin? I continued to look up, I faint! Su Yinzi was actually wearing a vest and not a bra, a typical little girl!

Looking at these, I couldn't think anymore, half of my lust was also extinguished. Could it be that this Su Yingzi is an unique kind? But how did she get so popular?

Su Yingzi was still passionately performing on the stage, she didn't know that her entire body was looked over by a pervert with ill intentions... After the few main songs, the concert entered a peak never seen before... Even the two chicks Zhao Yanyan and Weier were fully immersed.

I was the only person in the entire stadium that wasn't affected by the atmosphere, I was too busy fantasizing, and didn't listen to what Su Yingzi was singing at all.

“For the next song, I want to find an audience to come onto the stage and sing with me...”

Before Su Yingzi finished, the crowd heated up! Going up onto the

stage together, what a glorified chance it is! Everyone got excited.

“Me! Me!” Just as Su Yingzi’s words ended, volunteering voices rushed out like the tide.

“Su Yingzi! Pick me!”

“Yingzi! Here!”

“Yingzi...”

“Everyone, don’t get anxious...” Su Yingzi waved her hand. “Due to where everyone is, I can only pick someone on the first few rows!”

“Ai—— !” A sigh rang throughout the crowd.

With it, discussion also arose.

“The first few rows? Isn’t that the VIP seats!”

“Yeah! How could something this good happen to us!”

“I think it must have been deliberately organized by the organizers, there’s no helping it, they are the VIPs!”

However the discussion immediately stopped, these people are all Su Yingzi’s supporters, and would naturally support her decision.

I could see Su Yingzi’s figure walk towards the VIP seats, all of a sudden , the perverted gongzi all got worked up, every single one of them reached out lecherously, with a face full of perverted anticipation.

I think in the first few rows of VIP seats, only I acted a bit without care, perhaps even a bit reluctant, everyone else, including Zhao Yanyan and them, all showed an anticipating expression. Actually I’m not unwilling, being asked by a beauty, that is a great thing, it’s just that she is asking someone to go onto the stage and sing with her, that kind of sucks! I’m not afraid of singing, after all I was a famous school singer during university in my previous life, but the current situation is that I haven’t heard a single song of hers, so don’t mention singing together! Making me go up there, isn’t that just to embarrass myself!

Although I dipped my head, and pretended to be inconspicuous, but

sometimes things just don't go your way, the more you hide, the more it'll find you!

"Mister, don't you want to go up the stage?" A sweet voice rang out in front of me.

"Me?" I subconsciously lifted my head up, only then did I realize Su Yingzi was only four or five meters in front of me.

Actually, Su Yingzi already felt strange about the person sitting at the center VIP seats when she was on stage, other people would try their hardest to get this chance when they hear that they could go on the stage with her. However, this person dips his head instead, and deliberately hides, as if he's terrified of being picked. This confused Su Yingzi a lot, and thus wanted to find out the reason.

Sometimes, a woman's curiosity would be very powerful, but at the same time, curiosity killed the cat. At this moment, Su Yingzi didn't know that her sudden curiosity changed her original path of life.

"Yeah, other people would try their hardest to get this chance, don't you want to?" Su Yingzi said to me with a smile.

"About this..." I didn't know how to answer.

"Just this mister!" Seeing my stuttering look, Su Yingzi suddenly got playful, and announced with the mic, "Let this sir come and sing with me!"

I was shocked! It can't be, what's the chances of this! Why was I chosen out of so many people?! Isn't this making me lose face in front of my two wives! I was discovered even though I pretended to be so insignificant! Xx the xx!

At this moment, the entire stadium was also shocked! The few gongzis beside me even more so! They waved their hands so hard that they nearly turned into "the girls with fluttering wings", but Su Yingzi ignored them, and instead reached out to this nameless boy beside them.

I looked at Su Yingzi, who was looking at me with an expression both laughing and not laughing, it was the expression when I child managed

to succeeded with something naughty! Actually, Su Yingzi did have that feeling, she thought, don't you want to hide? I will make you come up!

At this moment, it wouldn't be suitable if I refused, tens of thousands of eyes are watching me, if I damaged Su Yingzi's face, then wouldn't these people beat me! Fuck, isn't it just going on stage? What's the big deal. I clenched my teeth and stood up.

Just when I walked to the line divider, two staffs helped me temporarily lift it up, allowing me to crawl over. I could feel the envious glances, which were about to spurt fire, that the gongzi-ges have behind me, this finally is actually not bad!

This is the first time I got into close contact with Su Yingzi, although she's a superstar that's the center of attention, I didn't feel any sense of suppression, because I just treated her as a beauty, as for her celebrity identity, I just have never heard about her before.

"Xiaojie, you are deliberately messing with me right!" When I was walking towards the center of the stage with Su Yingzi, I took the opportunity and said quietly.

"..." Su Yingzi momentarily blanked, she didn't think that I would say that! It wasn't the first time she sang with fans, but those fans were either nervous or extremely excited, not a single person was as calm as the person in front of her, able to speak with her before getting on the stage. However, Su Yingzi's shock was only momentary, she very quickly returned to normal. Then she said a bit naughtily, "So what!"

"..." This time it was I who was speechless, I didn't think that she would just straight out admit it! The words I prepared beforehand were all useless!

"Why are you making me go on stage!" I could only ask the following question, which was also the most crucial one.

## Chapter 159 – You were so dumb just now

---

“To sing with me! Oh yeah, which of my songs are you more familiar with?” Su Yingzi blinked her eyes and said.

“None of them...” I answered honestly.

“You’ve never heard my songs?!” Su Yingzi also momentarily blanked after hearing me say that! She finally understood the reason why this person didn’t want to go on stage! He just doesn’t know how to sing her songs! Was he not her fan? Then why did he come to her concert, and also sat in the center of the VIP seats!

“I have...” I paused, then said. “But it was today, like just now, on the concert...”

Su Yingzi raised her eyebrows after hearing it, it could be seen that she was slightly angry! I think if it isn’t on the concert, she would definitely beat me up.

“You...!” Su Yingzi go speechless from anger, at the same time she felt a sense of disappointment! Who was she! The superstar at the center of attention, other people don’t even get the chance to flatter her, and the person in front actually doesn’t care, and didn’t treat her as anything, and never even heard her song! From the looks of it, he probably doesn’t even know who she is!

Actually I really didn’t know who she is! If Su Yingzi knew my thought, she would definitely die of anger.

“Can I back?” Seeing her angry expression with her face bright red, but couldn’t help but force a smile, I smiled and said.

“No!” Su Yingzi didn’t even know herself why she would say that. Revenge? Possibly.

“Xiaojie, making me go on like that is embarrassing both of us!” I said, saying that, I turned around to leave.

“I said no, so no! If you don’t know how to sing then just stand on the side!” Seeing that I was about to turn around, she actually pulled my hand in the head of the moment and forcefully dragged me onto the stage.

Of course, these small actions beneath the stage would not be seen by those people far away. Or else, they saw that their goddess actually pulled a male stranger’s hand, who knows what commotion would be caused!

However, those gongzi-ges that sat beside my saw everything clearly.

“Fuck look at that girl, Su Yingzi, eyeing with that little white face, and are even holding hands!”

“Didn’t they say this bird, Su Yingzi, is quite pure!”

“Pure your ass, she’s just a fucking slut! I will fucking throw a hundred thousand out, and I guarantee that she’ll wash herself clean and wait for me on the bed!”

“Look at the two of their expression, they are probably discussion where they would go to fuck after the concert ends!”

“...”

These discussions made Zhao Yanyan, who was sitting on the side, frown, however she was very clear about these people’s actions, and was already used to it.

It could be heard as they continued on.

“Cheng-ge, I heard that there’s a private party after the concert ends!” A shorty with rat eyes said.

“Oh yeah! There does seem to be an activity like that! Do you have any ideas?” The person called Cheng-ge asked.

“Hehe, Cheng-ge, look at this!” Rat-eye took out a small square box from his pocket and said mysteriously. “This is the newest aphrodisiac from outside, they say the effects are amazing!”

“Is this thingy good? The last time you gave some to me, you said it’s

great, and amazing. But when I gave it to a classmate in my mei's class, nothing happened. It resulted in my not getting fucked, and instead got slapped!" Cheng-ge said with dissatisfaction.

"It's definitely good this time! I already tried it once on my bird, fuck, she really was insatiable, we screwed the entire night! I nearly died from tiredness!" Rat-eye bragged.

"Really?" Cheng-ge's eyes lit up.

"Could it be false! I can lie to anyone, but I wouldn't dare to lie to you! They say virgins will turn into molls!" Rat-eye said proudly.

"Hehe! Brat! Not bad! When the time comes, I'll get the dry one, but I'll definitely let you get the wet one!" Cheng-ge said.

"Thank you Cheng-ge!" Rat-eye nodded. "But us doing that, aren't we afraid of that girl Su Yingzi causing trouble? Her family background isn't a joke!"

"Relax! It isn't once or twice that I'll fucked a celebrity! What trouble can be caused? The most important thing for people like them is fame, if they really got raped, they can only keep quiet! It's impossible for them to advertise it around!" Cheng-ge said confidently.

"But Su Yingzi is different! Her dad is Su Yuanchao!" Rat-eye was still a bit worried.

"Now you don't understand! The family fame is even more important for these daxiaojie that came from rich families!" Cheng-ge said with assertion. "What's more, it looks like that girl Su Yingzi is also a slut, we raped her? We can say that she raped us!"

"Cheng-ge really have his ways!" Rat-eye said respectfully.

I followed Su Yingzi onto the stage, and looked around, this line of site is not a little wide<sup>1</sup>

Su Yingzi also looked at the man beside her weirdly, actually it should be the boy. Everyone, including herself, would be nervous as hell the first time they go onto the stage and face people! Yet the person beside her

didn't seem to be affected, he acted very naturally. His age looks about the same as her, so he should still be a student, where did he get this kind of confidence from?

She did not know that if it was me from before, I would definitely be shuddering facing this sort of situation! However, after getting reborn, I was different, what sort of situations have I not faced in my previous life? I will still be perfectly fine with seven tens of thousands of employees. This sort of situation is a simple matter.

“The following song, is the main song in the new album I released February the previous year...”

Before Su Yingzi finished, I could hear the crowd shouting, “Season of the Heart...” It could be seen how heated up these fans were!

Fuck! These people are too supportive, but I, who doesn't know anything, stood on the stage, there was too big of a difference right?

When the music started, I just stood dumbly beside Su Yingzi, I was as blank as you could get! Looking at Su Yingzi's beautiful dance beside me, I was like a bodyguard that surveyed the surroundings expressionlessly.

When it finally finished, I returned to the VIP seat under a lot of weird gazes. At that time, I didn't notice anything, but a few days later, when I saw the recording of Su Yingzi's concert, I finally knew how idiotic I was! A dumb kid wearing a track suit stood dumbly beside the beautiful superstar, and who know which bastard cameraman actually gave me a closeup shot, my expression was completely blank at the time. The first moment I thought at the time was that, if the person on TV was not me, I would shout out “Retard!” without hesitation.

Of course, I didn't have that feeling at the time, although I didn't sing a single line on the stage, but that cold expression must have been really cool!

However, Zhao Yanyan's sentence struck me, “Hubby, you were so dumb just now!”

## Chapter 160 – Written Proof

---

I even saw Su Yingzi raising her eyebrows at me in protest! I was speechless, did I really look that easy to bully?

While I was speechless, the concert neared to its closure... But due to the fan's passion, Su Yingzi couldn't help but add two more songs before the concert ends.

After the concert finished, there was a private party. Of course it was already an unspoken real of the current entertainment industry. The organizer also organized this, since in the party, the organizer can also come into contact with a lot of the local upper class, and could help build a good foundation for future co-operations. This was also convenient for the children of these famous people, thus these second generations also became the common guests of this sort of private party.

Since Shuguang Corporation is the organizer of this concert, Uncle Zhao must attend it. It was hard to imagine the expression that Zhao Yanyan would have later when she finds out that this concert was actually organized by her father's company, it will definitely be interesting.

"Liu Lei, is there a private gathering after the concert finishes?" Zhao Yanyan asked thoughtfully.

"Yeah! How'd you know?" I haven't told her and Weier about this yet, I wanted to give them a surprise.

"Oh! Can we go?" Zhao Yanyan said to me.

Actually, as Grandpa Zhao's granddaughter, and the daughter of Shuguang Corporation's CEO, she can totally attend the gathering with these identities. But since she asked this, she treated her identity as my woman, and me as her support. This made me really happy, and it also satisfied my machismo.

"Of course we can, my Yanyan," I said with a smile.

“Who’s your Yanyan! Thick face!” Zhao Yanyan pouted.

“Of course it’s you!” I said.

“When did I become yours? Do you have evidence? Receipt? Honor card?” Zhao Yanyan looked at me sideways and said.

“Of course I do!” I said assuredly.

“Yi?” Zhao Yanyan asked weirdly after hearing me say that, “You have what?”

“Evidence!” I said proudly. “It’s even handwritten by someone!”

“Handwritten proof?!” Zhao Yanyan got even more confused, in her memories she didn’t sign any contract with him!

“Hehe! Lunch box... English notes... Test... Reward!” I teased.

“Ah!” Zhao Yanyan also remembered, and her face turned red. It was that day, when Zhao Yanyan gave out her first kiss in the woods behind the school.

“Times passed by so quickly!” I exclaimed.

“Yeah! We’ve been together for half a year in the blink of an eye!” Zhao Yanyan said reminiscently. “You were so terrible then! Making me walk step by step into your trap of feelings...”

“When did I! You were the one who said you loved me first!” I chuckled.

“Heh! I don’t care about you!” Zhao Yanyan stomped her foot, and said shyly.

“... Can the two of you wait till we get home before thinking back about this nostalgic past!” Chen Weier interrupted with a hint of jealousy.

“Weier, it’s your turn when we get back home! A rainy night... Liu Lei, say that you don’t like me!” I imitated Weier’s voice and said.

“You’re terrible!” This time it was Chen Weier’s turn to be shy.

“Oh yeah, Liu Lei! You haven’t told me yet, how are we going to enter that private party?” Zhao Yanyan asked weirdly. From her perspective, although I earned a lot of money writing the software, how could I know

so many upper-class people?

“You’ll know when we get there!” I said mysteriously. Actually isn’t it because her dad is Zhao Junsheng!

When we exited the sports stadium, can got the parking lot of Songjiang University. I just opened the car door, then heard a whistle. I raised my head and looked, it was actually the gongzi-ges that were sitting beside me on the concert.

I frowned, but held it in and didn’t explode.

I didn’t think that these people would think that I am a pussy after seeing my lack of reaction, and act even more over the top.

“You’re driving a shitty Jetta and yet you’re still picking up girls!” That person called Cheng-ge said.

“Yeah, the two girls over there rare so pretty, how could they follow that little white face? Looking at how clear this little white face is, he definitely eats soft rice! Why not follow me instead, she’ll get a great life, and I’ll let her know what a real woman is,” Rat-eye said lecherously.

“Rat, fucking be more quiet! That girl seems like the provincial party committee’s Zhao Limin’s granddaughter! Don’t just say stuff like that!” Cheng-ge frowned.

I started up the car, and drove directly to Songjiang Guobin Hotel, which was also where the private party was held.

“Yanyan, do you know the two people just now?” I said with displeasure.

“I’ve seen the fatter one before, he’s called Huang Weicheng. I don’t know the other one,” Zhao Yanyan thought about it and said.

“What does his family do?” A brat this cocky wasn’t too commonly seen, it was clear that he was a young master spoiled by his family.

“Huang Weicheng’s father is one of Songjiang province’s top ten private entrepreneurs, the same one my dad had gotten into. The company is for real estate, it seem to be really big. However, I heard dad and grandpa

mention normally that Huang Weicheng's father started off in the underworld. Hubby, promise me, don't attract some unneeded trouble okay? Think about Weier-jiejie and I, and how worried we'll get! If something happened to you, what should the two of us do!" Zhao Yanyan said to me worriedly.

"Don't worry, I'm just asking," I said, but I didn't think that in my heart. Real estate, it was convenient that I wanted to develop in this area, this Huang Weicheng might be an opportunity. Heh, it's great if you end up pissing me off, or else I really have no reason to treat you as a stepping stone.

Underworld? Originally I might have been a little scared, but it was different now. When Footy was teaching me to use superpowers, he once told me that even if my body was cut into several hundred pieces, I could still restore it back. Of course, this must be under my permission, or else when a knife hacks onto my body, the only thing that might turn into smithereens is that knife.

It looks like Huang Weicheng's family is not just a little rich, he actually drove a Mercedes. It's just that the color was a bit dull. It might be due to the different taste, I feel like it doesn't look as good as my Jetta.

When I parked the car in the parking lot of Guobing Hotel, and arrived at the banquet hall holding the party, Huang Weicheng led Rat-eye in, Zhao Yanyan, Chen Weier and I just wanted to go in, but was stopped by the guard at the door, "Sorry, this is a private party, you can't just go in. Please show your invitations."

Invitations? Zhao Junsheng didn't said you needed invitations? What's more, that something Huang Weicheng didn't show an invitation either!

"The people just now didn't have invitations either?" Before I said anything, Chen Weier first said.
